

nationals that may qualify for expedited naturalization or citizenship processing. These disclosures will be made pursuant to requests made under section 329 of the Immigration and Nationality Act, 8 U.S.C. 1440, as executed by Executive Order 13269.

We are not republishing in its entirety the notice of the system of records to which we are adding the proposed new routine use disclosure. Instead, we are republishing only the identification number and the name of the system of record, along with the volume, page number and date of the **Federal Register** (FR) issue in which the system notice was last published. The proposed new routine use will be included in the *Master Files of Social Security Number (SSN) Holders and SSN Applications, 60-0058* (63 F.R. 14165, dated 03/24/98).

II. Compatibility of Proposed Routine Use

The Privacy Act (5 U.S.C. 552a(a)(7) and (b)(3)) and SSA's disclosure regulation (20 CFR Part 401) permit us to disclose information under a published routine use for a purpose that is compatible with the purpose for which we collected the information. Consistent with Executive Order 9397, Numbering System for Federal Accounts Relating to Individual Persons, SSA previously determined that disclosing information to those Federal agencies that use the SSN as a numerical identifier in their recordkeeping systems for the purpose of validating SSNs was compatible with the purposes for which SSA collected such information. The additional disclosure of citizenship status information to DOD helps DOD fulfill its obligation under EO 13269 to identify those members of the Armed Forces and military enrollees who are aliens or noncitizen nationals that may qualify for expedited naturalization or citizenship processing. This use is compatible with the purposes SSA collected the data as described in EO 9397. Thus, the proposed routine use is appropriate and meets the relevant statutory and regulatory criteria.

III. Effect of the Proposed Routine Use Disclosure on the Rights of Individuals

The proposed routine use will allow SSA to disclose SSN verifications and citizenship status information to DOD to assist DOD in identifying military enrollees and members of the Armed Forces who may be entitled to expedited naturalization. DOD has advised SSA that the administrative activity that DOD will conduct, based on information disclosed under the proposed routine use, will not result in decisions or

actions taken against specific individuals. The routine use has established safeguards to prevent unauthorized use or disclosure of the record and to ensure the privacy and other rights of individuals.

Additionally, we will adhere to all applicable provisions of the Privacy Act when disclosing information. Thus, we do not anticipate that the proposed new routine use will have any unwarranted adverse effect on the rights of individuals about whom data will be disclosed.
