DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Submitted for Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of an extension of a currently approved information collection (OMB Control Number 1010–0074).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are notifying the public that we have submitted to OMB an information collection request (ICR) to renew approval of the paperwork requirements in the regulations under 30 CFR part 206, subpart J—Indian Coal. This notice also provides the public a second opportunity to comment on the paperwork burden of these regulatory requirements. The ICR is titled 30 CFR part 206—Product Valuation, subpart J—Indian Coal (Forms MMS–4292, Coal Washing Allowance Report, and MMS–4293, Coal Transportation Allowance Report). We changed the title of this ICR to clarify the regulatory language we are covering under 30 CFR part 206. The previous title was “Coal Washing and Transportation Allowances (Forms MMS–4292 and MMS–4293).”

DATES: Submit written comments on or before November 26, 2004.

ADDRESSES: Submit written comments by either FAX (202) 395–6566 or e-mail (*OIRA_Docket@omb.eop.gov*) directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (OMB Control Number 1010–0074). SUPPLEMENTARY INFORMATION: Title: 30 CFR part 206—Product Valuation, subpart J—Indian Coal (Forms MMS–4292, Coal Washing Allowance Report, and MMS–4293, Coal Transportation Allowance Report).

OMB Control Number: 1010–0074.

Bureau Form Number: Forms MMS–4292 and MMS–4293.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary, under the Mineral Leasing Act (30 U.S.C. 1923) and the Outer Continental Shelf Lands Act (43 U.S.C. 1353), is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws.

The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the royalty management functions and assists the Secretary in carrying out the Department’s Indian trust responsibility.

This ICR provides for the collection of coal washing and transportation information for Indian leases. The information collected is essential for the royalty valuation process. Applicable citations include 25 U.S.C. 396d and the Indian Mineral Development Act of 1982 (25 U.S.C. 2103) pertaining to Indian lands on which solid minerals are produced. The product valuation and allowance determination processes are essential to assure that the Indians receive payment on the full value of the minerals removed.

In order to determine whether the amount of royalty paid is correct, the value of the coal being sold or otherwise disposed of in some other manner (for example, used by the lessee) must be established. Under some circumstances, the lessee may be authorized to deduct certain costs in the calculation of royalties due. The total of these authorized deductible costs is known as an allowance. An allowance may be granted to compensate the lessee for the reasonable actual cost of washing the royalty portion of the coal. Also, when the sales point is not in the immediate vicinity of a lease or mine area, an allowance may be granted to compensate the lessee for the reasonable actual cost of transporting the royalty portion of the coal to a sales point not on the lease or mine area.

We developed Form MMS–4292, Coal Washing Allowance Report, and Form MMS–4293, Coal Transportation Allowance Report, for industry to use when reporting or requesting a washing or transportation allowance.

Historically, the lessee requested approval of royalty deductions by submitting a letter, which provided information enabling the Department to evaluate the reasonableness of the deductions. Under the product valuation regulations at 30 CFR 206—Product Valuation, subpart J—Indian Coal, we normally accept costs incurred under arm’s-length contracts for transporting and/or washing coal. (An arm’s-length contract is a contract or an agreement that has been arrived at in the marketplace between independent, nonaffiliated persons with opposing economic interests regarding that contract.) The regulations further provide that we normally accept the gross proceeds accruing to the lessee pursuant to their arm’s-length contract as being representative of value for ad valorem leases (*see* 30 CFR 206.456(b)(1)).

In those instances when Indian royalty coal is washed or transported under non-arm’s-length conditions, it is necessary for us to obtain cost data. This cost data enables us to accurately determine if the lessee correctly computed the coal value and the gross proceeds for royalty calculation purposes.

Not collecting this information would limit the Secretary’s ability to discharge fiduciary duties and may also result in the inability to confirm accurate royalty value. The information that is collected under this ICR is essential for the royalty valuation process.

We are renewing this information collection request because of the possibility of 10 or more respondents in
