

with section 6(b)(5) of the Act,¹² which requires, among other things, that the Exchange's rules be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest. The Commission believes that the proposed rule change should help to ensure that all registered persons are kept up-to-date on regulatory, compliance, and sales practice-related industry issues. Further, the Commission believes that the proposed rule change will reinforce the importance of compliance with just and equitable principles of trade by exposing all registered industry participants to the full benefits of the Regulatory Element programs, which include a new Regulatory Element module that focuses specifically on ethics.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹³ that the proposed rule change (SR-NYSE-2004-33), as amended, is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁴

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-50401; File No. SR-Phlx-2004-39]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Order Granting Approval to Proposed Rule Change and Amendment No. 1 Thereto Relating to Retroactive Application of Permit Holder Fees and Billing Policies

September 16, 2004.

On June 30, 2004, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission"), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² a proposed rule change to: (1) Apply retroactively a recent amendment to its schedule of fees and charges ("Fee Schedule") that adopted a permit fee category, designated as "Other," for permit holders who did not

fit within any other permit fee categories; (2) apply retroactively a billing policy that set the date of notification for terminating a permit as the date that permit fee billing would cease; and (3) assess retroactively only one monthly permit fee in certain limited situations where two monthly permit fees otherwise would be imposed.³ The proposal would apply these Fee Schedule changes and billing policies retroactively to February 2, 2004, the date that the permit fees were first imposed. On July 12, 2004, Phlx filed Amendment No. 1 to the proposed rule change.⁴ The proposed rule change, as amended, was published for comment in the **Federal Register** on August 6, 2004.⁵ The Commission received no comments on the proposal.

The Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange⁶ and, in particular, the requirements of section 6(b) of the Act⁷ and the rules and regulations thereunder. The Commission finds specifically that the proposed rule change, as amended, is consistent with section 6(b)(5) of the Act,⁸ which requires that the rules of the Exchange provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities. The proposed rule change would apply recent amendments to the Exchange's Fee Schedule and billing policies retroactively to February 2, 2004, the date that permit fees were first imposed by the Exchange in connection with its recent demutualization.⁹ The proposed rule change is intended to remedy the fact that a few permit holders did not fit into any of the permit fee categories initially established by the Exchange

³ Phlx previously adopted these changes to its Fee Schedule and billing policies in a rule change that was effective on May 3, 2004, the date it was filed with the Commission. See Securities Exchange Act Release No. 49856 (June 15, 2004), 69 FR 3441 (June 21, 2004) (SR-Phlx-2004-32).

⁴ See letter from Murray L. Ross, Phlx, to Nancy Sanow, Assistant Director, Division of Market Regulation, SEC, dated July 9, 2004 ("Amendment No. 1"). In Amendment No. 1, the Exchange removed references in the Fee Schedule to the proposed date that the retroactive fees would take effect.

⁵ See Securities Exchange Act Release No. 50129 (July 30, 2004), 69 FR 47970.

⁶ In approving this proposed rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(5).

⁹ See Securities Exchange Act Release No. 49098 (January 16, 2004), 69 FR 3974 (January 27, 2004) (Order approving the demutualization of Phlx).

and thus were not subject to permit fees as of February 2, 2004. Thus, the proposed rule change is intended to apply the Exchange's permit fees and permit fee billing practices in an even-handed manner to all Exchange member organizations since the introduction of the permit fees on February 2, 2004.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-Phlx-2004-39), as amended, be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: International Education Training Program

Announcement Type: Cooperative Agreement.

Funding Opportunity Number: ECA/A/S/A-05-12.

Catalog of Federal Domestic Assistance Number: 00.000.

Dates: None.

Application Deadline: November 12, 2004.

Executive Summary: Public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3), including consortia, may submit proposals to train international education professionals from accredited U.S. colleges and universities throughout the United States to work effectively with international students, scholars, international exchange programs, and U.S. study abroad programs and to enhance community involvement with participants in these programs. Funded activities must be open to staff from any accredited U.S. institution of higher education.

