

Office of Professional Responsibility (OPR), proposes to modify the following system of records previously published in full text in the **Federal Register** on December 10, 1998 (63 FR 68299 (1998)): Office of Professional Responsibility Record Index, JUSTICE/OPR-001. This system of records was last modified to add three routine uses in **Federal Register** notice of November 27, 2002 (67 FR 70967 (2002)).

OPR is adding one new routine use to this system of records. This routine use allows the disclosure of certain information to the subject of an investigation or inquiry conducted by OPR for the purpose of furthering the investigation or inquiry, or to give notice of the status or outcome of the investigation or inquiry. In addition, the Department is revising the existing routine use for disclosure of records in records management inspections, since the General Services Administration no longer conducts record management inspections.

Title 5 U.S.C. 552a(e)(4) and (11) provides that the public be given a 30-day period in which to comment on the proposed new routine use disclosures. The Office of Management and Budget (OMB), which has oversight responsibilities under the Privacy Act, requires a 40-day period in which to conclude its review of any proposal to revise existing routine uses or add new routine use disclosures or make other major modifications.

You may submit any comments by May 20, 2004. The public, OMB and the Congress are invited to send comments to Mary Cahill, Management Analyst, Management and Planning Staff, Justice Management Division, Department of Justice, Room 1400 National Place Building, Washington, DC 20530. If no comments are received, the proposal will be implemented without further notice in the **Federal Register**.

In accordance with 5 U.S.C. § 552a(r), the Department has provided a report to OMB and the Congress on the proposed new routine use.

Dated: April 6, 2004.
