Oil and Gas Equipment and Services Trade Mission

Malaysia, Singapore, and Vietnam, December 6-14, 2004.

Mission Statement

I. Description of the Mission

The U.S. Department of Commerce, International Trade Administration, U.S. Commercial Service, Office of Global Trade Programs, is organizing an Oil and Gas Equipment and Services Trade Mission to Malaysia, Singapore, and Vietnam, December 6-14, 2004. This event offers a timely opportunity for U.S. firms to tap into some of the world's fastest growing marketplaces for oil and gas equipment and services. The mission will target companies in all sectors of the oil, and gas industry, with particular focus on pipeline and tubular goods, drilling machinery and equipment, surveying technology, and safety equipment. In addition to receiving a personalized schedule of one-on-one appointments with qualified agents, distributors, representatives, licensees, and joint venture partners, mission delegates will visit Offshore South East Asia 2004 (OSEA 2004), the leading oil and gas trade show in Asia, and a U.S. Department of Commerce Certified Trade Fair. OSEA 2004, to be held in Singapore, will offer mission participants an extra venue to network and learn about business opportunities in South East Asia.

The World Offshore Drilling Report by analysts Douglas Westwood projected that some US \$18.26 billion was to have been
