

I. Background

In the **Federal Register** of April 19, 2000 (65 FR 20992), FDA's Center for Veterinary Medicine (CVM) announced plans to develop a prototypic risk assessment (RA) model that accounts for the transfer of resistance determinants from bacteria in food-producing animals to bacteria in humans. CVM also requested comments on their approach to the RA model, requested that scientific data and information relevant to the conduct of the RA be submitted, and indicated its intention to work with stakeholders to assess potential risks.

The outcome of our work is a document entitled "Draft Risk Assessment of Streptogramin Resistance in *Enterococcus faecium* Attributable to the Use of Streptogramins in Animals." This draft risk assessment specifically addresses the link between the use of the streptogramin antimicrobial, virginiamycin, in food-producing animals and the development of resistance to the related streptogramins, quinupristin-dalfopristin, used to treat human enterococcal infections. *Enterococcus* bacteria include commensal strains normally present in the intestines of animals and man. This risk assessment focuses on the opportunistic pathogen *Enterococcus faecium*.

In an effort to better ensure broad awareness of this **Federal Register** notice, FDA will make copies available through the FDA Dockets Listserv (<http://www.fda.gov/ohrms/dockets/FDAMAIL/DMBemaillist.htm>). To be added to any of FDA's free e-mail subscription services go to: <http://www.fda.gov>. Click on "Subscribe to FDA's E-mail Lists", then follow the instructions provided.

II. Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments on the draft guidance. Two copies of mailed comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The draft guidance and received comments are available for public examination in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

Substance Abuse and Mental Health Services Administration

Center for Substance Abuse Prevention; Notice of Meeting

Pursuant to Pub. L. 92-463, notice is hereby given of the meeting of the Substance Abuse and Mental Health Services Administration (SAMHSA) Drug Testing Advisory Board to be held in December 2004.

On December 7, the Board will meet in an open session from 8:30 a.m. to 9:30 a.m. The open session will include a Department of Health and Human Services drug testing program update, a Department of Transportation drug testing program update, and a Nuclear Regulatory Commission drug testing program update. Attendance by the public will be limited to space available. Public comments are welcome. Please communicate with the individual listed as contact below to make arrangements to comment or to request special accommodations for persons with disabilities.

The Board will also meet in closed sessions on December 7 from 9:30 a.m. to 4:30 p.m. and on December 8 from 8:30 a.m. until noon to develop the analytical and administrative policies for the final Revisions to the Mandatory Guidelines for Federal Workplace Drug Testing Program that were published as proposed revisions in the **Federal Register** on April 13, 2004 (69 FR 19673). The submissions from 285 commenters have been made available to the public on the Web site <http://workplace.samhsa.gov>. This portion of the meeting must be conducted in closed sessions since discussing such public comments in an open session and then developing the policies will significantly frustrate the Department's ability to develop the Final Notice of Revisions to the Mandatory Guidelines for Federal Workplace Drug Testing Programs. The HHS Office of General Counsel made the determination that such matters are protected by exemption 9(B) of section 552(b)(c) of title 5 U.S.C. and therefore may be closed to the public.

A roster of the board members may be obtained from: Mrs. Giselle Hersh, Division of Workplace Programs, 1 Choke Cherry Road, Room 2-1035, Rockville, MD 20857, 240-276-2600 (telephone). The transcript of the open session will be available on the following Web site: <http://workplace.samhsa.gov>. Additional information for this meeting may be

obtained by contacting the individual listed below.
