

functions reflected in the starting price before any adjustments. For CEP sales, we considered only the selling activities reflected in the price after the deduction of expenses and profit pursuant to section 772(d) of the Act. Generally, if the claimed LOTs are the same, the functions and activities of the seller should be similar. Conversely, if a party claims that LOTs are different for different groups of sales, the functions and activities of the seller should be dissimilar.

In conducting our LOT analysis for each respondent, we took into account the specific customer types, channels of distribution, and selling functions of each respondent. For Galvak/Hylsa, Regiomontana, Prolamsa and LM, we found that there was a single LOT in the United States and a single, identical, LOT in the comparison market.

Therefore, it was not necessary to make a LOT or CEP offset adjustment. For a further discussion of our LOT analysis for each respondent, see their respective Level of Trade Memorandums, dated April 6, 2004.

G. Currency Conversions

We made currency conversions to U.S. dollars in accordance with section 773A of the Act based on exchange rates in effect on the dates of the U.S. sales, as obtained from the Federal Reserve Bank, the Department's preferred source for exchange rates.

Verification

In accordance with section 782(i) of the Act, we intend to verify all information relied upon in making our final determination.

All Others Rate

Section 735(c)(5)(A) of the Act provides for the use of an "all others" rate, which is applied to non-investigated firms. See *Statement of Administrative Action*, H.R. Doc. No. 103-316, Vol. I (1994). This section states that the all others rate shall generally be an amount equal to the weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins based entirely upon the facts available. Therefore, we have preliminarily assigned to all other exporters of LWRPT from Mexico a margin that is based on the weighted-average margins calculated for all mandatory respondents.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we are directing CBP to suspend liquidation of all shipments of

LWRPT from Mexico that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. We will instruct CBP to require a cash deposit or the posting of a bond equal to the weighted-average amount by which the NV exceeds the U.S. price, as indicated below. These suspension-of-liquidation instructions will remain in effect until further notice. The weighted-average dumping margins are as follows:

Manufacturer/exporter	Margin (percent)
Prolamsa	5.56
LM	13.61
Galvak/Hylsa	19.89
Regiomontana	4.45
All Others	11.59

Disclosure

The Department will disclose to the parties to the proceeding the calculations performed in the preliminary determination within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

International Trade Commission Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our preliminary sales at LTFV determination. If our final antidumping determination is affirmative, the ITC will determine whether the imports covered by that determination are materially injuring or threatening material injury to the U.S. industry. The deadline for the final ITC determination would be the later of 120 days after the date of this preliminary determination or 45 days after the date of our final determination.

Public Comment

Case briefs for this investigation must be submitted no later than one week after the issuance of the last verification report. Rebuttal briefs must be filed within five days after the deadline for submission of case briefs. A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes. Further, the Department respectfully requests that all parties submitting written comments also provide the Department with an additional copy of the public version of any such comments on diskette.

Section 774 of the Act provides that the Department will hold a hearing to

afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by an interested party. If a request for a hearing is made in an investigation, the hearing normally will be held two days after the deadline for submission of the rebuttal briefs, at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate in a hearing if one is requested, must submit a written request within 30 days of the publication of this notice. Requests should specify the number of participants and provide a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs.

As noted above, the Department will make its final determination within 135 days after the date of the publication of the preliminary determination.

This determination is issued and published pursuant to sections 733(f) and 777(i)(1) of the Act.

Dated: April 6, 2004.

Assistant Secretary for Import Administration.
