

proposes to allow specialists to engage Book Sweep manually when orders are received when AUTO-X is disengaged, and Auto-Quote or SQF matches or crosses the Exchange's best bid or offer in a particular series as established by an order on the limit order book. The purpose of this provision is to enable the specialist to execute limit orders on the book that are due for execution more efficiently by manually initiating Book Sweep (rather than executing such orders individually), thus providing more efficient executions and ensuring that the specialist may maintain a fair and orderly market when such orders become due for execution.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act¹³ in general, and furthers the objectives of Section 6(b)(5) of the Act¹⁴ in particular, in that it is designed to perfect the mechanisms of a free and open market and a national market system, and to protect investors and the public interest. The Exchange believes that Book Sweep helps provide faster executions for investors, while reducing the burden on the Exchange's specialists with respect to the manual execution of booked orders.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal**

(except with respect to orders eligible for "Book Match" as described in Rule 1080(g));

(F) If the NBBO Feature, described in Exchange Rule 1080(c)(i), is not engaged, and the Exchange's bid or offer is not the NBBO;

(G) When the price of a limit order is not in the appropriate minimum trading increment pursuant to Rule 1034;

(H) When the bid price is zero respecting sell orders; and

(I) When the number of contracts automatically executed within a 15 second period in an option (subject to a pilot program until November 30, 2004) exceeds the specified disengagement size, a 30 second period ensues during which subsequent orders are handled manually.

¹³ 15 U.S.C. 78f(b).

¹⁴ 15 U.S.C. 78f(b)(5).

Register or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

A. By order approve the proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street NW., Washington, DC 20549-0609. Comments may also be submitted electronically at the following e-mail address: rule-comments@sec.gov. All comment letters should refer to File No. SR-Phlx-2004-18. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, comments should be sent in hard copy or by e-mail but not by both methods. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Section. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to File No. SR-Phlx-2004-18 and should be submitted by April 1, 2004.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁵

Jill M. Peterson,

Assistant Secretary.

SOCIAL SECURITY ADMINISTRATION

Privacy Act of 1974, as Amended; New System of Records and New Routine Use Disclosures

AGENCY: Social Security Administration (SSA).

ACTION: Proposed new routine use for existing systems of records.

SUMMARY: In accordance with the Privacy Act (5 U.S.C. 552a(e)(4) and (11)), we are issuing public notice of our intent to establish a new routine use disclosure applicable to the following existing SSA systems of records:

- Completed Determination Record—Continuing Disability Determinations, 60-0050;
- Master Files of Social Security Number (SSN) Holders and SSN Applications, 60-0058;
- Master Beneficiary Record, 60-0090;
- Supplemental Security Income Record and Special Veterans Benefits, 60-0103;
- Old Age, Survivors and Disability Beneficiary and Worker Records and Extracts (Statistics), 60-0202; and
- Beneficiary, Family and Household Surveys, Records and Extracts System (Statistics), 60-0211.

The proposed routine use will allow SSA to expand the use of information SSA currently collects for additional SSA-approved research studies. Such further uses will permit the development of richer and more comprehensive information that can be used in actuarial, epidemiological, economic and other social science projects that will ultimately benefit the public, SSA, and other Federal, State or congressional support agencies' (e.g., Congressional Budget Office (CBO) and the Congressional Research Staff in the Library of Congress) programs. We invite public comment on this proposal.

DATES: We filed a report of the proposed new routine use disclosure with the Chairman of the Senate Committee on Governmental Affairs, the Chairman of the House Committee on Government Reform, and the Director, Office of

Information and Regulatory Affairs, Office of Management and Budget (OMB) on March 4, 2004. The proposed routine use will become effective on April 13, 2004, unless we receive comments warranting it not to become effective.

ADDRESSES: Interested individuals may comment on this publication by writing to the Executive Director, Office of Public Disclosure, Office of the General Counsel, Social Security Administration, Room 3-A-6 Operations Building, 6401 Security Boulevard, Baltimore, Maryland 21235-6401. All comments received will be available for public inspection at the above address.

FOR FURTHER INFORMATION CONTACT: Ms. Pamela McLaughlin, Social Insurance Specialist, Strategic Issues Team, Office of Public Disclosure, Office of the General Counsel, Social Security Administration, Room 3-C-2 Operations Building, 6401 Security Boulevard, Baltimore, Maryland 21235, e-mail address pam.mclaughlin@ssa.gov, or by telephone at (410) 965-3677.

SUPPLEMENTARY INFORMATION:

I. Discussion of the Proposed New Routine Use

A. General

In an effort to improve the quality of research designed to enhance the decision-making process in the Social Security program, SSA is expanding the use of information it currently collects for additional SSA-approved research studies. Such further uses will permit the development of richer and more comprehensive information that can be used in actuarial, epidemiological, economic and other social science projects that will ultimately benefit the public, SSA, and other Federal, State or congressional support agencies' (e.g., Congressional Budget Office (CBO) and the Congressional Research Staff in the Library of Congress) programs. The proposed use of the information will allow new studies to occur regarding the administration of the Social Security program, and other related programs, that might otherwise not be undertaken due to the lack of data.

B. Disclosure of Information to a Federal, State or Congressional Support Agency (e.g., CBO and the Congressional Research Staff in the Library of Congress) for Research, Evaluation or Statistical Studies

1. The types of information that are most commonly used that will be released under the proposed routine use may include, but not be limited to, the

types of information in the following systems of records that SSA maintains:

(a) From the Completed Determination Record—Continuing Disability Determinations, 60-0050: date of birth; date disability began; type of claim; continuance or cessation code; date of termination; and date of completion.

(b) From the Master Files of Social Security Number (SSN) Holders and SSN Applications, 60-0058: date of birth; sex; race; place of birth; and date of death.

(c) From the Master Beneficiary Record, 60-0090: primary insurance amount; average indexed monthly earnings; date of death of primary beneficiary; beneficiary date of birth; beneficiary date of death; monthly benefit amount; monthly benefit payable; diagnosis code; reason for denial/disallowance; and dual-entitlement data.

(d) From the Supplemental Security Income Record and Special Veterans Benefits, 60-0103: transaction code; computation status; date of birth; date of death; sex; race; date of eligibility; payment status code; Federal assistance amount; and current amount of State supplementation.

(e) From the Old Age, Survivors and Disability Beneficiary and Worker Records and Extracts (Statistics), 60-0202: various data.

(f) From the Beneficiary, Family, and Household Surveys, Records and Extracts System (Statistics), 60-0211: various data.

2. The types of research activities contemplated by the proposed routine use do not include research proposals that involve the use of information from SSA's systems of records to draw samples for surveys or to contact individuals, other than in situations already provided for in regulations.

The proposed routine use reads as follows:

Disclosure may be made to a Federal, State, or congressional support agency (e.g., Congressional Budget Office and the Congressional Research Staff in the Library of Congress) for research, evaluation, or statistical studies. Such disclosures include, but are not limited to, release of information in assessing the extent to which one can predict eligibility for Supplemental Security Income (SSI) payments or Social Security disability insurance (SSDI) benefits; examining the distribution of Social Security benefits by economic and demographic groups and how these differences might be affected by possible changes in policy; analyzing the interaction of economic and non-economic variables affecting entry and
