

Office of Professional Responsibility (OPR), proposes to modify the following system of records previously published in full text in the **Federal Register** on December 10, 1998 (63 FR 68299 (1998)): Office of Professional Responsibility Record Index, JUSTICE/OPR-001. This system of records was last modified to add three routine uses in **Federal Register** notice of November 27, 2002 (67 FR 70967 (2002)).

OPR is adding one new routine use to this system of records. This routine use allows the disclosure of certain information to the subject of an investigation or inquiry conducted by OPR for the purpose of furthering the investigation or inquiry, or to give notice of the status or outcome of the investigation or inquiry. In addition, the Department is revising the existing routine use for disclosure of records in records management inspections, since the General Services Administration no longer conducts record management inspections.

Title 5 U.S.C. 552a(e)(4) and (11) provides that the public be given a 30-day period in which to comment on the proposed new routine use disclosures. The Office of Management and Budget (OMB), which has oversight responsibilities under the Privacy Act, requires a 40-day period in which to conclude its review of any proposal to revise existing routine uses or add new routine use disclosures or make other major modifications.

You may submit any comments by May 20, 2004. The public, OMB and the Congress are invited to send comments to Mary Cahill, Management Analyst, Management and Planning Staff, Justice Management Division, Department of Justice, Room 1400 National Place Building, Washington, DC 20530. If no comments are received, the proposal will be implemented without further notice in the **Federal Register**.

In accordance with 5 U.S.C. § 552a(r), the Department has provided a report to OMB and the Congress on the proposed new routine use.

Dated: April 6, 2004.

Paul R. Cortis,
Assistant Attorney General for Administration.

Agilent Technologies, Inc., Computer Test Equipment Division (Cte), Santa Rosa, CA and Including Employees of Agilent Technologies, Inc., Computer Test Equipment Division (Cte), Andover, MA; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on October 7, 2003, applicable to workers of Agilent Technologies, Inc., Computer Test Equipment Division (CTE), Santa Rosa, California. The notice was published in the **Federal Register** on November 6, 2003 (68 FR 62834).

At the request of the company, the Department reviewed the certification for workers of the subject firm. New information shows that worker separations have occurred involving employees of the Santa Rosa, California facility of Agilent Technologies, Inc., Computer Test Equipment Division (CTE) located in Andover, Massachusetts.

These employees provided research and development services supporting the production of drive test equipment in the PLPJ line at the subject firm.

Based on these findings, the Department is amending this certification to include employees of the Santa Rosa, California facility of Agilent Technologies, Inc., Computer Test Equipment Div. (CTE), located in Andover, Massachusetts.

The intent of the Department's certification is to include all workers of Agilent Technologies, Inc., Computer Test Equipment (CTE) who were adversely affected by increased imports.

The amended notice applicable to TA-W-52,969B is hereby issued as follows:

"All workers of Agilent Technologies, Inc., Computer Test Equipment Division (CTE), Santa Rosa, California (TA-W-52,969B), including employees of Agilent Technologies, Inc., Computer Test Equipment Division (CTE), Andover, Massachusetts (TA-W-52,969C), engaged in employment related to the support of drive test equipment in the PLPJ product line who became totally or partially separated from employment on or after September 16, 2002, through October 7, 2005, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington, DC, this 9th day of April 2004.

Linda G. Poole,

Certifying Officer, Division of Trade Adjustment Assistance.

RBX Industries, Bedford, VA; Notice of Termination of Investigation

Pursuant to Section 221 of the Trade Act of 1974, as amended, an investigation was initiated on March 22, 2004 in response to a worker petition filed on behalf of workers at RBX Industries, Inc., Bedford, Virginia.

The petitioning group of workers is covered by an earlier petition filed on March 5, 2004 (TA-W-54,467) that is the subject of an ongoing investigation for which a determination has not yet been issued. Further investigation in this case would duplicate efforts and serve no purpose; therefore the investigation under this petition has been terminated.

[NAFTA-06385]

Ameriphone, Inc., a Wholly Owned Subsidiary of Plantronics, Inc., Garden Grove, CA; Notice of Revised Determination on Remand

The United States Court of International Trade (USCIT) granted the Secretary of Labor's motion for a voluntary remand for further investigation in *Former Employees of Ameriphone, Inc. v. U.S. Secretary of Labor* (Court No. 03-00243).

The Department's initial denial of NAFTA-Transitional Adjustment Assistance (NAFTA-6385) for the workers of Ameriphone, Inc., a wholly owned subsidiary of Plantronics, Inc., Garden Grove, California (hereafter "Ameriphone"), was issued on September 11, 2002 and published in the **Federal Register** on September 27, 2002 (67 FR 61160). The denial was based on the finding that the workers at the subject facility did not produce an article as required by Section 250 of the Trade Act of 1974.

On March 10, 2003, the Department issued a Notice of Negative Determination Regarding Application for Reconsideration for NAFTA-6385 and published in the **Federal Register** on March 18, 2003 (68 FR 12938).

In the request for reconsideration, the petitioner alleged that the workers were engaged in the final phase of production (inspecting, testing and modifying products) as well as prototype design and production. In the reconsideration investigation, the Department found that the articulated functions constituted a negligible portion of the work performed at the subject facility and that the workers were, in fact, service providers.

On voluntary remand, the Department contacted the company and requested detailed information regarding the workers' functions at the subject facility. The newly obtained information revealed that workers at the subject facility were engaged in production. The
