The Secretary may administer these activities through grants, contracts or cooperative agreements with appropriate entities.

#### Definitions of Terms

## Priority Area

Training and technical assistance for Community Action Agencies (CAAs) and other eligible entities concerning national security and anti-terrorism planning, response and communications.

### Program Purpose, Scope and Focus

The purpose of this priority area is to improve the capacity of CAAs and other eligible entities to plan, administer and evaluate effective security and anti-terrorism community advocacy and communications strategies in urban and rural areas.

The grant will support four important component activities. The first is to provide training and technical assistance to CAA and other eligible entities staff and members of agency Boards of Directors for planning, administering and evaluating community strategies concerning national security and anti-terrorism planning. This will include providing training on a number of issues such as developing local communications centers and volunteer teams that will be vital for effective local-based security and anti-terrorism planning and communications in low-income communities.

The second is to provide training and technical assistance and other aid to help CAAs identify and mobilize human, financial and other resources for the benefit of low-income individuals, families and communities on issues concerning national security and anti-terrorism response.

The third component is to develop and produce manuals, publications and other informational and marketing materials on the topic of why it is vital for CAAs and other organizations that serve low-income communities to be part of local security and anti-terrorism planning and response.

Finally, the fourth component is to provide necessary equipment and staff to enable at least ten CAAs in urban and rural areas throughout the nation to develop a team of volunteers to mobilize the community concerning national security and anti-terrorism response.

#### 4. Intergovernmental Review

##### State Single Point of Contact (SPOC)

This program is covered under Executive Order 12372, "Intergovernmental Review of Federal Programs," and 45 CFR part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs. As of October 1, 2003, the following jurisdictions have elected not to participate in the Executive Order process. Applicants from these jurisdictions or for projects administered by federally-recognized Indian Tribes need take no action in regard to E.O. 12372:

All States and Territories except Arkansas, California, Delaware, District of Columbia, Florida, Georgia, Illinois, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Mexico, New York, North Dakota, Rhode Island, South Carolina, Texas, Utah, West Virginia, Wisconsin, American Samoa, Guam, North Mariana, Puerto Rico, and Virgin Islands have elected not to participate in the Executive Order process and have established Single Points of Contact (SPOCs). Applicants from these thirty-one jurisdictions need take no action.

Although the jurisdictions listed above no longer participate in the

process, entities which have met the eligibility requirements of the program are still eligible to apply for a grant even if a State, Territory, Commonwealth, etc. does not have a SPOC. All remaining jurisdictions participate in the Executive Order process and have established SPOCs. Applicants from participating jurisdictions should contact their SPOCs as soon as possible to alert them of the prospective applications and receive instructions. Applicants must submit any required material to the SPOCs as soon as possible so that the program office can obtain and review SPOC comments as part of the award process. The applicant must submit all required materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a. Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards.

SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations which may trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to: Department of Health and Human Services, Administration for Children and Families, Division of

Discretionary Grants, 370 L'Enfant Promenade, SW., Mail Stop 6C-462, Washington, DC 20447.

A list of the Single Points of Contact for each State and Territory is included with the application materials for this announcement.

#### 5. Funding Restrictions

##### Sub-Contracting or Delegating Projects

OCS will not fund any project where the role of the applicant is primarily to serve as a conduit for funds to organizations other than the applicant. The applicant must have a substantive role in the implementation of the project for which funding is requested. This prohibition does not bar the making of sub-grants or sub-contracting for specific services or activities needed to conduct the project.

##### Number of Projects in Application

Each application may include only one proposed project.

#### V. Application Review Information

##### 1. Criteria

*Paperwork Reduction Act of 1995 (Public Law 104-13)*: Under the Paperwork Reduction Act of 1995, Pub. L. 104-13, the Department is required to submit to the Office of Management and Budget (OMB) for review and approval of any reporting and record keeping requirements in regulations including program announcements. This program announcement does not contain information collection requirements

beyond those approved for ACF grant applications under the Program Narrative Statement by OMB Approval Number 0970-0139.

