## FEDERAL RESERVE SYSTEM

### 12 CFR Part 229

[Regulation CC; Docket No. R-1185]

#### Availability of Funds and Collection of Checks

**AGENCY:** Board of Governors of the Federal Reserve System.

**ACTION:** Final rule; technical amendment.

**SUMMARY:** The Board of Governors is amending appendix A of Regulation CC to delete the reference to the El Paso check processing office of the Federal Reserve Bank of Dallas and reassign the Federal Reserve routing symbols currently listed under that office to the head office of the Federal Reserve Bank of Dallas. These amendments reflect the restructuring of check processing operations within the Federal Reserve System.

**DATES:** The final rule will become effective on May 15, 2004.

**FOR FURTHER INFORMATION CONTACT:** Jack K. Walton II, Assistant Director (202/452-2660), or Joseph P. Baressi, Senior Financial Services Analyst (202/452-3959), Division of Reserve Bank Operations and Payment Systems; or Adrienne G. Threatt, Counsel (202/452-3554), Legal Division. For users of Telecommunications Devices for the Deaf (TDD) only, contact 202/263-4869.

**SUPPLEMENTARY INFORMATION:** Regulation CC establishes the maximum period a depository bank may wait between receiving a deposit and making the deposited funds available for

withdrawal.<sup>1</sup> A depository bank generally must provide faster availability for funds deposited by a “local check” than by a “nonlocal check.” A check drawn on a bank is considered local if it is payable by or at a bank located in the same Federal Reserve check processing region as the depository bank. A check drawn on a nonbank is considered local if it is payable through a bank located in the same Federal Reserve check processing region as the depository bank. Checks that do not meet the requirements for “local” checks are considered “nonlocal.”

Appendix A to Regulation CC contains a routing number guide that assists banks in identifying local and nonlocal banks and thereby determining the maximum permissible hold periods for most deposited checks. The appendix includes a list of each Federal Reserve check processing office and the first four digits of the routing number, known as the Federal Reserve routing symbol, of each bank that is served by that office. Banks whose Federal Reserve routing symbols are grouped under the same office are in the same check processing region and thus are local to one another.

As explained in detail in the Board’s final rule published in the **Federal Register** on May 28, 2003, the Federal Reserve Banks decided in early 2003 to reduce the number of locations at which they process checks.<sup>2</sup> As part of this restructuring process, the El Paso office of the Federal Reserve Bank of Dallas will cease processing checks on May 15, 2004. As of that date, banks with routing symbols currently assigned to the El Paso office for check processing purposes will be reassigned to the Dallas Reserve Bank’s head office. As a result of this change, some checks that are drawn on and deposited at banks located in the El Paso and Dallas check processing regions and that currently are nonlocal checks will become local checks subject to faster availability schedules.

The Board accordingly is amending the list of routing symbols assigned to Eleventh District check processing offices to reflect the transfer of

<sup>1</sup> For purposes of Regulation CC, the term “bank” refers to any depository institution, including commercial banks, savings institutions, and credit unions.

<sup>2</sup> See 68 FR 31592, May 28, 2003. In addition to the general advance notice of future amendments previously provided by the Board, as well as the Board’s notices of final amendments, the Reserve Banks are striving to inform affected depository institutions of the exact date of each office transition at least 120 days in advance. The Reserve Banks’ communications to affected depository institutions are available at [www.frbsservices.org](http://www.frbsservices.org).

operations from El Paso to Dallas and to assist banks in identifying local and nonlocal banks. These amendments are effective May 15, 2004, to coincide with the effective date of the underlying check processing changes. The Board is providing advance notice of these amendments to give affected banks ample time to make any needed processing changes. The advance notice will also enable affected banks to amend their availability schedules and related disclosures, if necessary, and provide their customers with notice of these changes.<sup>3</sup> The Federal Reserve routing symbols assigned to all other Federal Reserve branches and offices will remain the same at this time. The Board of Governors, however, intends to issue similar notices at least sixty days prior to the elimination of check operations at some other Reserve Bank offices, as described in the May 2003 **Federal Register** document.

#### Administrative Procedure Act

The Board has not followed the provisions of 5 U.S.C. 553(b) relating to notice and public participation in connection with the adoption of this final rule. The revisions to the appendices are technical in nature, and the routing symbol revisions are required by the statutory and regulatory definitions of “check-processing region.” Because there is no substantive change on which to seek public input, the Board has determined that the section 553(b) notice and comment procedures are unnecessary.

#### Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506; 5 CFR 1320 appendix A.1), the Board has reviewed the final rule under authority delegated to the Board by the Office of Management and Budget. This technical amendment to appendix A of Regulation CC will delete the reference to the El Paso check processing office of the Federal Reserve Bank of Dallas and reassign the routing symbols listed under that office to the head office of the Federal Reserve Bank of Dallas. The depository institutions that are located in the affected check processing regions and that include the routing numbers in their disclosure statements would be required to notify customers of the resulting change in availability under § 229.18(e). However, because all paperwork collection procedures associated with Regulation CC already

<sup>3</sup> Section 229.18(e) of Regulation CC requires that banks notify account holders who are consumers within 30 days after implementing a change that improves the availability of funds.

are in place, the Board anticipates that no additional burden will be imposed as a result of this rulemaking.

## 12 CFR Chapter II

### List of Subjects in 12 CFR Part 229

Banks, Banking, Federal Reserve System, Reporting and recordkeeping requirements.

#### Authority and Issuance

■ For the reasons set forth in the preamble, the Board is amending 12 CFR part 229 to read as follows:

### PART 229—AVAILABILITY OF FUNDS AND COLLECTION OF CHECKS (REGULATION CC)

■ 1. The authority citation for part 229 continues to read as follows:

*Authority:* 12 U.S.C. 4001 *et seq.*

■ 2. The Eleventh Federal Reserve District routing symbol list in appendix A is revised to read as follows:

#### Appendix A to Part 229—Routing Number Guide to Next-Day Availability Checks and Local Checks

\* \* \* \* \*

#### Eleventh Federal Reserve District

[Federal Reserve Bank of Dallas]

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2003-16147; Airspace Docket No. 03-AGL-17]

#### Modification of Class D Airspace; Rapid City, SD

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action modifies Class D airspace at Rapid City, SD. Category E circling procedures have become necessary at Ellsworth AFB, Rapid City, SD. Controlled airspace extending upward from the surface of the earth is needed to contain aircraft executing these approach procedures. This action increases the area of the existing controlled airspace at Ellsworth AFB, Rapid City, SD.

**EFFECTIVE DATE:** 0901 UTC, June 10, 2004.

**FOR FURTHER INFORMATION CONTACT:** Patricia A. Graham, Air Traffic Division, Airspace Branch, AGL-520, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, Illinois 60018, telephone (847) 294-7568.

#### SUPPLEMENTARY INFORMATION:

##### History

On Wednesday, November 5, 2003, the FAA proposed to amend 14 CFR part 71 to modify Class D airspace at Rapid City, SD (68 FR 62548). The proposal was to modify controlled airspace extending upward from the surface of the earth to contain Instrument Flight Rules (IFR) operations in controlled airspace.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received. Class D airspace areas extending upward from the surface of the earth are published in paragraph 5000, of FAA Order 7400.9L dated September 2, 2003, and effective September 16, 2003, which is incorporated by reference in 14 CFR 71.1. The Class D airspace designations listed in this document will be published subsequently in the order.

##### The Rule

This amendment to 14 CFR part 71 modifies Class D airspace at Rapid City, SD, to accommodate aircraft executing instrument flight procedures into and out of Ellsworth AFB. The area will be

depicted on appropriate aeronautical charts.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

### PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows.

*Authority:* 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

#### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9L, Airspace Designations and Reporting Points, dated September 2, 2003, and effective September 16, 2003, is amended as follows:

\* \* \* \* \*

*Paragraph 5000 Class D airspace.*

#### AGL SD D Rapid City, SD [Revised]

Rapid City, Ellsworth AFB, SD  
(Lat. 44°08'42" N., long. 103°06'13" W.)  
Rapid City Regional Airport, SD  
(Lat. 44°02'43" N., long. 103°03'27" W.)

That airspace extending upward from the surface to and including 5,800 feet MSL and within a 5.9-mile radius of Ellsworth AFB and the Rapid City Regional Airport 4.4-mile radius, excluding that airspace south of a line between the intersection of the Ellsworth AFB 4.7-mile radius and the Rapid City Regional Airport 4.4-mile radius. This Class D airspace is effective during the specific dates and times established in advance by a notice to Airmen. The effective date and time
