

Onondaga County for future conformity determinations.

DATES: This finding is effective July 27, 2004.

FOR FURTHER INFORMATION CONTACT: Melanie A. Zeman, Air Programs Branch, Environmental Protection Agency—Region 2, 290 Broadway, 25th Floor, New York, New York 10007–1866, (212) 637–4022, Zeman.Melanie@epa.gov.

The finding and the response to comments will be available at EPA's conformity Web site: <http://www.epa.gov/otaq/traq>, (once there, click on the "Conformity" button, then look for "Adequacy Review of SIP Submissions for Conformity").

SUPPLEMENTARY INFORMATION:

Background

Today's notice is simply an announcement of a finding that we have already made. EPA Region 2 sent a letter to the New York Department of Environmental Conservation on June 30, 2004 stating that the revised carbon monoxide budgets in the submitted Carbon Monoxide Maintenance Plan revision for Onondaga County, New York (dated June 22, 2004) are adequate for conformity purposes. The purpose of New York's June 22, 2004 submittal was to fulfill its commitment to update the current ten year Maintenance Plan for Carbon Monoxide for Onondaga County. The state is required to submit a new maintenance plan ten years after EPA approves the initial maintenance plan for the area. EPA approved the Onondaga County, New York redesignation request and Maintenance plan in 1993 (58 FR 50851, September 29, 1993). EPA's adequacy finding will also be announced on EPA's conformity Web site: <http://www.epa.gov/otaq/traq>, (once there, click on the "Conformity" button, then look for "Adequacy Review of SIP Submissions for Conformity").

Transportation conformity is required by section 176(c) of the Clean Air Act. EPA's conformity rule requires that transportation plans, programs, and projects conform to SIPs and establishes the criteria and procedures for determining whether or not they conform. Conformity to a SIP means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national ambient air quality standards.

The criteria by which we determine whether a SIP's motor vehicle emission budgets are adequate for conformity purposes are outlined in 40 CFR 93.118(e)(4). Please note that an adequacy review is separate from EPA's

completeness review, and it also should not be used to prejudge EPA's ultimate approval of the SIP. Even if we find a budget adequate, the SIP could later be disapproved.

We have described our process for determining the adequacy of submitted SIP budgets in guidance (May 14, 1999 memo titled "Conformity Guidance on Implementation of March 2, 1999 Conformity Court Decision"). We followed this guidance, which can also be found on EPA's Web site at: <http://www.epa.gov/otaq/traq>, in making our adequacy determination.

Authority: 42 U.S.C. 7401–7671q.

Dated: June 30, 2004.

Jane M. Kenny,

Regional Administrator, Region 2.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

[FRL–7785–9]

Notice of Two Open Meetings of the Environmental Financial Advisory Board Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The United States Environmental Protection Agency's Environmental Financial Advisory Board (EFAB) will hold two open meetings. EFAB is an EPA advisory committee chartered under the Federal Advisory Committee Act (FACA) to provide advice and recommendations to EPA on creative approaches to funding environmental programs, projects, and activities.

First, a meeting of the full board will be held to discuss progress with work products under EFAB's current strategic action agenda and develop an action agenda to direct the Board's ongoing and new activities through FY 2005. Topics of discussion include financial assurance mechanisms; innovative environmental financing tools; non-point source (watershed) financing; useful life financing of water facilities; and joint operations of the drinking water and wastewater state revolving loan funds.

The second meeting will be a workshop to address affordability issues. The purpose of the workshop is to explore U.S. water and wastewater affordability problems and solutions, particularly those that affect lower income groups. The Board will collect information, ideas, and

recommendations from a group of expert panelists who will share their perspective on affordability issues.

Both meetings are open to the public, however; seating is limited. All members of the public who wish to attend either meeting must register in advance, no later than Wednesday, August 4, 2004.

DATES: Full Board Meeting is scheduled for August 16, 2004, from 1 p.m.–5 p.m. and August 17, 2004, from 8:45 a.m.–5 p.m.

Affordability Workshop is scheduled for August 18, 2004, from 9 a.m.–5 p.m.

ADDRESSES: Omni San Francisco Hotel, 500 California St., Telegraph Hill Room, San Francisco, CA 94104.

