

The Title VI regulations provide that DOS will investigate whenever it receives a complaint, report, or other information that alleges or indicates possible noncompliance with Title VI or its regulations. If the investigation results in a finding of compliance, DOS will inform the recipient in writing of this determination, including the basis for the determination. DOS uses voluntary mediation to resolve most complaints. However, if a case is fully investigated and results in a finding of noncompliance, DOS must inform the recipient of the noncompliance through a Letter of Findings that sets out the areas of noncompliance and the steps that must be taken to correct the noncompliance. It must attempt to secure voluntary compliance through informal means. If the matter cannot be resolved informally, DOS must secure compliance through the termination of Federal assistance after the DOS recipient has been given an opportunity for an administrative hearing and/or by referring the matter to a DOJ litigation section to seek injunctive relief or pursue other enforcement proceedings. DOS engages in voluntary compliance efforts and provides technical assistance to recipients at all stages of an investigation. During these efforts, DOS proposes reasonable timetables for achieving compliance and consults with and assists recipients in exploring cost-effective ways of coming into compliance. In determining a recipient's compliance with the Title VI regulations, DOS's primary concern is to ensure that the recipient's policies and procedures provide meaningful access for LEP persons to the recipient's programs and activities.

While all recipients must work toward building systems that will ensure access for LEP individuals, DOS acknowledges that the implementation of a comprehensive system to serve LEP individuals is a process and that a system will evolve over time as it is implemented and periodically reevaluated. As recipients take reasonable steps to provide meaningful access to federally assisted programs and activities for LEP persons, DOS will look favorably on the intermediate steps recipients take that are consistent with this guidance, and that, as part of a broader implementation plan or schedule, move their service delivery system toward providing full access to LEP persons. This does not excuse noncompliance but instead recognizes that full compliance in all areas of a recipient's activities, and for all potential language minority groups, may reasonably require a series of

implementing actions over a period of time. However, in developing any phased implementation schedule, DOS recipients should ensure that the provision of appropriate assistance for significant LEP populations affected by activities having a significant impact on the health, safety, legal rights, education, economic status or immigration status, or livelihood of beneficiaries is addressed first. Recipients are encouraged to document their efforts to provide LEP persons with meaningful access to federally assisted programs and activities.
