BILLING CODE 3510-DR-S

COMMODITY FUTURES TRADING COMMISSION

Futures Market Self-Regulation

AGENCY: Commodity Futures Trading Commission.

ACTION: Reopening comment period.

SUMMARY: The Commodity Futures Trading Commission ("Commission") is reopening the comment period for interested parties to comment on proposed amendments to a 1984 agreement ("Joint Audit Agreement") allocating certain audit and other financial surveillance responsibilities among designated self-regulatory organizations ("DSROs"). The proposed amendments were submitted for Commission approval, and published for comment in accordance with Commission Regulation 1.52(g) and in conjunction with the Commission's ongoing review of the self-regulatory system for futures markets.

DATES: Written comments must be received on or before June 18, 2004.

ADDRESSES: Interested persons should submit their views and comments to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. In addition, comments may be sent by facsimile transmission to (202) 418-5521, or by electronic mail to secretary@eftc.gov. Reference should be made to "Futures Market Self-Regulation". This document also will be available for comment at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Thomas J. Smith, Associate Deputy Director and Chief Accountant, or Natalie A. Markman, Senior Special Counsel, Division of Clearing and Intermediary Oversight, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. Telephone (202) 418-5450.

SUPPLEMENTARY INFORMATION: On April 12, 2004, the Commission published a notice for request for comment on proposed amendments to the Joint Audit Agreement.¹ The proposed amendments would revise the terms of

an agreement entered into by several self-regulatory organizations ("SROs") in 1984 to allocate some of the supervisory responsibilities that each SRO bears for its member futures commission merchants ("FCMs"). Such supervisory responsibilities are imposed on SROs by various Core Principles of the Commodity Exchange Act (the "Act"),² as amended by the Commodity Futures Modernization Act of 2000.³ In order to avoid duplicative supervisory burdens upon FCMs that are members of more than one SRO, the Commission permits SROs to enter into voluntary, cooperative agreements to allocate some of their responsibilities among themselves so that each FCM has a single DSRO.

The Commission established a 45-day period for submitting public comment on the proposed amendments to the Joint Audit Agreement, ending May 27, 2004. By letter dated May 18, 2004, an association of futures industry participants requested an extension of the original comment period. In support of the request, the commenter observed that the Commission soon would be publishing another request for comment concerning the governance of SROs, and that industry participants would benefit from an opportunity to review and consider such request for comment for purposes of providing comment on the proposed amendments to the Joint Audit Agreement.

In response to this request and in order to ensure that an adequate opportunity is provided for submission of meaningful comments, the Commission has determined to reopen the comment period on the proposed amendments to the Joint Audit Agreement until June 18, 2004.

Issued in Washington, DC, on May 26, 2004 by the Commission.

Jean A. Webb,

Secretary of the Commission.

You may be potentially affected by this action if you are a business engaged in the manufacturing of pesticides and other agricultural chemicals. Potentially affected entities may include, but are not limited to:

- Pesticide and other agricultural chemical manufacturing (NAICS 325320), e.g., businesses engaged in the manufacture of pesticides.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed above could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. To determine whether you or your business may be affected by this action, you should carefully examine the applicability provisions in the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)(5) and the Federal Food, Drug, and Cosmetic Act (FFDCA) section 408. The authority for the information collection activities contained in this ICR can be found in section 4 of FIFRA. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

II. How Can I Get Copies of this Document and Other Related Information?*A. Docket*

EPA has established an official public docket for this action under docket identification (ID) number OPP-2004-0110. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

B. Electronic Access

You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit II.A. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

III. How Can I Respond to this Action?*A. How and To Whom Do I Submit Comments?*

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit III.B. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and

follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number OPP-2004-0110. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to opp-docket@epa.gov, Attention: Docket ID Number OPP-2004-0110. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit III.A. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Public Information and Records Integrity Branch (PIRIB) (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001, Attention: Docket ID Number OPP-2004-0110.

3. *By hand delivery or courier.* Deliver your comments to: Public Information and Records Integrity Branch (PIRIB), Office of Pesticide Programs (OPP), Environmental Protection Agency, Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA, Attention: Docket ID Number OPP-2004-0110. Such deliveries are only accepted during the docket's normal hours of operation as identified in Unit II.A.

B. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be

disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under **FOR FURTHER INFORMATION CONTACT.**

C. What Should I Consider when I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the collection activity.
7. Make sure to submit your comments by the deadline in this notice.
8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

D. What Information is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burdens of the proposed collections of information.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collections of information on those who

are to respond, including through the use of appropriate automated or electronic collection technologies or other forms of information technology, e.g., permitting electronic submission of responses.

IV. What Information Collection Activity or ICR Does this Action Apply to?

EPA is seeking comments on the following ICR:

Title: Data Generation for Pesticide Reregistration.

ICR numbers: EPA ICR No. 1504.05, OMB Control No. 2070-0107.

ICR status: This ICR is a renewal of an existing ICR that is currently approved by OMB and is due to expire September 30, 2004.

Abstract: This information collection is designed to provide EPA with the necessary data for all pesticide active ingredients originally registered before November 1, 1984, to determine whether each pesticide's use poses unreasonable risks to human health or the environment. This information collection allows EPA's Office of Pesticide Programs (OPP) to obtain data needed by OPP scientists to assess and characterize pesticide risks, and for risk managers to determine whether and under what conditions pesticides may be reregistered and reassess existing tolerances to ensure that they meet the standards established by law. Data collected may consist of toxicology studies, residue chemistry studies, fish and wildlife studies, environmental fate studies, or other data needed to analyze the potential risks associated with pesticide chemicals and products. This collection also supports the Agency's reassessment of food tolerances associated with reregistration.

V. What are EPA's Burden and Cost Estimates for this ICR?

Under the PRA, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal Agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of

information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized in this notice. The annual public burden for this ICR is estimated to be 522,248 hours. The following is a summary of the estimates taken from the ICR:

Respondents/affected entities: Businesses engaged in the manufacture of pesticides.

Estimated total number of potential respondents: 1,900.

Frequency of response: On occasion.

Estimated total/average number of responses for each respondent: 1.

Estimated total annual burden hours: 522,248.

Estimated total annual burden costs: \$46,527,696.

VI. Are There Changes in the Estimates from the Last Approval?

The total annual respondent burden estimate for this ICR has increased 431,523 hours, from 90,725 to 522,248, and the total respondent cost has increased \$38,885,613, from \$7,642,083 to \$46,527,696. These increases are adjustments due to the fact that the Agency expects to issue more data call-ins under this program as it begins assessing less complex and less controversial chemicals. In addition, costs have increased due to a rise in labor rates.

VII. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Title: Oil Pollution Act Facility Response Plan Requirements (40 CFR Part 112) (Renewal).

Abstract: The authority for EPA's facility response plan requirements is derived from section 311 of the Clean Water Act, as amended by the Oil Pollution Act of 1990. EPA's regulation is codified at 40 CFR 112.20 and 112.21. All facility response plan (FRP) reporting and recordkeeping activities are mandatory. The burden changes in this renewal ICR primarily reflect adjustments to the number of facilities
