SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (*see* 5 CFR 1320.8(d)). We have submitted a request to OMB to renew its approval of the collection of information for the NEPA

Compliance Checklist. We are requesting a 3-year term of approval for this information collection activity.

Federal agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 1018-0110.

The Service administers several grant programs authorized by the Federal Aid in Wildlife Restoration Act (16 U.S.C. 669-669i), the Federal Aid in Sport Fish Restoration Act (16 U.S.C. 777-777k), the Anadromous Fish Conservation Act (16 U.S.C. 757a-757g), the Endangered Species Act (7 U.S.C. 136), the Clean Vessel Act (33 U.S.C. 1322), the Sportfishing and Boating Safety Act (16 U.S.C. 777g), North American Wetlands Conservation Act (16 U.S.C. 4401-4412), the Coastal Wetlands Planning, Protection and Restoration Act (16 U.S.C. 3951 *et seq.*), and through other Acts and authorities. The Service uses the information collected on the NEPA Compliance Checklist to determine whether a grantee complies with the National Environmental Policy Act (NEPA) (42 U.S.C. 4321-4347, 40 CFR 1500-1508). The State or other grantee uses the checklist as a guide to general NEPA requirements, and the checklist becomes an administrative record to meet their assurances requirements for receiving a grant.

Certain grant applicants must provide the information requested on the NEPA Compliance Checklist in order to qualify to receive benefits in the form of grants for purposes outlined in the applicable law. This form is designed to cause the minimum impact in the form of hourly burden on respondents and still obtain all necessary information. Only about 3

percent of the Service's applicants for either a new grant or for an amendment to an existing grant will meet the criteria and need to complete the NEPA Compliance Checklist. The checklist needs to be prepared when: (a) The proposed action is not completely covered by a categorical exclusion (*e.g.*, the proposal cannot meet the qualifying criteria in the categorical exclusion, and "is not" will be checked on the Checklist); (b) The proposed action cannot be categorically excluded because an exception to the categorical exclusion applies (*e.g.*, a "Yes" will be checked on the Checklist); (c) Environmental conditions at or in the vicinity of the site have materially changed, affecting the consideration of alternatives and impacts (applicable to amendments and renewals); (d) There is a need to document a normally categorically excluded action that may be controversial; or (e) Additional internal review and/or documentation of the NEPA administrative record are desirable.

We are proposing several changes to the NEPA Compliance Checklist to make the checklist easier to understand and easier for the respondent to complete and to update the checklist based on revisions to our Departmental Manual.
