

SUPPLEMENTARY INFORMATION: Battle Mountain Gold Company (BMG), a wholly owned subsidiary of Newmont Mining Corporation, has been approved to expand its current operations near Battle Mountain, Nevada, to include mining and beneficiation of gold, silver, and copper ores. The proposed Phoenix Project would require up to an additional 4,308 acres of disturbance. BMG would develop the Phoenix and Reona pits and expand the Midas and Iron Canyon pits. Mining these ore deposits would be coupled with excavating and beneficiating low-grade gold ore stockpiles associated with the previous Tomboy, Northeast Extension, and Fortitude mining operations. Beneficiation operations would include heap leach facility expansion and new milling facilities. The projected mine life is up to 28 years, followed by 5 years of reclamation.
