II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change, as amended. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On January 25, 2002 the Commission approved a CBOE rule change filing eliminating the obligation of DPMs to accord priority to non-public customer orders.⁴ In approving the filing, the Commission expressly stated that it was making no determination as to whether a DPM's failure to accord priority to non-public customer orders, when the DPM is acting as an agent, is consistent with the federal securities laws or any other applicable law. The Commission further stated that the approval does not affect a DPM's fiduciary obligations under federal securities laws or agency law principles when it acts as agent.

The Exchange now proposes to change the rule in question, CBOE Rule

⁴ Securities Exchange Act Release No. 45341 (January 25, 2002), 67 FR 5016 (February 1, 2002) (approving SR-CBOE-00-42).

8.85(b)(iii), to revert back to the original language so that the rule applies to both public customer and non-public customer orders.

2. Statutory Basis

The Exchange believes that the proposed rule change, as amended, is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5)⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change, as amended, will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or (ii) as to which the Exchange consents, the Commission will:

(A) By order approve such proposed rule change; or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.