FOR FURTHER INFORMATION CONTACT: To register for the meeting or get further information, please contact Alecia Crichlow, U.S. EPA, (202) 564–5188 or crichlow.alecia@epa.gov.

Dated: July 2, 2004.

Joseph Dillon,

Director, Office of Enterprise Technology and Innovation.

ENVIRONMENTAL PROTECTION AGENCY

[OPPT–2004–0101 FRL–7369–4]

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from June 14, 2004 to June 25, 2004, consists of the PMNs pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

DATES: Comments identified by the docket ID number OPPT-2004-0101 and the specific PMN number or TME number, must be received on or before August 11, 2004.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Colby Lintner, Regulatory Coordinator, Environmental Assistance Division, Office of Pollution Prevention and Toxics (7408M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: *TSCA-Hotline@epa.gov*.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPPT-2004-0101. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the EPA Docket Center, Rm. B102-Reading Room, EPA West, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The EPA Docket Center Reading Room telephone number is (202) 566-1744 and the telephone number for the OPPT Docket, which is located in EPA Docket Center, is (202) 566-0280.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the

copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

C. How and To Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number and specific PMN number or TME number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit I.D. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets

at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number OPPT-2004-0101. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to oppt.ncic@epa.gov, Attention: Docket ID Number OPPT-2004-0101 and PMN Number or TME Number. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

3. *By hand delivery or courier.* Deliver your comments to: OPPT Document Control Office (DCO) in EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID Number OPPT-20040101 and PMN Number or TME Number. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930.

D. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically

through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

E. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the notice or collection activity.
7. Make sure to submit your comments by the deadline in this document.
8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action and the specific PMN number you are commenting on in

the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

II. Why is EPA Taking this Action?

Section 5 of TSCA requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from June 14, 2004 to June 25, 2004, consists of the PMNs pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

III. Receipt and Status Report for PMNs

This status report identifies the PMNs pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you are interested in information that is not included in the following tables, you may contact EPA as described in Unit II. to access additional non-CBI information that may be available.

In Table I of this unit, EPA provides the following information (to the extent that such information is not claimed as CBI) on the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

In Table II of this unit, EPA provides that such information is not claimed as the following information (to the extent CBI) on the Notices of

II. 18 NOTICES OF COMMENCEMENT FROM: 06/14/04 TO 06/25/04

Case No.	Received Date	Commencement Notice End Date	Chemical
P-03-0364	06/23/04	06/17/04	(G) Halogenated substituted mercaptophenol
P-03-0426	06/22/04	05/07/04	(S) Fatty acids, C ₆₋₁₂ , polymers with hexahydro-1,3-isobenzofurandione and trimethylolpropane
P-04-0036	06/23/04	06/16/04	(G) Heterocycle (oxa, thia, aza)
P-04-0142	06/23/04	05/29/04	(G) Modified amidoamine
P-04-0153	06/23/04	05/27/04	(G) Rare earth phosphate
P-04-0185	06/18/04	05/18/04	(G) Sulfonated ketone resin
P-04-0189	06/22/04	06/11/04	(G) Alkyl substituted acid chloride
P-04-0263	06/14/04	06/07/04	(G) Polymer of cycloaliphatic polycarboxylic acid and aliphatic polyol
P-04-0294	06/22/04	05/26/04	(G) Carbodiimide crosslinker, polycarbodiimide crosslinker
P-04-0298	06/15/04	06/10/04	(G) Acrylic block-copolymer
P-04-0329	06/15/04	06/10/04	(G) Polymeric acrylic dispersant
P-04-0330	06/15/04	06/10/04	(G) Polymeric acrylic dispersant
P-04-0332	06/15/04	06/09/04	(G) Epoxy functional styrenated methacrylate polymer
P-04-0337	06/18/04	06/08/04	(S) 5-hexyldihydro-4-methylfuran-2(3h)-one
P-04-0372	06/18/04	06/08/04	(S) 1-pentanol, 2-mercapto-2-methyl-
P-04-0380	06/21/04	06/09/04	(G) Polyether polyol
P-04-0402	06/21/04	06/01/04	(G) Blocked polyurethane prepolymer
P-97-0250	06/15/04	06/04/04	(G) Polyester diol

List of Subjects

Environmental protection, Chemicals, Premanufacturer notices.