Public reporting burden for this collection is estimated to average 25 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection of information.

The project description is approved under OMB control # 0970-0139.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

#### Purpose

The project description provides a major means by which an application is evaluated and ranked to compete with other applications for available assistance. The project description should be concise and complete and should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing your project description, all information requested through each specific evaluation criteria should be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application.

#### Introduction

Applicants required to submit a full project description shall prepare the project description statement in accordance with the following instructions and the specified evaluation criteria. The instructions give a broad overview of what your project description should include while the evaluation criteria expands and clarifies more program-specific information that is needed.

#### Project Summary/Abstract

Provide a summary of the project description (a page or less) with reference to the funding request.

#### Objectives and Need for Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the

applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

#### Results or Benefits Expected

Identify the results and benefits to be derived. Explain how the project will reach the targeted population and how it will benefit participants or the community.

#### Approach

Outline a plan of action which describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors which might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in, for example, such terms as the "number of people served." When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

If any data is to be collected, maintained, and/or disseminated, clearance may be required from the U.S. Office of Management and Budget (OMB). This clearance pertains to any "collection of information that is conducted or sponsored by ACF."

List organizations, cooperating entities, consultants, or other key individuals who will work on the project along with a short description of the nature of their effort or contribution.

#### Evaluation

Provide a narrative addressing how the results of the project and the conduct of the project will be evaluated. In addressing the evaluation of results, state how you will determine the extent to which the project has achieved its stated objectives and the extent to which the accomplishment of objectives

can be attributed to the project. Discuss the criteria to be used to evaluate results, and explain the methodology that will be used to determine if the needs identified and discussed are being met and if the project results and benefits are being achieved. With respect to the conduct of the project, define the procedures to be employed to determine whether the project is being conducted in a manner consistent with the work plan presented and discuss the impact of the project's various activities on the project's effectiveness.

#### Organizational Profiles

Provide information on the applicant organization(s) and cooperating partners such as organizational charts, financial statements, audit reports, documentation of professional accreditation, information on compliance with Federal/State/local government standards, documentation of experience in the program area, and other pertinent information.

A non-profit agency can accomplish this by providing a copy of the applicant's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in Section 501(c)(3) of the IRS code, or by providing a copy of the currently valid IRS tax exemption certificate, or by providing a copy of the articles of incorporation bearing the seal of the State in which the corporation or association is domiciled.

#### Budget and Budget Justification

Provide line item detail and detailed calculations for each budget object class identified on the Budget Information form. Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. The detailed budget must also include a breakout by the funding sources identified in Block 15 of the SF-424.

Provide a narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocability of the proposed costs.

#### Evaluation Criterion I: Approach (Maximum: 35 Points)

##### Factors:

(1) The work program is results-oriented, approximately related to the legislative mandate and specifically related to the priority area under which funds are being requested. Evaluation Criterion II: Organizational Profiles (Maximum: 25 Points)

*Factors:*

(1) The application demonstrates that it has experience and a successful record of accomplishment relevant to the specific activities it proposes to accomplish.

(2) The application details the necessary abilities to provide the training and technical assistance on a nationwide basis. Information provided by the applicant should address related achievements and competence of each cooperating or sponsoring organization.

Evaluation Criterion III: Objectives and Need for Assistance (Maximum: 20 Points)

*Factors:*

(1) The application documents that the proposed project addresses vital needs related to the program purposes and provides statistics and other data and information in support of its contention.

(2) The application provides current supporting documentation or other testimonies regarding needs from State CSBG Directors, CAAs and local service providers and/or State and Regional organizations of CAAs and other local service providers.

*Factors:*

(1) The resources requested are reasonable and adequate to accomplish the project.

(2) Total costs are reasonable and consistent with anticipated results.

*2. Review and Selection Process*

*Initial OCS Screening*

Each application submitted to OCS will be screened to determine whether it was received by the closing date and time.

