DEPARTMENT OF THE INTERIOR

Minerals Management Service

Outer Continental Shelf (OCS), Eastern Planning Area, Oil and Gas Lease Sale 197 (2005)

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Preparation of an environmental assessment.

SUMMARY: The MMS is beginning preparation of an environmental assessment (EA) for proposed Lease Sale 197 (scheduled for March 2005) in the Eastern Planning Area (EPA) of the Gulf of Mexico (GOM). The geographic area for proposed Lease Sale 197 is shown on the map published with this Notice; it is the same area that was offered in Lease Sale 181 held in December 2001 and Lease Sale 189 in December 2003. The preparation of this EA is the first step in the decision process for Lease

Sale 197. The proposal and alternative for Lease Sale 197 were identified by the MMS Director in February 2002 following the Call for Information and Nominations/Notice of Intent to Prepare an Environmental Impact Statement (EIS) and were analyzed in the Final Environmental Impact Statement for Gulf of Mexico OCS Oil and Gas Lease Sales: 2003 and 2005; Eastern Planning Area Sales 189 and 197 (Final EIS). A proposed action offering all available unleased acreage in the EPA and the No Action alternative were analyzed in the Final EIS. The analysis in the EA will reexamine the potential environmental effects of the proposed action and its alternative based on any new information regarding potential impacts and issues that were not available at the time the Final EIS was prepared.

FOR FURTHER INFORMATION CONTACT: Mr. Dennis Chew, Minerals Management Service, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394. You may also contact Mr. Chew by telephone at (504) 736-2793.

SUPPLEMENTARY INFORMATION: In May 2003, MMS prepared a Final EIS that addressed two proposed Federal actions that offer for lease areas on the Eastern GOM OCS that may contain economically recoverable oil and gas resources. Federal regulations allow for several related or similar proposals to be analyzed in one EIS (40 CFR 1502.4). Since each proposed lease sale and its projected activities are very similar, a single EIS was prepared for the two EPA lease sales scheduled in the Outer Continental Shelf Oil and Gas Leasing Program: 2002-2007 (the 5-Year Program). Under the 5-Year Program, proposed Lease Sale 189 was held in 2003, while proposed Lease Sale 197 is scheduled for 2005. An additional National Environmental Policy Act review will be conducted to address any new information relevant to proposed Lease Sale 197. After completion of the EA, MMS will determine whether to prepare a Finding of No New Significant Impact (FONNSI) or a Supplemental EIS. The MMS will then prepare and send Consistency Determinations (CD's) to the affected States to determine whether Lease Sale 197 is consistent with their federally-approved State coastal zone management programs. Finally, MMS will solicit comments via the Proposed Notice of Sale (PNOS)

from the governors of the affected States on the size, timing, and location of Lease Sale 197. The tentative schedule for the prelease decision process for Lease Sale 197 is as follows: EA FONNSI or Supplemental EIS decision, October 2004; CD's sent to the affected States, October 2004; PNOS sent to governors of affected States, October 2004; Final Notice of Sale published in the **Federal Register**, February 2005; and Lease Sale 197, March 2005.

