[Docket No. NHTSA-2004-19485]

### Notice of Receipt of Petition for Decision That Nonconforming 2004 Jeep Liberty Multipurpose Passenger Vehicles Manufactured for the Mexican Market Are Eligible for Importation

**AGENCY:** National Highway Traffic Safety Administration, DOT. **ACTION:** Notice of receipt of petition for decision that nonconforming 2004 Jeep Liberty multipurpose passenger vehicles manufactured for the Mexican market are eligible for importation.

**SUMMARY:** This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that 2004 Jeep Liberty multipurpose passenger vehicles manufactured for the Mexican market that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards are eligible for importation into the United States because (1) they are substantially similar to vehicles that were originally manufactured for sale in the United States and that were certified by their manufacturer as complying with the safety standards, and (2) they are capable of being readily altered to conform to the standards.

**DATES:** The closing date for comments on the petition is December 3, 2004. **ADDRESSES:** Comments should refer to the docket number and notice number, and be submitted to: Docket Management, Room PL–401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.]. Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477–78) or you may visit *http://dms.dot.gov*.

FOR FURTHER INFORMATION CONTACT: Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202–366–3151). SUPPLEMENTARY INFORMATION:

#### SUPPLEMENTART INFORMATION

# Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the Federal Register of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the Federal Register.

Wallace Environmental Testing Laboratories, Inc. (WETL) of Houston. TX (Registered Importer 90–005) has petitioned NHTSA to decide whether nonconforming 2004 Jeep Liberty multipurpose passenger vehicles manufactured for the Mexican market are eligible for importation into the United States. The vehicles which WETL believes are substantially similar are 2004 Jeep Liberty multipurpose passenger vehicles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable Federal motor vehicle safety standards.

The petitioner claims that it carefully compared non-U.S. certified 2004 Jeep Liberty multipurpose passenger vehicles manufactured for the Mexican market to their U.S.-certified counterparts, and found the vehicles to be substantially similar with respect to compliance with all applicable Federal motor vehicle safety standards.

WÉTL submitted information with its petition intended to demonstrate that non-U.S. certified 2004 Jeep Liberty multipurpose passenger vehicles manufactured for the Mexican market as originally manufactured, conform to all applicable Federal motor vehicle safety standards in the same manner as their U.S. certified counterparts.

Specifically, the petitioner claims that non-U.S. certified 2004 Jeep Liberty multipurpose passenger vehicles manufactured for the Mexican market are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 101 Controls and Displays, 102 Transmission Shift Lever Sequence, Starter Interlock, and Transmission Braking Effect, 103 Windshield Defrosting and Defogging Systems, 104 Windshield Wiping and Washing Systems, 106 Brake Hoses, 108 Lamps, Reflective Devices and Associated Equipment, 111 Rearview Mirrors, 113 Hood Latch System, 114 Theft Protection, 116 Motor Vehicle Brake Fluids, 118 Power-Operated Window, Partition, and Roof Panel Systems, 119 New Pneumatic Tires for Vehicles Other than Passenger Cars, 120 Tire Selection and Rims for Motor Vehicles Other than Passenger Cars, 124 Accelerator Control Systems, 135 Passenger Car Brake Systems, 201 Occupant Protection in Interior Impact, 202 Head Restraints, 204 Steering Control Rearward Displacement, 205 Glazing Materials, 206 Door Locks and Door Retention Components, 207 Seating Systems, 208 Occupant Crash Protection, 209 Seat Belt Assemblies, 210 Seat Belt Assembly Anchorages, 212 Windshield Mounting, 214 Side Impact Protection, 216 Roof Crush Resistance, 219 Windshield Zone Intrusion, 225 Child Restraint Anchorage Systems, 301 Fuel System Integrity, and 302 Flammability of Interior Materials.

The petitioner also states that a vehicle identification plate must be affixed to the vehicles near the left windshield post to meet the requirements of 49 CFR Part 565.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.]. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Research and Special Programs Administration

### Office of Hazardous Materials Safety; Notice of Delays in Processing of Exemption Applications

**AGENCY:** Research and Special Programs Administration, DOT. **ACTION:** List of application delayed more

than 180 days.

**SUMMARY:** In accordance with the requirements of 49 U.S.C. 5117(c), RSPA is publishing the following list of exemption applications that have been in process for 180 days or more. The reason(s) for delay and the expected completion date for action on each application is provided in association with each identified application. **FOR FURTHER INFORMATION CONTACT:** Delmer Billings, Office of Hazardous

Materials Exemptions and Approvals, Research and Special Programs Administration, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590–0001, (202) 366–4535.

# Key to "Reason for Delay"

1. Awaiting additional information for applicant.

2. Extensive public comment under review.

3. Application is technically complex and is of significant impact or precedent-setting and requires extensive analysis.

4. Staff review delayed by other priority issues or volume of exemption applications.

# Meaning of Application Number Suffixes

N—New application.

M—Modification request. PM—Party to application with

modification request.

Issued in Washington, DC, on October 28, 2004.

#### R. Ryan Posten,

Exemptions Program Officer, Office of Hazardous Materials Safety Exemptions & Approvals.
