Administration for Children and Families

Funding Opportunity Title: CSBG T/TA Program—Earned Income Tax Credit (EITC) and Other Asset Formation Opportunities

AGENCY: Administration for Children and Families, Office of Community Services, HHS.

Announcement Type: Competitive Grant-Initial.

Funding Opportunity Number: HHS-2004-ACF-OCS-ET-0028.

CFDA Number: 93.570.

Due Date for Applications: The due date for receipt of applications is September 9, 2004.

I. Funding Opportunity Description

The Office of Community Services (OCS) within the Administration for

Children and Families (ACF) announces that competing applications will be accepted for a new grant pursuant to the Secretary's authority under section 674(b) of the Community Services Block Grant (CSBG) Act, as amended, by the Community Opportunities, Accountability, and Training and Educational Services (COATES) Human Services Reauthorization Act of 1998, (Pub. L. 105-285).

The proposed grant will fund up to seven capacity-building collaborations that create or expand asset formation and financial literacy services offered by eligible entities funded under the Community Services Block Grant (CSBG) Program in support of national community action Goal 1 ("Low Income People Become More Self-Sufficient").

Definitions of Terms

The following definitions apply:

At-Risk Agencies refers to CSBG eligible entities in crises. The problem(s) to be addressed must be of a complex or pervasive nature that cannot be adequately addressed through existing local or State resources.

Capacity-building refers to activities that assist Community Action Agencies (CAAs) and other eligible entities to improve or enhance their overall or specific capability to plan, deliver, manage and evaluate programs efficiently and effectively to produce

intended results for low-income individuals. This may include upgrading internal financial management or computer systems, establishing new external linkages with other organizations, improving board functioning, adding or refining a program component or replicating techniques or programs piloted in another local community, or making other cost effective improvements.

Community in relationship to broad representation refers to any group of individuals who share common distinguishing characteristics including residency, for example, the "low-income" community, or the "religious" community, or the "professional" community. The individual members of these "communities" may or may not reside in a specific neighborhood, county, or school district but the local service provider may be implementing programs and strategies that will have a measurable affect on them. Community in this context is viewed within the framework of both community conditions and systems, *i.e.*, (1) Public policies, formal written and unstated norms adhered to by the general population; (2) service and support systems, economic opportunity in the labor market, and capital stakeholders; (3) civic participation; and (4) an equity as it relates to the economic and social distribution of power.

Community Services Network (CSN) refers to the various organizations involved in planning and implementing programs funded through the Community Services Block Grant or providing training, technical assistance or support to them. The network includes local Community Action Agencies and other eligible entities; State CSBG offices and their national association; CAA State, regional and national associations; and related organizations which collaborate and participate with Community Action Agencies and other eligible entities in their efforts on behalf of low-income people.

Eligible applicants described in this announcement shall be eligible entities, organizations, (including faith-based) or associations with demonstrated expertise in providing training to individuals and organizations on methods of effectively addressing the needs of low-income families and communities. *See description of Eligible Entities below.*

Eligible entity means any organization that was officially designated as a Community Action Agency (CAA) or a community action program under Section 673(1) of the Community Services Block Grant Act, as amended

by the Human Services Amendments of 1994 (Pub. L. 103-252), and meets all the requirements under Sections 673(1)(A)(I), and 676A of the CSBG Act, as amended by the COATES Human Services Reauthorization Act of 1998. All eligible entities are current recipients of Community Services Block Grant funds, including migrant and seasonal farm worker organizations that received CSBG funding in the previous fiscal year.

Local service providers are local public or private non-profit agencies that receive Community Services Block Grant funds from States to provide services to, or undertake activities on behalf of, low-income people.

Nationwide refers to the scope of the technical assistance, training, data collection, or other capacity-building projects to be undertaken with grant funds. Nationwide projects must provide for the implementation of technical assistance, training or data collection for all or a significant number of States, and the local service providers who administer CSBG funds.

Non-profit Organization refers to an organization, including faith-based, which has "demonstrated experience in providing training to individuals and organizations on methods of effectively addressing the needs of low-income families and communities." Acceptable documentation for eligible non-profit status is limited to: (1) A copy of a current, valid Internal Revenue service tax exemption certificate; (2) a copy of the applicant organization's listing in the Internal Revenue Service's most recent list of tax-exempt organizations described in Section 501(c)(3) of the IRS code; and/or (3) Articles of incorporation bearing the seal of the State in which the corporation or association is domiciled.