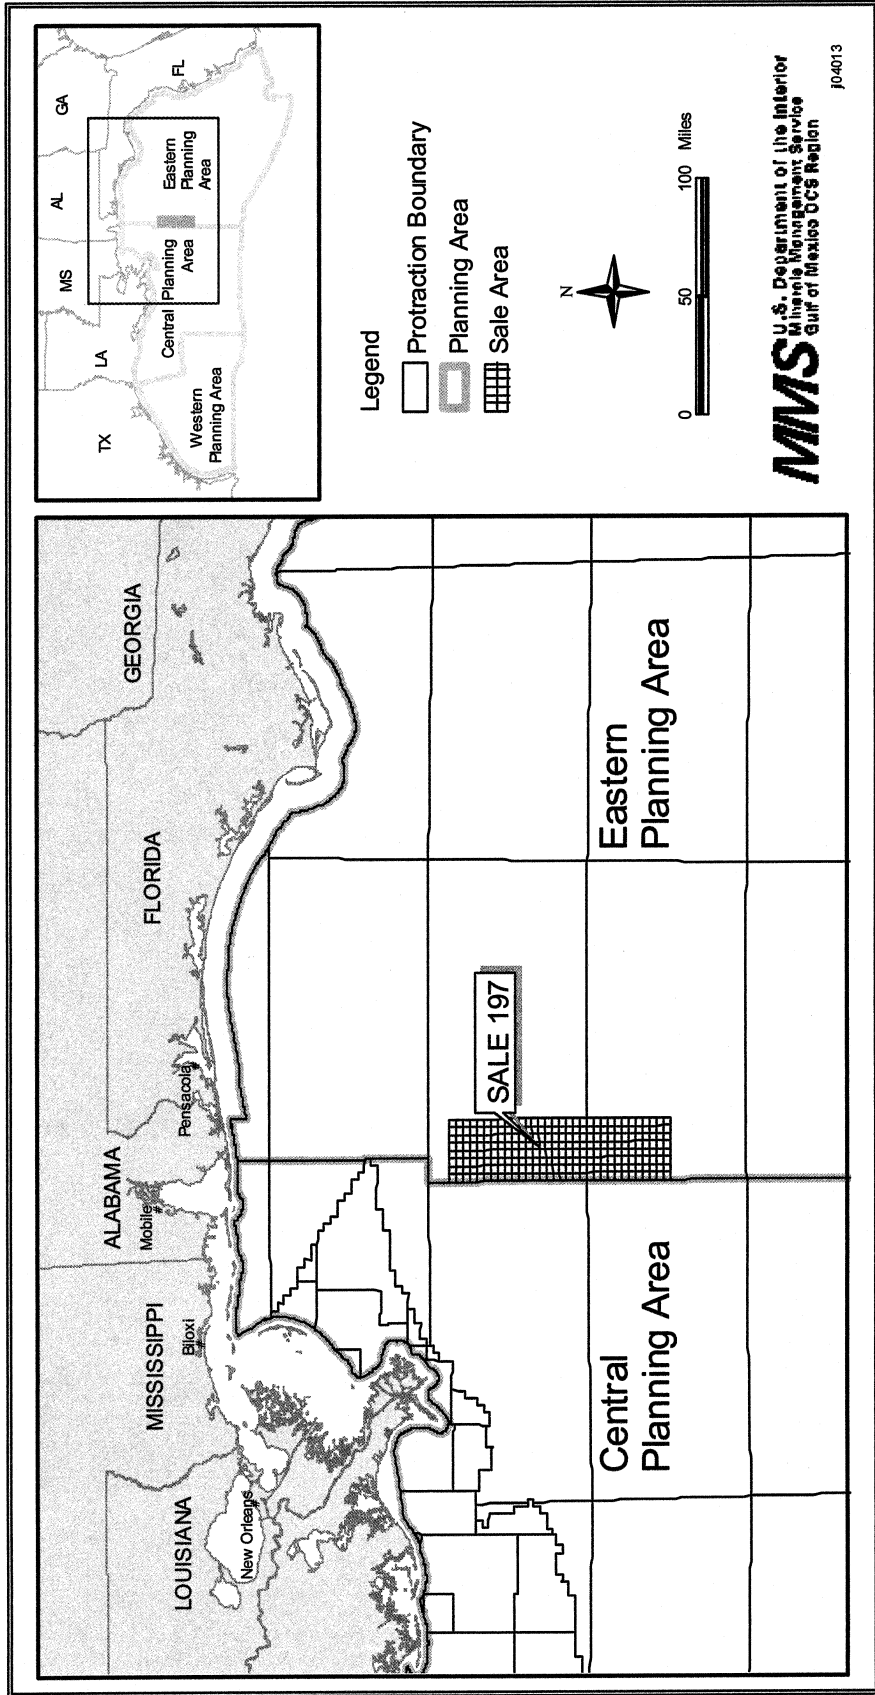

Public Comments: Federal, State, and local governmental agencies, and other interested parties are requested to send within 30 days of this Notice's publication comments regarding any new information or issues that should be addressed in the EA to the Regional Supervisor, Leasing and Environment (MS 5410), Gulf of Mexico OCS Region, Minerals Management Service, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394. Comments should be enclosed in an envelope labeled "Comments on EPA Lease Sale 197 EA." You may also send comments to the MMS email address: environment@mms.gov. Comments, including the names and home addresses of respondents, will be made available for public review during regular business hours. You may request that your name, home address, or both be withheld from the public record by stating so at the beginning of your submission. The MMS will honor such a request to the extent allowable by law. All comments submitted by organizations and businesses or by individuals identifying themselves as representatives of organizations and businesses will be made available for inspection in their entirety. Anonymous comments will not be considered. To obtain single copies of the Final EIS, you may contact the Minerals Management Service, Gulf of Mexico OCS Region, Attention: Public Information Office (MS 5034), 1201 Elmwood Park Boulevard, Room 114, New Orleans, Louisiana 70123-2394 (1-800-200-GULF). You may also view the Final EIS or check the list of libraries that have copies of the Final EIS and their locations on the MMS Web site at <http://www.gomr.mms.gov>.

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-492]

In the Matter of Certain Plastic Grocery and Retail Bags; Notice of Commission Determination Not To Review an Initial Determination Finding a Violation of Section 337; Schedule for Written Submissions on Remedy, the Public Interest, and Bonding

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the final initial determination (ID) issued by the presiding administrative law judge (ALJ) in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT:

Andrea Casson, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-3105. Copies of all nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on May 2, 2003, based on a complaint filed by Superbag Corp. ("Superbag") of Houston, Texas, against four respondents. 68 FR 24755 (May 8, 2003). Superbag's complaint alleges violations of section 337 of the Tariff Act of 1930 in the importation into the United States, sale for importation, and/or sale within the United States after importation of certain T-styled plastic grocery and retail bags that infringe one or more of claims 1-8 and 15-19 of Superbag's U.S. Patent No. 5,188,235. On March 30, 2004, the ALJ issued his

