** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** NOTES APPLYING TO THIS WAGE DETERMINATION **

Under the policy and guidance contained in All Agency Memorandum No. 159, the Wage and Hour Division does not recognize, for section 4(c) purposes, prospective wage rates and fringe benefit provisions that are effective only upon such contingencies as "approval of Wage and Hour, issuance of a wage determination, incorporation of the wage determination in the contract, adjusting the contract price, etc." (The relevant CBA section) in the collective bargaining agreement between (the parties) contains contingency language that Wage and Hour does not recognize as reflecting "arm's length negotiation" under section 4(c) of the Act and 29 C.F.R. 5.11(a) of the regulations. This wage determination therefore reflects the actual CBA wage rates and fringe benefits paid under the predecessor contract.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

Rating Guidelines

Quality of Product or Service

0 = Unsatisfactory 1 = Poor 2 = Fair 3 = Good 4 = Excellent 5 = Outstanding

Unsatisfactory	Non-conformances are jeopardizing the achievement of contract requirements, despite use of Agency resources. Recovery is not likely. If performance cannot be substantially corrected, it constitutes a significant impediment in consideration for future awards containing similar requirements.

Excellent	There are no quality issues, and the Contractor has substantially exceeded the contract performance requirements without commensurate additional costs to the Government.
Outstanding	The contractor has demonstrated an outstanding performance level that was significantly in excess of anticipated achievements and is commendable as an example for others, so that it justifies adding a point to the score. It is expected that this rating will be used in those rare circumstances where contractor performance clearly exceeds the performance levels described as "Excellent".

(State of Washington Fires Only)****I. Responsibilities**

CONTRACTOR is providing services to the STATE OF WASHINGTON, Department of Natural Resources (herein referred to as DNR) as an independent CONTRACTOR and shall not be construed to be an employee or an agent of the DNR for any purpose. CONTRACTOR agrees to defend, protect, save, and hold harmless the DNR, its officers, agents, and employees from any and all claims, costs, damages, and expenses suffered due to the actions of CONTRACTOR, or the actions of CONTRACTOR'S agents and/or employees in the performance of this Agreement. CONTRACTOR will be responsible for the payment of any fines or penalties charged against CONTRACTOR or any of CONTRACTOR'S employees or equipment.

II. Conflict and Severability

1. Conflict. In the event of conflict between Agreement documents and applicable laws, codes, ordinances, regulations or orders of any competent authority having jurisdiction or in the event of any conflict between such applicable laws, ordinances regulations or orders, the most stringent or legally binding requirement shall govern and be considered as part of this Agreement in order to afford the State the maximum benefits thereof.
2. Severability. Any provisions of this document found to be prohibited by law shall be ineffective to the extent of such prohibition without invalidating the remainder of the document.

III. Workers Right to Know

1. Recently passed "Right to Know" legislation required the Department of Labor and Industries to establish a program to make employers and employees more aware of the hazardous substances in their work environment. WAC 296-62-054 requires among other things that all manufacturers or distributors of hazardous substances, including any of the items listed on this bid/quote/contract bid and subsequent award must include with each delivery a completed Material Safety Data Sheet (MSDS) for each hazardous material. Additionally, each container of hazardous material must be appropriately labeled with:
 - a. The identity of the hazardous material,
 - b. Appropriate hazardous warnings, and
 - c. Name and address of the chemical manufacturer, importer or other responsible party.
2. The Department of Labor and Industries may levy appropriate fines against employers for noncompliance and agencies may withhold payment pending receipt of a legible copy of the MSDS. It should be noted that OSHA Form 20 is not acceptable in lieu of this requirement unless it is modified to include

appropriate information relative to "carcinogenic ingredients" and "routes of entry" of the product(s) in question.

IV. Indemnity

To the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless State of Washington, agencies of State of Washington and all officials, agents and employees of State of Washington, from and against all claims arising out of or resulting from the performance of the contract. "Claim" as used in this agreement means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorneys' fees, attributable for bodily injury, sickness, disease or death, or injury to or destruction of tangible property including loss of use resulting there from. Contractor obligation to indemnify, defend, and hold harmless includes any claim by Contractor agents, employees, representatives, or any subcontractor or its employees. Contractor expressly agrees to indemnify, defend, and hold harmless State of Washington for any claim arising out of or incident to Contractor or any subcontractor's performance or failure to perform the contract. Contractor obligation to indemnify, defend, and hold harmless State of Washington shall not be eliminated or reduced by any actual or alleged concurrent negligence of State of Washington or its agents, agencies, employees and officials. Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless State of Washington and its agencies, officials, agents or employees.

V. Personal Liability

It is agreed by and between the parties hereto that in no event shall any official, officer, employee, or agent of the DNR be in any way personally liable or responsible for any covenant or agreement herein contained whether expressed or implied, nor for any statement or representation made herein or in any connection with this Agreement.

VI. Legal Fees

CONTRACTOR covenants and agrees that in the event suit is instituted by the DNR for any default on the part of CONTRACTOR, and CONTRACTOR is adjudged by a court of competent jurisdiction to be in default, he shall pay to the DNR all costs, expenses expended or incurred by the DNR in connection therewith, and reasonable attorney's fees.