Outcome Measures are definable changes in the status or condition of individuals, families, organizations, or communities as a result of program services, activities, or collaborations.

Performance Measurement is a tool used to objectively assess how a program is accomplishing its mission through the delivery of products, services, and activities.

Program technology exchange refers to the process of sharing expert technical and programmatic information, models, strategies and approaches among the various partners in the Community Services Network. This may be done through written case studies, guides, seminars, technical assistance, and other mechanisms.

Regional Networks refers to CAA State Associations within a region.

Results-Oriented Management and Accountability (ROMA) System: ROMA is a system, which provides a framework for focusing on results for local agencies funded by the Community Services Block Grant Program. It involves setting goals and strategies and developing plans and techniques that focus on a result-oriented performance-based model for management.

State means all of the 50 States and the District of Columbia. Except where specifically noted, for purposes of this program announcement, it also includes specified Territories.

State CSBG Lead Agency (SCLA) is the lead agency designated by the Governor of the State to develop the State CSBG application and to administer the CSBG Program.

Statewide refers to training and technical assistance activities and other capacity-building activities undertaken with grant funds that will have significant impact, *i.e.*, activities should impact at least 50 percent of the eligible entities in a State.

Technical assistance is an activity, generally utilizing the services of an expert (often a peer), aimed at enhancing capacity, improving programs and systems, or solving specific problems. Such services may be provided proactively to improve systems or as an intervention to solve specific problems.

Territories refers to the Commonwealth of Puerto Rico and American Samoa for the purpose of this announcement.

Training is an educational activity or event which is designed to impart knowledge, understanding, or increase the development of skills. Such training activities may be in the form of assembled events such as workshops, seminars, conferences, or programs of self-instructional activities.

Priority Area

Community Action Goal 1—"Low Income People Become More Self-Sufficient"

Earned Income Tax Credit (EITC) and Other Asset Formation Opportunities.

Program Purpose, Scope and Focus

OCS is committed to promoting and funding projects that use asset formation financial strategies to increase disposable earned income in low-income households and to help direct the use of that income toward asset formation. We view such strategies as viable innovative approaches to empowering low-income individuals, and families to become more self-

sufficient and self-reliant. As part of an OCS initiative, we are forming partnerships and encouraging the creation or strengthening of partnerships aimed at increasing financial education literacy and asset formation for low wage earning households.

The EITC is a refundable federal tax credit designed to encourage employment in low-income families and to offset the effects of Medicare and Social Security payroll taxes on working-poor families. The EITC is widely viewed as a key support in welfare-to-work and asset-building strategies. EITC is regarded not only as an income supplement to meet immediate expenses, but also as a resource that might be directed toward asset-building strategies. Low-income families can be assisted to use the credit to accrue wealth, achieve economic self-sufficiency, and break the cycle of poverty.

Up to 30 percent of low-income families do not have a checking or savings account with a financial institution, have poor financial management skills and/or credit record, and need assistance with asset-building strategies; therefore, finding a way to link the EITC to affordable banking services, financial literacy, and savings and asset-building options is critical. According to recent studies by the Government Accounting Office, a substantial number of eligible individuals and families fail to claim the EITC. OCS seeks to narrow the gap between eligible households entitled to, but not receiving, this benefit. OCS also seeks to expand the use of the credit as an asset-building resource.

OCS seeks to fund formal collaboration projects that use the EITC to create or expand asset formation and financial literacy services offered by eligible entities funded under the Community Services Block Grant (CSBG) Program. Funds will be awarded to provide capacity-building assistance that enables local, State or regional CSBG networks to plan, establish, improve or expand the use of EITC outreach and free tax preparation services to provide asset formation and financial service opportunities for eligible individuals and families. These projects should be designed to include EITC outreach, free tax preparation services and financial literacy/asset formation strategies to enable low-income families and individuals to make wiser financial decisions, build financial resources and help eligible clients take advantage of asset formation opportunities, that ultimately help the

community thrive and become more economically stable.

Formal State CSBG Lead Agencies and State CAA Association partnerships are especially encouraged and will receive priority consideration for funding. OCS realizes that CSBG service providers will be most effective in helping low-income individuals and families increase assets and financial literacy when they partner with others in the community. Therefore, applications that show collaborations with other community-based organizations and institutions are also strongly encouraged.

