

Even if you're healthy,
if you live with or
care for people at
high risk for severe
complications from
influenza, you should
get vaccinated.

Groups at high risk
include **infants,**
pregnant women,
kids and adults with
chronic medical
conditions like **asthma,**
diabetes, or heart
disease, and adults
aged **65 and older.**

My Little Boy Has Asthma.

WE'LL BOTH GET A FLU VACCINE.

FOR MORE INFORMATION
800-CDC-INFO

Don't get the flu. Don't spread the flu. **Get vaccinated.**