I. Funding Opportunity Description

Authority: Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the

United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

Purpose:

(1) To support the training and development of international educational exchange professionals based at U.S. institutions of higher learning who assist international students and scholars studying in the U.S. and American students seeking to study overseas.

(2) To support the involvement of international students with the U.S. institutions and local communities where they study and live. Through programs that enable foreign students and scholars to achieve a better understanding of the United States during their time in this country and that encourage them to help Americans learn more about the world outside our borders, the potential of foreign students to contribute to international understanding is enhanced.

Overview: International educational exchanges advance the mutual understanding and cooperation of people in the United States with the rest of the world. A growing number of international education professionals work with international students and scholars, American students, international exchange programs, and U.S. study abroad programs on U.S. campuses and in the communities served by these institutions. The work of these international education professionals complements the efforts undertaken by the State Department through its Public Affairs Sections as well as through bi-national Fulbright Commissions, helping to provide the basis for managing educational exchanges professionally and for ensuring that these exchanges benefit the students and scholars who participate in them.

International education professionals need specific skills and tools in order to manage and expand their institutions' international exchange agendas. The training of these professionals should be designed to strengthen the programs and services offered by their institutions. When international education professionals receive up-to-date training

in their field, international students and scholars gain a more well-rounded U.S. experience and a broader appreciation of U.S. academic and community values, while U.S. students become engaged more frequently in study abroad programs and learn more about how the U.S. relates to the rest of the world than they could learn at home.

The issues confronted by international exchange professionals are more complex than they had been prior to September 11, 2001. There are new laws and regulations governing visa processing, and new, security-related procedures for the entry and exit of foreign nationals. A new information processing system—SEVIS (the Student and Exchange Visitor Information System)—has been established to screen students and scholars before their entry into the United States and to monitor their status after they arrive. Responsible officials at educational institutions must be familiar with the system and how to use it. New visa application procedures add time to the academic application process, and new regulations require closer tracking of students during their stay in the U.S.

At the same time, other countries have increased their attempts to attract international students, and U.S. institutions must now compete with other countries for talented international students just as they compete for the best U.S. students.

While in recent years the number of U.S. students who study and travel abroad has increased, they still represent only a small fraction of the total number of U.S. students at U.S. institutions of higher education. U.S. institutions continue to struggle to engage more U.S. students in study abroad programs.

This RFGP invites proposals to train international educational exchange professionals in U.S. higher education in ways that will equip them to improve the capacity of their institutions to participate effectively in international exchanges of scholars and students. The Bureau encourages applicant organizations to propose a program designed to address creatively the current challenges faced by U.S. educational institutions in the development and administration of their international programs. The program proposed must include the following initiative:

- Training for U.S. international education professionals with eligibility for participation open to staff from any accredited U.S. institution of higher education. The training programs should encourage and reinforce cooperation among professionals in this

field by ensuring that they have up-to-date knowledge of current issues in international education and that they are equipped to provide the human resources that are required to administer international programs on their campuses. U.S. Department of State sponsorship will be recognized at all training events, and appropriate ECA representatives should be invited to attend.

The proposed program could include the following optional components:

- Cooperative grants to institutions participating in international education training to enhance the involvement of international students in the U.S. with American life and culture on their campuses. These grants should be given to institutions for substantive, high impact activities.
- Publications, materials, and workshops that promote international education and educational exchange at U.S. institutions of higher education and that contribute to the internationalization of U.S. post-secondary education.

II. Award Information

Type of Award: Cooperative Agreement.

Fiscal Year Funds: FY 2005.

Approximate Total Funding: \$535,000.

Approximate Number of Awards: One.

Approximate Average Award: \$535,000.

Anticipated Award Date: Pending availability of funds, January 1, 2005.

Anticipated Project Completion Date: December 31, 2005.

Additional Information: Pending successful implementation of this program and the availability of funds in subsequent fiscal years, the Bureau of Educational and Cultural Affairs may renew this cooperative agreement for two additional fiscal years before openly competing it again.

III. Eligibility Information

III.1. Eligible Applicants

Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3). Both single institutions and consortia may apply.