Dated: July 6, 2004.

Vanessa Williams,

Acting Director, Information Management Division, Office of Pollution Prevention and Toxics.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
Administration on Aging
Agency Information Collection Activities; Submission for OMB Review; Comment Request; Extension of a Currently Approved Information Collection

AGENCY: Administration on Aging, HHS.
ACTION: Notice.

SUMMARY: The Administration on Aging (AoA) is announcing that the proposed collection of information listed below has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Submit written comments on the collection of information by August 11, 2004.

ADDRESSES: Submit written comments on the collection of information by fax 202.395.6974 or by mail to the Office of Information and Regulatory Affairs, OMB, New Executive Office Bldg., 725 17th St. NW., rm. 10235, Washington, DC 20503, Attn: Brenda Aguilar, Desk Officer for AoA.

FOR FURTHER INFORMATION CONTACT: Greg Case at (202) 357-3442 or greg.case@aoa.hhs.gov.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, AoA has submitted the following proposed collection of information to OMB for review and clearance.

Title of Information Collection: Performance Progress Reports for Title IV Grantees.

Type of Request: Extension of use of the report, with no revision.

Use: Extension of reporting format for use by Title IV grantees in reporting on activities of their Title IV Discretionary Funds Projects as required under Title IV of the Older Americans Act, as amended.

AoA estimates the burden of this collection of information as follows:

Frequency: Semi-annually.

Respondents: States, public agencies, private nonprofit agencies, institutions

of higher education, and organizations including tribal organizations.

Estimated Number of Responses: 300.
Total Estimated Burden Hours: 12,000.

Dated: July 7, 2004.

Josefina G. Carbonell,

Assistant Secretary for Aging.

[Program Announcement 04269]

Voluntary Counseling, HIV Testing and AIDS Care in Stand-Alone Community Centers and in Health Facilities in Kenya; Notice of Intent To Fund Single Eligibility Award
A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to provide a model program for voluntary counseling and testing (VCT) services, VCT training, and comprehensive AIDS care program in Kenya.

The Catalog of Federal Domestic Assistance number for this program is 93.941.

B. Eligible Applicant

Assistance will be provided only to Liverpool VCT and Care Project (LVCT).

LVCT is the only Kenyan organization with adequate hands-on experience in supporting the development of VCT services not only in ministries of health (MOH) facilities, but also in other Government of Kenya sites and with other non governmental organizations (NGOs), community-based organization (CBO), and faith-based organization (FBO). LVCT has been providing VCT services in Kenya since 1998, and is now the nationally recognized leader in VCT in Kenya. LVCT played a key role, along with CDC Kenya, in developing the national VCT Guidelines in Kenya. LVCT has also developed the national VCT training curricula and the national VCT quality assurance manual. LVCT has trained over 600 VCT counselors, including counselors employed by LVCT, other NGOs, the MOH, the Kenya Department of Defense, and others. Most international and national organizations in Kenya contract with LVCT to conduct training in VCT, and all of them use the training and quality assurance materials developed by LVCT. In addition, LVCT

has unique and demonstrated experience in providing training, capacity building and services for special populations, including the deaf, soldiers, remote populations, and other marginalized groups. LVCT has already developed mechanisms to support the delivery of VCT services in collaboration with FBO, including the Baptist AIDS Relief Agency in Kenya and the Supreme Council of Kenya Muslims. Because of its long history and experience in providing VCT services and training in Kenya, LVCT is currently the only appropriate and qualified Kenyan organization to conduct the specific activities needed to achieve the goals of this program.

C. Funding

Approximately \$5,000,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or before September 1, 2004, and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone: 770-488-2700.

For technical questions about this program, contact:

Elizabeth Marum, Ph.D., Project Officer, Global Aids Program [GAP], Kenya Country Team, National Center for HIV, STD and TB Prevention, Centers for Disease Control and Prevention [CDC], PO Box 606 Village Market, Nairobi, Kenya, Telephone: 256-20-271-3008, E-mail: emarum@cdcnaïrobi.mimcom.net.

Dated: July 2, 2004.

William P. Nichols, MPA,

Acting Director, Procurement and Grants Office, Centers for Disease Control and Prevention.
