

FIFRA. These registrations constitute all registrations held by Bayer Crop Science containing fipronil for use on rice or rice seed. In a letter dated April 20, 2004, Bayer CropScience requested voluntary cancellation of these product registrations. Notice of receipt of this request was published in the **Federal Register** on May 7, 2004 (69 FR 25577) (FRL-7358-1). One comment, submitted by the USA Rice Federation, requested an extension of the public notice period to July 1, 2004, so that they could continue discussions with Bayer CropScience to withdraw the request for voluntary cancellation. As the Icon registrations were time limited, with an expiration date of July 1, 2004, the Agency determined that an extension to the expiration date of July 1, 2004 would make the extension meaningless. In a notice published in the **Federal Register** on June 9, 2004 (69 FR 32345) (FRL-7363-7), the Agency agreed to extend the comment period to June 21, 2004 so that any comments could be considered before the expiration date.

After considering the comments received, EPA has decided to accept the voluntary cancellation requests. Accordingly, the Agency is issuing an Order canceling the three registrations identified in Table 1. This cancellation order is effective July 1, 2004. Any distribution, sale or use of the products subject to this cancellation order is only permitted in accordance with the terms of the existing stocks provision of this cancellation order. These registrations are listed in sequence by registration number in Table 1 of this unit:

TABLE 1.—APPROVED REGISTRATION CANCELLATIONS

Reg-istration No.	Product name	Chemical name
264-576	Icon 80WG	fipronil
264-577	Icon 6.2FS	fipronil
264-580	Icon 6.2SC	fipronil

Table 2 of this unit includes the names and addresses of record for all registrants of the products in Table 1 of this unit, in sequence by EPA company number:

III. Cancellation Order

Pursuant to Section 6(f) of FIFRA, EPA hereby approves the requested cancellations of the fipronil product registrations identified in Table 1 of this order. Accordingly, the Agency orders that the fipronil product registrations identified in Table 1 are hereby canceled as of July 1, 2004.

IV. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, the Administrator may approve such a request.

V. What Comments Did the Agency Receive?

In response to the **Federal Register** Notice of June 9, 2004 (69 FR 32345), Bayer CropScience submitted a comment that they had sent a letter to the USA Rice Federation informing them that Bayer CropScience was not interested in selling or licensing Icon, and that the Agency should continue with cancellation of the Icon registrations. In addition, the USA Rice Federation submitted a comment dated June 21, 2004 stating that they had received a final negative response from Bayer CropScience. No other timely substantive comments were received.

VI. Provisions for Disposition of Existing Stocks

The registrant is permitted to sell or distribute existing stocks for 1 year after the date the cancellation request was received, until April 21, 2005. This policy is in accordance with the Agency's statement of policy as prescribed in the **Federal Register** of June 26, 1991 (56 FR 29362) (FRL-3846-4). Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation order, July 1, 2004. Existing stocks already in the hands of dealers or users can be

distributed, sold, or used legally until they are exhausted, provided that such further sale and use comply with the EPA-approved label and labeling of the affected product.

On June 4, 2004, the FCC released the Third Report and Order and Fourth Notice of Proposed Rulemaking (3rd R&O), *In the Matter of Review of the Commission's Broadcast and Cable Equal Employment Opportunity Rules and Policies*, MM Docket No. 98-204, FCC 04-103, in which it considers issues relating to the Annual Employment Report forms, including FCC Form 395-A, "The Multi-Channel Video Programming Distributor Annual Employment Report." In the 3rd R&O, the Commission is adopting revised rules for MVPDs to file FCC Form 395-A, which cable and other MVPDs will use to file annual employment reports. The intent of this 3rd R&O is to update rules for MVPDs to file Form 395-A consistent with new rules adopted in the 2nd R&O. The intent of the Fourth Notice of Proposed Rulemaking is to provide time for cable and other MVPDs and the public to address the issue of whether the Commission should keep these forms confidential after they are filed. With the effective date of the rule revisions adopted in the 3rd R&O, MVPDs and broadcasters must start keeping records of their employees so they can prepare their annual employment reports due to be filed on September 30, 2004.