Applications received by the closing date and time will be screened for completeness and conformity with the following requirements. Only complete applications that meet the requirements listed below will be reviewed and evaluated competitively. Other applications will be returned to the applicants with a notation that they were unacceptable and will not be reviewed.

All applications must comply with the following requirements except as noted:

(a) The application must contain a signed Standard Form 424 Application for Federal Assistance, a Standard Form 424-A Budget Information and Standard Form 424B Assurance—Non-Construction Programs completed according to instructions provided in this Program Announcement. Applications that pass the initial OCS screening will be reviewed and rated by a panel based on the program elements and review criteria presented in relevant sections of this program announcement.

The review criteria are designed to enable the review panel to assess the quality of a proposed project and determine the likelihood of its success. The criteria are closely related to each other and are considered as a whole in judging the overall quality of an application. The review panel awards points only to applications that are responsive to the program elements and relevant review criteria within the context of this program announcement.

The OCS Director and program staff use the reviewer scores when considering competing applications. Reviewer scores will weigh heavily in funding decisions, but will not be the only factors considered.

Applications generally will be considered in order of the average scores assigned by the review panel. Because other important factors are taken into consideration, highly ranked applications are not guaranteed funding. These other considerations include, for example: the timely and proper completion by the applicant of projects funded with OCS funds granted in the last five (5) years; comments of reviewers and government officials; staff evaluation and input; amount and duration of the grant requested and the proposed project's consistency and harmony with OCS goals and policy; geographic distribution of applications; previous program performance of applicants; compliance with grant terms

under previous HHS grants, including the actual dedication to a program of mobilized resources as set forth in project applications; audit reports; investigative reports; and applicant's progress in resolving any final audit disallowance on previous OCS or other Federal agency grants.

The Office of Community Services (OCS) within the Administration for Children and Families (ACF) announces that competing applications will be accepted for a new grant pursuant to the Secretary's authority under section 674(b) of the Community Services Block Grant (CSBG) Act, as amended, by the Community Opportunities, Accountability, and Training and Educational Services (COATES) Human Services Reauthorization Act of 1998, (Pub. L. 105-285).

The proposed grant will fund one national "academy" to provide training in program administration and financial management to CSBG eligible entities. Through such support, OCS will provide the Community Services Network with a national resource to address ROMA Goal 5: "Agencies increase their capacity to achieve results."

### Definitions of Terms

The following definitions apply:

*At-Risk Agencies* refers to CSBG eligible entities in crises. The problem(s) to be addressed must be of a complex or pervasive nature that cannot be adequately addressed through existing local or State resources.

*Capacity-building* refers to activities that assist Community Action Agencies (CAAs) and other eligible entities to improve or enhance their overall or specific capability to plan, deliver, manage and evaluate programs efficiently and effectively to produce intended results for low-income individuals. This may include upgrading internal financial management or computer systems, establishing new external linkages with other organizations, improving board functioning, adding or refining a program component or replicating techniques or programs piloted in another local community, or making other cost effective improvements.

*Community* in relationship to broad representation refers to any group of individuals who share common distinguishing characteristics including residency, for example, the "low-income" community, or the "religious" community or the "professional" community. The individual members of these "communities" may or may not reside in a specific neighborhood, county or school district but the local service provider may be implementing programs and strategies that will have a measurable affect on them. Community in this context is viewed within the framework of both community conditions and systems, *i.e.*, (1) public policies, formal written and unstated norms adhered to by the general population; (2) service and support systems, economic opportunity in the labor market and capital stakeholders; (3) civic participation; and (4) an equity as it relates to the economic and social distribution of power.

*Community Services Network (CSN)* refers to the various organizations involved in planning and implementing programs funded through the Community Services Block Grant or providing training, technical assistance or support to them. The network includes local Community Action Agencies and other eligible entities; State CSBG offices and their national association; CAA State, regional and national associations; and related organizations which collaborate and participate with Community Action Agencies and other eligible entities in their efforts on behalf of low-income people.
