# SUPPLEMENTARY INFORMATION:

### A. Purpose

In accordance with the Federal Acquisition Regulation 19.702 contractors receiving a contract for more than the simplified acquisition threshold agree to have small business, small disadvantaged business, and women-owned small business. HUBZone small business, veteranowned small business and servicedisabled veteran-owned small business concerns participate in the performance of the contract as far as practicable. Contractors receiving a contract or a modification to a contract expected to exceed \$500,000 (\$1,000,000 for construction) must submit a subcontracting plan that provides maximum practicable opportunities for the above named concerns. Specific elements required to be included in the plan are specified in section 8(d) of the Small Business Act and implemented in FAR subpart 19.7.

In conjunction with these plans, contractors must submit semiannual reports of their progress on Standard Form 294, Subcontracting Report for Individual Contracts.

#### **Defense Science Board; Meeting**

**AGENCY:** Department of Defense.

**ACTION:** Notice of Advisory Committee Meeting.

SUMMARY: The Defense Science Board Task Force on Aerial Refueling Requirements will meet in closed session on March 24, 2004, at Strategic Analysis Inc., 3601 Wilson Boulevard, Arlington, VA. The Task Force will evaluate current aerial refueling capability and future Department of Defense (DoD) aerial refueling requirements. The Task Force will assess current and future requirements with respect to both legacy systems and missions, and take into account proposed future systems and capabilities.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. Specifically, using best estimates of requirements for 2010, 2020, and 2030, the Task Force will assess the following options with respect to DoD aerial refueling capability: (1) Retain the requisite number of assets to maintain current capability; (2) perform service life extension on the requisite number of existing aircraft; (3) acquire new refueling capabilities; and (4) evaluate other methods to address refueling

In accordance with section 10(d) of the Federal Advisory Committee Act, Public Law 92–463, as amended (5 U.S.C. app. II). it has been determined that this Defense Science Board Task Force meeting concerns matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, the meeting will be closed to the public.