VII. Insurance

Contractor shall, at all times during the term of the agreement at its cost and expense, buy and maintain insurance of the types and amounts listed below. All insurance and surety bonds should be issued by companies admitted to do business within the State of Washington and have a rating of A-, Class VII or better in the most recently published edition of Best's Reports.

DNR shall be provided written notice before cancellation or non-renewal of any insurance referred to therein, in accord with the following specifications:

1. Insurers subject to Chapter 48.18 RCW: The insurer shall give the State 30 days advance notice of cancellation or non-renewal. If cancellation is due to non-payment of premium, DNR shall be given 10 days advance notice of cancellation.

Contractor shall furnish DNR with a certificate(s) of insurance, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements specified in the agreement. The certificate of insurance shall reference the DNR, and the agreement number.

Contractor shall include all subcontractors as insured under all required insurance policies, or shall furnish separate certificates of insurance and endorsements for each subcontractor. Subcontractor(s) must comply fully with all insurance requirements stated herein. Failure of subcontractor(s) to comply with insurance requirements does not limit Contractor liability or responsibility.

DNR, its elected and appointed officials, agents and employees shall be named as an additional insured on all general liability, excess, umbrella, and property insurance policies.

All insurance provided in compliance with this agreement shall be primary as to any other insurance or self-insurance programs afforded to or maintained by DNR.

Contractor waives all rights against State of Washington for recovery of damages to the extent these damages are covered by general liability or umbrella insurance maintained pursuant to this agreement.

By requiring insurance herein, State of Washington does not represent that coverage and limits will be adequate to protect Contractor and such coverage and limits shall not limit Contractor liability under the indemnities and reimbursements granted to State of Washington in this agreement.

The limits of insurance, which may be increased by DNR, as deemed necessary, shall not be less than as follows:

Commercial General Liability (CGL) Insurance

Contractor shall maintain general liability (CGL) covering claims for bodily injury, personal injury, or property damage arising on the property and/or out of Contractor's operations and, if necessary, commercial umbrella insurance with a limit of not less than \$1,000,000 per each occurrence. If such CGL insurance contains aggregate limits, the General Aggregate limit shall be at least twice the "each occurrence" limit. CGL insurance shall have products-completed operations aggregate limit of at least two times the "each occurrence" limit.

CGL insurance shall be written on Insurance Services Office (ISO) occurrence form CG 00 01 (or a substitute form providing equivalent coverage). All insurance shall cover liability arising out of premises, operations, independent contractors, products completed operations, personal injury and advertising injury, and liability assumed under an insured contract (including the tort liability

of another party assumed in a business contract), and contain separation of insured (cross liability) condition.

Employer's Liability ("Stop Gap") Insurance

Contractor shall buy employers liability insurance, and, if necessary, commercial umbrella liability insurance with limits not less than \$1,000,000 each accident for bodily injury by accident or \$1,000,000 each employee for bodily injury by disease.

Workers' Compensation Coverage.

Contractor shall comply with all State of Washington workers' compensation statutes and regulations. Workers' compensation coverage shall be provided for all employees of Contractor and employees of any subcontractor or sub-subcontractor. Coverage shall include bodily injury (including death) by accident or disease, which exists out of or in connection with the performance of this agreement. Except as prohibited by law, Contractor waives all rights of subrogation against State of Washington for recovery of damages to the extent they are covered by workers' compensation, employer's liability, commercial general liability, or commercial umbrella liability insurance.

Contractor, subcontractor or sub-subcontractor fails to comply with all State of Washington workers' compensation statutes and regulations and State of Washington incurs fines or is required by law to provide benefits to or obtain coverage for such employees, Contractor shall indemnify State of Washington. Indemnity shall include all fines, payment of benefits to Contractor or subcontractor employees, or their heirs or legal representatives, and the cost of effecting coverage on behalf of such employees. Any amount owed to State of Washington by Contractor pursuant to the indemnity agreement may be deducted from any payments owed by State of Washington to Contractor for performance of this agreement.

Business Auto Policy (BAP) Contractor shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a limit not less than \$1,000,000 per accident. Such insurance shall cover liability arising out of "Any Auto." Business auto coverage shall be written on ISO form CA 00 01, or substitute liability form providing equivalent coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage and cover a "covered pollution cost or expense" as provided in the 1990 or later editions of CA 00 01. Contractor waives all rights against State of Washington for the recovery of damages to the extent they are covered by business auto liability or commercial umbrella liability insurance.

IV. Breach of Contract

Failure by CONTRACTOR anytime to maintain or show evidence of insurance or comply with any of the provisions in this Agreement is a material breach of contract. Upon breach of contract, the DNR may, at its discretion, cancel or suspend the Agreement, or purchase insurance equivalent to the Minimum Coverage Requirements. All moneys paid by the DNR for CONTRACTOR shall

be repaid to the DNR on demand. The DNR at its discretion, may offset the cost of any insurance premiums paid for CONTRACTOR with any moneys due CONTRACTOR by the STATE OF WASHINGTON.