final ID and recommended determination on remedy and bonding, finding that there is a violation of section 337 and recommending that the Commission issue a general exclusion order. He also recommended that the bond permitted temporary importation during the Presidential review period be set at 80 percent of the entered value. No party petitioned for review of the ID.

In connection with the final disposition of this investigation, the Commission may (1) issue an order that could result in the exclusion of the subject articles from entry into the United States, and/or issue one or more cease and desist orders that could result in respondents being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, it should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, see *In the Matter of Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337-TA-360, USITC Pub. No. 2843 (December 1994) (Commission Opinion).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider in this investigation include the effect that an exclusion order would have on (1) The public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the President has 60 days to approve or disapprove the Commission's action. During this period, the subject articles would be entitled to enter the United States under a bond, in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed.

Written Submissions: The parties to the investigation, interested government

agencies, and any other interested parties are encouraged to file written submissions on remedy, the public interest, and bonding. Such submissions should address the March 30, 2004, recommended determination by the ALJ on remedy and bonding. Complainant and the Commission investigative attorney are also requested to submit proposed orders for the Commission's consideration. The written submissions and proposed orders must be filed no later than close of business on June 21, 2004. Reply submissions, if any, must be filed no later than the close of business on June 28, 2004. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file with the Office of the Secretary the original document and 14 true copies thereof on or before the deadlines stated above. Any person desiring to submit a document (or portion thereof) to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See section 201.6 of the Commission's Rules of Practice and Procedure, 19 CFR 201.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary.

This action is taken under the authority of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, and sections 210.42 of the Commission's Rules of Practice and Procedure, 19 CFR 210.42.

Issued: May 28, 2004.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.
