Working Together To Protect Public Health: Our Risk-Based Vision

October 10, 2006

United States Department of Agriculture
Food Safety and Inspection Service

Dr. Barbara Masters

FSIS Administrator

Key Components of Our Envisioned Risk-Based Inspection System

- ◆ Establishment Risk Control
- ◆ Product Inherent Risk
- ◆ Implementation

Desired Outcomes

- ◆ Clearer understanding of FSIS' vision
- ◆ Present your ideas and suggestions on the key components of a successful RBI

Desired Outcomes

- ◆ Welcome everyone's recommendations!
- ◆ Thank you in advance for **your** participation.
- ◆ Working together we can make a difference.