III.2. Cost Sharing or Matching Funds

There is no minimum or maximum percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved grant agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs that are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23—Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

III.3. Other Eligibility Requirements

(a) Bureau grant guidelines require that organizations with less than four years experience in conducting international exchanges be limited to \$60,000 in Bureau funding. ECA anticipates awarding one cooperative agreement, in an amount up to \$535,000 to support program and administrative costs required to implement this exchange program. Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition. The Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

(b) Technical Eligibility: All proposals must comply with the following: proposals must address the requirements listed in this Request for Grant Proposals and the technical eligibility requirements outlined in the accompanying Proposal Submission Instructions (PSI) document. In addition, proposals must develop a program open to all accredited U.S. institutions of higher education or they will be declared technically ineligible and given no further consideration in the review process.

IV. Application and Submission Information

Note: Please read the complete **Federal Register** announcement before sending inquiries or submitting proposals. Once the RFGP deadline has passed, Bureau staff may not discuss this competition with applicants until the proposal review process has been completed.

IV.1. Contact Information To Request an Application Package

Please contact the Educational Information and Resources Branch of the Global Educational Programs Office, ECA/A/S/A, Room 349, U.S. Department of State, SA-44, 301 4th Street, SW., Washington, DC 20547, telephone number 202-619-5434 and fax number 202-401-1433, e-mail address frisbiejz@state.gov to request a Solicitation Package. Please refer to the Funding Opportunity Number ECA/A/S/A-05-12 located at the top of this announcement when making your request.

The Solicitation Package contains the Proposal Submission Instruction (PSI) document that consists of required application forms and standard guidelines for proposal preparation.

It also contains the Project Objectives, Goals and Implementation (POGI) document, which provides specific information, award criteria and budget instructions tailored to this competition.

Please specify Bureau Program Officer Jean Frisbie and refer to the Funding Opportunity Number ECA/A/S/A-05-12 located at the top of this announcement on all other inquiries and correspondence.

IV.2. To Download a Solicitation Package Via Internet

The entire Solicitation Package may be downloaded from the Bureau's Web site at <http://exchanges.state.gov/education/rfgps/menu.htm>. Please read all information before downloading.

IV.3. Content and Form of Submission

Applicants must follow all instructions in the Solicitation Package. The original and six copies of the application should be sent per the instructions under IV.3e. "Submission Dates and Times section" below.

IV.3a. You are required to have a Dun and Bradstreet Data Universal Numbering System (DUNS) number to apply for a grant or cooperative agreement from the U.S. Government. This number is a nine-digit identification number, which uniquely identifies business entities. Obtaining a DUNS number is easy and there is no charge. To obtain a DUNS number, access <http://www.dunandbradstreet.com> or call 1-866-705-5711. Please ensure that your DUNS number is included in the appropriate box of the SF-424 which is part of the formal application package.

IV.3b. All proposals must contain an executive summary, proposal narrative and budget.

Please refer to the solicitation package. It contains the mandatory

Proposal Submission Instructions (PSI) document and the Project Objectives, Goals and Implementation (POGI) document for additional formatting and technical requirements.

IV.3c. You must have nonprofit status with the IRS at the time of application. If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

IV.3d. *Diversity, Freedom and Democracy Guidelines.* Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the 'Support for Diversity' section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3d.1. *Program Monitoring and Evaluation.* Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the grantee will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning

as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program *outputs* and *outcomes*. *Outputs* are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted.

Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. *Participant satisfaction* with the program and exchange experience.
2. *Participant learning*, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. *Participant behavior*, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. *Institutional changes*, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it (1) specifies intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (*i.e.*, surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Grantees will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

Describe your plans for: sustainability, overall program management, staffing, and coordination with ECA.

IV.3e. Please take the following information into consideration when preparing your budget:

IV.3e.1. Applicants must submit a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

IV.3e.2. Allowable costs for the program include the following:

- (1) Salaries and benefits.
- (2) Office supplies and expenses, including communications, postage, and shipping.
- (3) Other direct and indirect costs.

Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

IV.3f. Submission Dates and Times:
Application Deadline Date: Friday, November 12, 2004.

Explanation of Deadlines: In light of recent events and heightened security measures, proposal submissions must be sent via a nationally recognized overnight delivery service (*i.e.*, DHL, Federal Express, UPS, Airborne Express, or U.S. Postal Service Express Overnight Mail, etc.) and be shipped no later than the above deadline. The delivery services used by applicants must have

in-place, centralized shipping identification and tracking systems that may be accessed via the Internet and delivery people who are identifiable by commonly recognized uniforms and delivery vehicles. Proposals shipped on or before the above deadline but received at ECA more than seven days after the deadline will be ineligible for further consideration under this competition. Proposals shipped after the established deadlines are ineligible for consideration under this competition. It is each applicant's responsibility to ensure that each package is marked with a legible tracking number and to monitor/confirm delivery to ECA via the Internet. ECA will *not* notify you upon receipt of application. Delivery of proposal packages *may not* be made via local courier service or in person for this competition. Faxed documents will not be accepted at any time. Only proposals submitted as stated above will be considered. Applications may not be submitted electronically at this time.

Applicants must follow all instructions in the Solicitation Package.

Important note: When preparing your submission please make sure to include one extra copy of the completed SF-424 form and place it in an envelope addressed to "ECA/EX/PM".

The original and six copies of the application should be sent to: U.S. Department of State, SA-44, Bureau of Educational and Cultural Affairs, Ref.: ECA/A/S/A-05-12, Program Management, ECA/EX/PM, Room 534, 301 4th Street, SW., Washington, DC 20547.

Along with the Project Title, all applicants must enter the above Reference Number in Box 11 on the SF-424 contained in the mandatory Proposal Submission Instructions (PSI) of the solicitation document.

IV.3g. Intergovernmental Review of Applications: Executive Order 12372 does not apply to this program.

V. Application Review Information

V.1. Review Process

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department

elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for grants resides with the Bureau's Grants Officer.

Review Criteria

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. *Quality of the Program Idea:* Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission. Proposals must be responsive to the objectives stated in this document.

2. *Program Planning:* Detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity. Agenda and plan should adhere to the program overview and guidelines described above.

3. *Ability to Achieve Program Objectives:* Objectives should be reasonable, feasible, and flexible. Proposals should clearly demonstrate how the institution will meet the program's objectives and plan. The timeline for programs should be realistic and appropriate.

4. *Multiplier Effect/Impact:* Proposed programs should strengthen long-term mutual understanding, including maximum sharing of information.

5. *Support of Diversity:* Proposals should demonstrate substantive support of the Bureau's policy on diversity. Achievable and relevant features should be cited in both program administration (selection of participants, program venue and program evaluation) and program content (orientation and wrap-up sessions, program meetings, resource materials and follow-up activities).

6. *Institutional Capacity:* Proposed personnel and institutional resources should be adequate and appropriate to achieve the program or project's goals.

7. *Institution's Record/Ability:* Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants.

8. *Follow-on Activities:* Proposals should provide a plan for continued follow-on activity (without Bureau support) ensuring that Bureau supported programs are not isolated events.

9. *Project Evaluation:* Proposals should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. A draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives is recommended.

10. *Cost-effectiveness:* The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate.

11. *Cost-sharing:* Proposals should maximize cost-sharing through other private sector support as well as institutional direct funding contributions.

VI. Award Administration Information

VI.1a. Award Notices

Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal Bureau procedures. Successful applicants will receive an Assistance Award Document (AAD) from the Bureau's Grants Office. The AAD and the original grant proposal with subsequent modifications (if applicable) shall be the only binding authorizing document between the recipient and the U.S. Government. The AAD will be signed by an authorized Grants Officer, and mailed to the recipient's responsible officer identified in the application.

Unsuccessful applicants will receive notification of the results of the application review from the ECA program office coordinating this competition.

