**CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM OF RECORDS:**

Operators of interstate commercial motor vehicles who transport certain commodities and have been granted waivers/exemptions from normally-applicable safety requirements.

**CATEGORIES OF RECORDS IN THE SYSTEM:**

Applications for waiver, exemptions, final disposition of request for waiver/exemptions; and exemption renewal.

**AUTHORITY FOR MAINTENANCE OF THE SYSTEM:**

Motor Carrier Safety Act of 1984 (49 U.S.C. 31136(e) and TEA-21 (49 U.S.C. 31315).

**PURPOSES:**

Monitor drivers of commercial motor vehicles who operate in interstate commerce and have requested waivers to existing Federal Motor Carrier Safety Regulations (FMCSRs).

The purpose of the information in these records is to make determinations concerning whether drivers who request exemptions from the medical standards in the FMCSRs should be permitted to operate a CMV in interstate commerce. The determination is based on drivers' medical records describing the impairment for which they are requesting an exemption, the ability to manage the impairment, and the demonstrated ability to operate a CMV in a safe manner with the impairment. This information, with augmentation and updating, is also used every two years to determine if the exemption should be renewed as is specified in TEA-21 (49 U.S.C. 31315). The use of the information in the various determinations is focused on insuring that the program is as safe or safer than the circumstance present in the absence of the program as is required in TEA-21 (49 U.S.C. 31315).

**POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:**

**STORAGE:**

The records are currently stored in two locations. The physical records are stored at a secure site located at the contracting company which supports the exemption program. The records are also stored in an electronic format on a

secure web-based information system. The information system is protected through the use of HTTPS and SSL (Secure Socket Links). All users of the system are required to obtain a client certificate which identifies the user to the web site. The company that supports the program has set up a certificate server, from which authorized users can request a client certificate. All client certificate requests are reviewed by company's Information Systems Manager, who is responsible for providing access to the site. The Information System Manager works with the Project Manager and the FMCSA Project Officer to determine the user access to the site. Once a user is approved, the Information System Manager notifies the user via e-mail that their client certificate has been approved, and provides them with instructions on how to download and install the client certificate on the user's personal computer. Currently, only the project staff and selected FMCSA Managers have access to the site.

**RETRIEVABILITY:**

Records are retrieved by driver's name.

**SAFEGUARDS:**

**DEPARTMENT OF THE TREASURY**

**Fiscal Service**

**Fee Schedule for the Transfer of U.S. Treasury Book-Entry Securities Held on the National Book-Entry System**

**AGENCY:** Bureau of the Public Debt, Fiscal Service, Department of the Treasury.

**ACTION:** Notice.

**SUMMARY:** The Department of the Treasury is announcing a new fee schedule for the transfer of book-entry securities maintained on the National Book-Entry System (NBES). This fee schedule will take effect on January 3, 2005. The basic fee for the transfer of a Treasury book-entry security will be \$.21, unchanged from fees in effect since July 1, 2003. The Federal Reserve funds movement fee will be \$.04, unchanged from the funds movement fee in effect since January 2, 2004, resulting in a combined fee of \$.25 for each Treasury securities transfer.

In addition to the basic fee, off-line transfers have a surcharge. The surcharge for an off-line Treasury book-entry transfer in CY 2005 will be increasing from \$28.00 to \$33.00.

**EFFECTIVE DATE:** January 3, 2005.

**FOR FURTHER INFORMATION CONTACT:**

Edward C. Leithead, Director, Primary & Secondary Market Fixed Income Securities (Financing), Bureau of the Public Debt, c/o Federal Reserve Bank

of New York, 33 Liberty Street, New York, NY 10045-0001, telephone (212) 720-2883.

Dennis Buchholz, Financial Systems Analyst, Bureau of the Public Debt, 799 9th Street NW, Washington, DC 20239, telephone (202) 504-3688.

**SUPPLEMENTARY INFORMATION.** On

October 1, 1985, the Department of the Treasury established a fee structure for the transfer of Treasury book-entry securities maintained on NBES.

Effective January 3, 2005, the basic fee will be \$.21 for each Treasury securities transfer and reversal sent and received, unchanged from fees in effect since July 1, 2003. The surcharge for an off-line Treasury book-entry transfer will increase from \$28.00 to \$33.00.

The basic transfer fee assessed to both sends and receives is reflective of costs associated with the processing of a security transfer. The off-line surcharge reflects the additional processing costs associated with the manual processing of off-line securities transfers.

The Treasury does not charge a fee for account maintenance, the stripping and reconstitution of Treasury securities, or the wires associated with original issues, or interest and redemption payments. The Treasury currently absorbs these costs and will continue to do so.

The fees described in this notice apply only to the transfer of Treasury book-entry securities held on NBES. Information concerning book-entry transfers of government Agency securities, which are priced by the Federal Reserve System, is set out in a separate **Federal Register** notice published by the Board of Governors of the Federal Reserve System on November 9, 2004, docket number OP-1216.

The following is the Treasury fee schedule that will take effect on January 3, 2005, for the book-entry transfers on NBES:
