

• *Use of Approved Indices.* Once an index and specific locations have been accepted by the Commission for use in a tariff, Staff recommends the use of the index and locations may continue until the pipeline or utility files a change in the index used in the tariff or an affected party seeks a change in the index being used based on the criteria no longer being met.

Comments

The Commission encourages interested parties to submit comments in advance of the conference. To the extent parties share similar interests, joint submissions are encouraged. Comments may address any of the subjects discussed above or other issues related to market liquidity, price formation, and price indices. Review of and comment on the tabulated survey results is also encouraged.

In particular, the companies and intervenors in the above-captioned individual tariff dockets are encouraged to file comments and additional evidence on (a) the extent to which the publishers of the price indices used in those tariffs meet Policy Statement standards and (b) whether the criteria proposed by Staff to determine if the specific locations reflect adequate liquidity should be applied to the indices filed in those tariffs.

All comments, including those in the above-captioned tariff dockets, should be filed by June 11, 2004.³ Additional evidence on the suitability of the chosen index or indices should be filed in the individual tariff dockets.⁴ Comments may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link.

Conference Information

There is no charge to attend the conference and no requirement to register in advance for the conference. The conference will be transcribed. Those interested in acquiring the transcript should contact Ace Reporters at 202-347-3700 or 800-336-6646.

hereby placed on notice that a Commission decision on the criteria recommended in the Staff Report may be applied in their cases.

³ The Commission pointed out that the pipeline or utility filing the change in index use in its tariff has the ultimate burden of showing that its proposed index use is just and reasonable. See, e.g., *Transcontinental Gas Pipe Line Corporation*, 104 FERC ¶ 61,181 at P 14 (2003); *Northern Natural Gas Company*, 104 FERC ¶ 61,182 at P 10 (2003).

⁴ The June 11, 2004, comment date supersedes the previous requirement to file comments and additional evidence within 15 days of issuance of the Staff report in the tariff dockets identified in n.1, *supra*.

Transcripts will be placed in the public record ten days after the Commission receives them.

Capitol Connection offers the opportunity for remote listening and viewing of the conference. It is available for a fee, live over the Internet, by phone or via satellite. Persons interested in receiving the broadcast, or who need information on making arrangements should contact David Reininger or Julia Morelli at Capitol Connection (703-993-3100) as soon as possible or visit the Capitol Connection Web site at <http://www.capitolconnection.org> and click on "FERC."

Interested parties are urged to watch for further notices providing more information on the conference. For additional information please contact Ted Gerarden, 202-502-6187 or by e-mail at Ted.Gerarden@ferc.gov. For questions pertaining to the technical appendix to the Staff Report, please contact Rafael Martinez at 202-502-6336, or by e-mail at Rafael.Martinez@ferc.gov.

By direction of the Commission.

Northeast Energy Infrastructure Conference; Notice of Technical Conference and Agenda

May 14, 2004.

As announced in the Notice of Conference issued on April 1, 2004, the Federal Energy Regulatory Commission (FERC) will hold a conference on June 3, 2004, in New York City to discuss issues regarding energy infrastructure in the northeastern States. These States include Maine, Vermont, New Hampshire, New York, Massachusetts, Connecticut, and Rhode Island. The conference will begin at 9 a.m. (please note time change) and conclude at approximately 5 p.m. (e.s.t.), and will be held at the Hilton New York, 1335 Avenue of the Americas, New York, NY (1-212-586-7000). All interested persons are invited to attend. There is no registration fee.

The conference will focus on the adequacy and development of the electric, natural gas and other energy infrastructure in the Northeast. The FERC Commissioners will attend, and

Governors, state utility commissioners, and other government officials have been invited to participate. The purpose of this conference is two-fold: To identify the challenges that face the Northeast in ensuring adequate energy supplies to high-growth areas and to coordinate our efforts in seeking solutions. By engaging experts and policymakers in a comprehensive, collaborative approach, we will pool our efforts into achieving a well-functioning infrastructure necessary to meet the Northeast's energy demands.

The conference agenda is appended to this notice. The conference is not intended to deal with issues pending in individually docketed cases before the Commission, such as applications involving hydropower, natural gas certificates, or the formation of Regional Transmission Organizations. Therefore, all participants are requested to address the agenda topics and avoid discussing the merits of individual proceedings.

Opportunities for Listening to and Obtaining Transcripts of the Conference

Transcripts of the conference will be immediately available from Ace Reporting Company (202-347-3700 or 1-800-336-6646) for a fee. They will be available for the public on the Commission's eLibrary system seven calendar days after FERC receives the transcript. Additionally, Capitol Connection offers the opportunity for remote listening of the conference via Real Audio or a Phone Bridge Connection for a fee. Persons interested in making arrangements should contact David Reininger or Julia Morelli at the Capitol Connection (703-993-3100) as soon as possible or visit the Capitol Connection Web site at <http://www.capitolconnection.org> and click on "FERC."

