SUPPLEMENTARY INFORMATION: Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal

agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below.

With respect to the following collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

Gross Collection of Exchange-Set Margins for Omnibus Accounts, OMB Control Number 3038-0026—Extension

Commission Rule 1.58 requires that FCMs margin omnibus accounts on a gross, rather than a net, basis. The rule provides that the carrying FCM need not collect margin for positions traded by a person through an omnibus account in excess of the amount which would be required if the same person, instead of trading through an omnibus account, maintained its own account with the carrying FCM.

The Commission estimates the burden of this collection of information as follows:

ESTIMATED ANNUAL REPORTING BURDEN

17 CFR Section	Annual number of respondents	Frequency of response	Total annual responses	Hours per response	Total hours
17 CFR 1.58	150	On occasion	600	.08	48

There are no capital costs or operating and maintenance costs associated with this collection.

This estimate is based on the number of written records maintained in the last three years. Although the burden varies, such records may involve analytical work and analysis, as well as multiple levels of review.

Dated: November 4, 2004.

Jean A. Webb,

Secretary of the Commission.
