POSTAL SERVICE

Privacy Act of 1974, System of Records

AGENCY: Postal Service.

ACTION: Notice of modifications to an existing system of records.

SUMMARY: This document publishes notice of modifications to the Privacy Act system of records USPS 070.040, Inquiries and Complaints—Customer and Employee Complaint Records. The modifications amend the types of individuals covered, so that the system only covers Postal Service™ employees, not customers. The modifications also make other updates, such as amendments to the system manager and storage of records, to reflect current management practices.

DATES: Any interested party may submit written comments on the proposed modification. This proposal will become effective without further notice on May 3, 2004, unless comments received on or before that date result in a contrary determination.

ADDRESSES: Mail or deliver written comments on this proposal to the Records Office, United States Postal Service, 475 L'Enfant Plaza, SW., Room 5846, Washington, DC 20260-5846. Copies of all written comments will be available at the above address for public inspection and photocopying between 8 a.m. and 4 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Rowena Dufford at (202) 268-5246.

SUPPLEMENTARY INFORMATION: System of records USPS 070.040 contains records relating to inquiries and complaints from Postal Service customers and employees. The revisions to this system will limit the types of individuals covered to include only present or former Postal Service employees. This reflects the deletion of customer inquiries and complaints, which are no longer covered by this system. Customer inquiries and complaints are now

included in Privacy Act system USPS 530.000, Customer Service and Correspondence. The notice also clarifies that the system covers records that are created as a result of management-initiated investigations into workplace issues.

To reflect the correct scope, the notice proposes several changes to the system. These include changes to the categories of individuals covered by the system, categories of records in the system, the purpose of the system, the system manager, notification procedures, and records source categories. The modifications also make appropriate updates to the system, including changes to the system name, storage, and safeguards. This system does not contain records covered under 030.010, EEO Discrimination Complaint Files, or 120.036, Discipline, Grievance, and Appeals Records for Nonbargaining Unit Employees.

The Postal Service does not expect this amended notice to have any adverse effect on individual privacy rights. The amendment does not change the kinds of personal information about employees that are collected and maintained. The amendment deletes customer information, which is included in a different system of records. The amendment also ensures that information collected as part of a management investigation that is Privacy Act protected is appropriately covered in a system of records. The amendment also makes needed updates to the system, such as storage and safeguards revisions.

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report of the proposed system has been sent to Congress and to the Office of Management and Budget for their evaluation.

Privacy Act System of Records USPS 070.040 was last published in its entirety in the **Federal Register** on June 29, 1995 (60 FR 33882-33883) and was amended on February 23, 1999 (64 FR 8876-8892). The Postal Service proposes amending the system as shown below:
