Section 205(r)(8) of the Social Security Act requires the Commissioner of Social Security to verify applicable information to be used by states and territories in their voter registration processes for elections held for federal office. Thus, the proposed routine use is appropriate and meets the relevant statutory and regulatory criteria.

The proposed routine use will allow SSA to verify the accuracy of information provided by States and territories with respect to applications for voter registration as required by section 205(r)(8) of the Social Security Act. Section 205(r)(8) of the Social Security Act provides that information provided by the Commissioner of Social Security under agreements with the states and territories is confidential and use of the information is limited to the purpose of verifying voter registrants' information as provided in the agreements. This provision also provides that any officer or employee or former officer or employee of a State, or any officer or employee or former officer or employee of a contractor of a State who, without written authority of the Commissioner, publishes or communicates any information in the individual's possession by reason of such employment or position as such an officer, shall be guilty of a felony and upon conviction shall be fined or imprisoned, or both, as described in section 208 of the Social Security Act. Additionally, we will adhere to all applicable provisions of the Privacy Act when disclosing information. Thus, we do not anticipate that the proposed new routine use will have any unwarranted adverse effect on the rights of individuals about whom data will be disclosed.
