**BILLING CODE 4312–51–P**

**DEPARTMENT OF THE INTERIOR**

**Office of Surface Mining Reclamation and Enforcement**

**Notice of Proposed Information Collection for 1029–0124**

**AGENCY:** Office of Surface Mining Reclamation and Enforcement.

**ACTION:** Notice and request for comments.

**SUMMARY:** In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing that the information collection request for Revegetation: Standards for Success, required for surface mining activities and underground mining activities at 30

CFR 816.116 and 817.116, has been forwarded to the Office of Management and Budget (OMB) for review and comment. The information collection request describes the nature of the information collection and the expected burden and cost.

**DATES:** OMB has up to 60 days to approve or disapprove the information collections but may respond after 30 days. Therefore, public comments should be submitted to OMB by October 18, 2004, in order to be assured of consideration.

**FOR FURTHER INFORMATION CONTACT:** To request a copy of the information collection request, explanatory information and related form, contact John A. Trelease at (202) 208–2783, or electronically to [jtreleas@osmre.gov](mailto:jtreleas@osmre.gov).

**SUPPLEMENTARY INFORMATION:** The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. This notice identifies information collections at 30 CFR 816.116 and 817.116 that OSM will be submitting to OMB.

OSM previously received approval for collection activities for 30 CFR parts 816 and 817. They were assigned clearance number 1029–0047. However, OSM inadvertently omitted in the clearance request existing collection requirements for §§ 816.116 and 817.116. These sections require State regulatory authorities to develop success standards and statistically valid sampling techniques, and for operators to document revegetation success for Phase III bond release. OSM requested and received an emergency clearance from OMB for the collection activities in §§ 816.116 and 817.116. They were assigned clearance number 1029–0124. Now, OSM is seeking a 3-year term of approval for these collections.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 1029–0124. However, upon approval by OMB, OSM will submit a correction to OMB requesting that this collection be incorporated into the collection authority for 30 CFR parts 816 and 817 (1029–0047).

As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments on this collection of information was published on April 20,