Audio tapes of the meeting will be available from VISCUM (703-715-7999).

Although there is no registration fee, this is a reminder to please register for the conference online on the Commission Web site at <http://www.ferc.gov/EventCalendar/EventDetails.aspx?ID=896&Date=6%2f3%2f2004&CalendarID=0>.

Conference Agenda

Hilton New York, 1335 Avenue of the Americas, New York, NY, June 3, 2004.

I. Opening Remarks and Introductions

9 a.m. to 9:10 a.m.

Chairman Pat Wood III, Commissioner Nora Brownell, Commissioner Joseph Kelliher, Commissioner Suedeen Kelly.

II. Broad Overview of Current Energy Infrastructure in the Northeast

9:10 a.m. to 9:20 a.m.

- Jeff Wright, Office of Energy Projects, FERC.

III. Forecasting Future Energy Infrastructure Needs in the Northeast

9:20 a.m. to 9:40 a.m.

- Edward Krapels, Ph.D., Director, Energy Development Services, Energy Security Analysis, Inc.

IV. New York City

9:45 a.m. to 11:45 a.m.

—FERC Staff Introduction and Overview of the Panel Issues.

As demand grows, there will be a need for new capacity—gas and electric—later in this decade. This panel would suggest solutions that allow infrastructure projects to be approved and constructed in a timely fashion before capacity constraints cause loss of service in this high-growth area.

- Gil Quiniones, Chairman, New York City Energy Policy Task Force.
- William Flynn, Chairman, New York Public Service Commission.
- Eugene McGrath, Chief Executive Officer, Consolidated Edison Energy.
- Glenn Kettering, President, NiSource Pipeline Company.
- William Museler, President and Chief Executive Officer, New York ISO.
- Steve Zelkowitz, President, Energy Assets and Supplies, KeySpan.
- Charlie Fox, Deputy Chief of Staff, New York Governor George Pataki.
- Steven Greenwald, Managing Director, Global Project Finance, Credit Suisse First Boston.
- Frank Cassidy, President and Chief Executive Officer, PSEG Power LLC.

V. Lunch

11:45 a.m. to 1:15 p.m.

VI. New England

1:15 p.m. to 2:45 p.m.

—FERC Staff Introduction and Overview of the Panel Issues.

There are gas transmission constraints in New England from all geographic directions, effectively isolating the region and calling for more pipeline capacity or reliance on Liquefied Natural Gas (LNG) import terminals, which often face local opposition. Further, New England has seen considerable construction of gas-fired electric generation

without a corresponding addition of electric transmission capacity to get this energy to markets. This panel would address these mounting infrastructure problems and seek to identify what can be done to coordinate efforts for expeditious consideration and construction of much needed projects.

- Robert Keating, Commissioner, Massachusetts Department of Telecommunications and Energy.
- Beth Nagusky, Director of Energy Independence and Security, Maine Governor's Task Force on LNG.
- Paul Vaitkus, Vice President, NSTAR.
- Gordon van Welie, President and Chief Executive Officer, ISO New England.
- Dennis Welch, Chairman, Northeast Gas Association.
- Richard Grant, President and Chief Executive Officer, Tractebel.
- Linda Kelly, Commissioner, Connecticut Department of Public Utility Control.
- Financial Analyst (invited).
- Steven Corneli, Director of Regulatory Affairs, NRG Energy, Inc.

VII. Regional Supply and Transport Availability

2:50 p.m. to 4:20 p.m.

—FERC Staff Introduction and Overview of the Panel Issues.

Availability of sufficient natural gas supplies to the Northeast appears to be in decline. At the same time, gas transmission capacity from outside the region is also at a premium, especially when considering the amount of gas-fired electric generation. In addition, there are capacity constraints at many points in the region's electric transmission grid (*e.g.*, SW Connecticut). Attempts to provide supply solutions have often been thwarted. This all translates into a supply crunch. Efforts must be made to get new supplies of energy not only into the region, but between subregions.

- Steve Whitley, Senior Vice President, ISO New England.
- John McCarthy, Business Leader of Commodities, National Energy Board (NEB), Canada.
- Jeff Scott, Chief Operating Officer, NE Transmission, National Grid.
- Rich Bolbrock, Vice President of Power Markets, Long Island Power Authority (LIPA).
- Natural Gas Supply Association (NGSA) Representative (invited).
- Yves Fillion, President, Hydro-Québec TransÉnergie.
- Gregory Rizzo, Group Vice President, Duke Energy Gas Transmission.
- Hal Kvisle, President and Chief Executive Officer, TransCanada.
- Dave Boguslawski, Vice President of Transmission, Northeast Utilities.

VIII. Discussion by Conference Registrants

4:25 p.m. to 5 p.m.