VI.2. Administrative and National Policy Requirements

Terms and Conditions for the Administration of ECA agreements include the following:

Office of Management and Budget Circular A-122, "Cost Principles for Nonprofit Organizations"

Office of Management and Budget Circular A-21, "Cost Principles for Educational Institutions"

OMB Circular A-87, "Cost Principles for State, Local and Indian Governments"

OMB Circular No. A-110 (Revised), Uniform Administrative

Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Nonprofit Organizations.

OMB Circular No. A-102, Uniform Administrative Requirements for Grants-in-Aid to State and Local Governments

OMB Circular No. A-133, Audits of States, Local Government, and Non-profit Organizations

Please reference the following Web sites for additional information: <http://www.whitehouse.gov/omb/grants.>, <http://exchanges.state.gov/education/grantsdiv/terms.htm#article1>

VI.3. Reporting Requirements

You must provide ECA with a hard copy original plus two copies of the following reports:

(1) A final program and financial report no more than 90 days after the expiration of the award;

(2) Quarterly financial reports and quarterly program reports that contain descriptions and evaluations of activities carried on during that period.

Grantees will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. (Please refer to IV. Application and Submission Instructions (IV.3.d.3) above for Program Monitoring and Evaluation information.

All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

All reports must be sent to the ECA Grants Officer and ECA Program Officer listed in the final assistance award document.

VII. Agency Contacts

For questions about this announcement, contact: Program Officer Jean Frisbie, Educational Information and Resources Branch, Global Educational Programs Office, Room 349, ECA/A/S/A, U.S. Department of State, SA-44, 301 4th Street, SW., Washington, DC 20547, telephone 202-619-5434 and fax 202-401-1433, frisbiejz@state.gov.

All correspondence with the Bureau concerning this RFGP should reference the above title and number ECA/A/S/A-05-12.

Please read the complete **Federal Register** announcement before sending inquiries or submitting proposals. Once the RFGP deadline has passed, Bureau staff may not discuss this competition with applicants until the proposal review process has been completed.

VIII. Other Information

Notice: The terms and conditions published in this RFGP are binding and may not be modified by any Bureau representative. Explanatory information provided by the Bureau that contradicts published language will not be binding. Issuance of the RFGP does not constitute an award commitment on the

part of the Government. The Bureau reserves the right to reduce, revise, or increase proposal budgets in accordance with the needs of the program and the availability of funds. Awards made will be subject to periodic reporting and evaluation requirements per section VI.3 above.

Dated: September 14, 2004.

C. Miller Crouch,

Principal Deputy Assistant Secretary, Bureau of Educational and Cultural Affairs, Department of State.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

J.K. Technologies of Baltimore, Maryland ("JK") (Registered Importer 90-006) has petitioned NHTSA to decide whether non-U.S. certified 2001 Ducati 900 motorcycles are eligible for importation into the United States. The vehicles that JK believes are substantially similar are 2001 Ducati 900 motorcycles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable Federal motor vehicle safety standards.

The petitioner claims that it compared non-U.S. certified 2001 Ducati 900 motorcycles to their U.S. certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most Federal motor vehicle safety standards.

JK submitted information with its petition intended to demonstrate that non-U.S. certified 2001 Ducati 900 motorcycles as originally manufactured, conform to many Federal motor vehicle

safety standards in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2001 Ducati 900 motorcycles are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 106 *Brake Hoses*, 111 *Rearview Mirrors*, 116 *Brake Fluid*, 119 *New Pneumatic Tires for Vehicles other than Passenger Cars*, 120 *Tire Selection and Rims for Vehicles other than Passenger Cars*, 122 *Motorcycle Brake Systems*, and 205 *Glazing Materials*.

The petitioner further contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated below:

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: installation of U.S.-model front and rear reflex reflectors.

Standard No. 123 *Motorcycle Controls and Displays*: installation of U.S.-model speedometer and left commutator.

The petitioner also states that a certification label must be affixed to the motorcycle to comply with the requirements of 49 CFR part 567.

Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Claude H. Harris,

Director, Office of Vehicle Safety Compliance.
