NUCLEAR REGULATORY COMMISSION

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: U. S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of pending NRC action to submit an information collection request to OMB and solicitation of public comment.

SUMMARY: The NRC is preparing a submittal to OMB for review of continued approval of information collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* 10 CFR Part 70—Domestic Licensing of Special Nuclear Material.

2. *Current OMB approval number:* 3150-0009.

3. *How often the collection is required:* Required reports are collected and evaluated on a continuing basis as events occur. Applications for new licenses and amendments may be submitted at any time. Generally, renewal applications are submitted every ten years and for major fuel cycle facilities updates of the safety demonstration section are submitted every two years. Nuclear material control and accounting information is submitted in accordance with specified instructions.

4. *Who is required or asked to report:* Applicants for and holders of specific NRC licenses to receive title to, own, acquire, deliver, receive, possess, use, or initially transfer special nuclear material.

5. *The estimated number of annual respondents:* 372.

6. *The number of hours needed annually to complete the requirement or request:* 89,465 (81,765 reporting hours + 7,700 recordkeeping hours) or an average of 125 hours per response (81,765 reporting burden hours/655 responses) and an average of 13 hours per recordkeeper (7,700 recordkeeping burden hours/601 recordkeepers).

7. *Abstract:* Part 70 establishes requirements for licenses to own,

acquire, receive, possess, use, and transfer special nuclear material. The information in the applications, reports, and records is used by NRC to make licensing and other regulatory determinations concerning the use of special nuclear material. The revised estimate of burden reflects the addition of requirements for documentation for termination or transfer of licensed activities, and modifying licenses.

Submit, by August 3, 2004, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the burden estimate accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?

A copy of the draft supporting statement may be viewed free of charge at the NRC Public Document Room, One White Flint North, 11555 Rockville Pike, Room O-1 F21, Rockville, MD 20852. OMB clearance requests are available at the NRC worldwide Web site: <http://www.nrc.gov/public-involve/doc-comment/omb/index.html>. The document will be available on the NRC home page site for 60 days after the signature date of this notice.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Regulation 12B, OMB Control No. 3235-0062, SEC File No. 270-70.

Form 15, OMB Control No. 3235-0167, SEC File No. 270-170.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission (“Commission”) is soliciting comments on the collections of information summarized below. The Commission

plans to submit these existing collections of information to the Office of Management and Budget for extension and approval.

Regulation 12B (OMB Control No. 3235-0062; SEC File No. 270-70) includes rules governing all registration statements pursuant to Sections 12(b) and 12(g) of the Securities Exchange Act of 1934 (“Exchange Act”), including all amendments to such statements and reports. The purpose of the regulation is to set forth guidelines for the uniform preparation of Exchange Act documents. Regulation 12B is assigned one burden hour for administrative convenience because the regulation simply prescribes the disclosure that must appear in other filings under the federal securities laws.

Form 15 (OMB Control No. 3235-0167; SEC File No. 270-170) is a certification of termination of a class of security under Section 12(g) or notice of suspension of duty to file reports pursuant to Sections 13 and 15(d) of the Securities Exchange Act of 1934. Approximately 2,000 issuers file Form 15 annually and it takes approximately a total of 1.5 hours per response for a total of 3,000 annual burden hours.

Written comments are invited on: (a) Whether these proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to R. Corey Booth, Director/Chief Information Officer, Office of Information Technology, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549.

Dated: May 27, 2004.

Margaret H. McFarland,

Deputy Secretary.