Funds will be awarded to provide capacity-building assistance that enables local and regional CSBG networks to plan, establish, improve or expand asset formation and financial service opportunities for eligible individuals and families. These projects should be designed to help low-wage earners, at or near the poverty level, become more astute in areas such as money management and other financial services. The projects must offer, or plan to offer, services that help eligible clients take advantage of asset formation opportunities, increase their disposable income, build financial resources and enable them to make wiser financial decisions that ultimately help the community thrive and become more economically stable.

At a minimum, all projects funded under this area must demonstrate proof that they have managed and operated an established Earned Income Tax Credit (EITC) component. Successful applicants for these seven (7) grants must also have a history of providing Earned Income Tax Credit and other asset formation services and training within the Community Services Network. Their curriculum must demonstrate an understanding of asset formation and financial literacy. Applicants must describe in their applications how their proposed training curriculum will improve or expand the access of eligible low-income families and individuals to asset formation information and services. Therefore, projects should include outreach to eligible families, information to help individuals and families understand the EITC and free tax filing assistance to claim the EITC and other tax credits.

Successful applicants for these grants must have a plan for providing EITC outreach, free tax preparation, and other financial and asset formation services and training within the Community Services Network. Their curriculum must demonstrate an understanding of asset formation and financial literacy.

At a minimum, all projects funded in this area must present proof that within the collaborative there exists a partner with demonstrated experience in the delivery of EITC outreach and free tax preparation services, and should include a description (letters of agreement or memoranda of understanding) of the nature of the existing or proposed working relationship with the local Internal Revenue Service territory office. Applicants must also describe in their applications how their proposed plan and training curriculum will improve or expand the access of eligible low-income families and individuals to tax preparation and asset formation information and services beyond the scope of the current offerings of that or other partners so engaged, as well as identifying constituencies who have been underserved with these programs.

OCS recognizes that local, State and regional CSBG networks are in various stages with respect to offering asset formation and financial literacy services. Therefore, we plan to fund applications from applicants that are in the initial planning and development stages of asset formation services as well as applications from applicants whose CSBG network has established asset formation services, but desire to do more.

Successful applicants will propose projects that will impact more than one local CSBG service area. This Sub-Priority Area is not appropriate for projects proposing stand-alone services that impact and target only one particular community. Formal State CSBG Lead Agencies and State CAA Association partnerships and Community Service Network collaborations that address the needs of rural communities are especially encouraged to apply for these funds and will receive priority consideration for funding.

The application must clearly show the roles and responsibilities of each collaborating partner. Letters of agreement and memoranda of understanding on agency letterhead with signatures from persons authorized to act on behalf of the collaborating partner(s) must be included in the application.

Innovation is encouraged. However, the following are examples of asset formation and financial literacy activities that OSC seeks to expand:

- Help eligible individuals and families apply for and receive, the Federal and State, where appropriate, Earned Income Tax Credits and other cash benefits or services to which they are entitled.

- Ensure that staff and volunteers of local CSBG funded organizations and/or their partners are trained and certified to provide free tax preparation services.

- Recruit, support, and retain qualified volunteers committed to the goals of the initiative.

- Conduct outreach to EITC eligible individuals and families.

- Provide life skills education that helps low-income individuals and families learn and apply effective household management and budgeting techniques.

- Help clients establish and use banking and financial services, such as checking and savings accounts, thereby reducing or eliminating their reliance on the high-fee, high interest check cashing and loan services that are prevalent and widely used in low-income neighborhoods.

- Present materials in different languages based on the needs of eligible households.

- Assist families and individuals to boost savings in Individual Development Accounts (IDAs) and/or to participate in other asset-building opportunities such as pre and post purchase housing support, 529 college savings plans, and other asset tools.

State Single Point of Contact (SPOC)

This program is covered under Executive Order (E.O.) 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs. As of October 2003, of the most recent SPOC list, the following jurisdictions have elected not to participate in the Executive Order process. Applicants from these jurisdictions or for projects administered by federally-recognized Indian Tribes need take no action in regard to E.O. 12372: Alabama, Alaska, Arizona, Colorado, Connecticut, Hawaii, Idaho, Indiana, Kansas, Louisiana, Massachusetts, Minnesota, Montana, Nebraska, New Jersey, New York, Ohio, Oklahoma, Oregon, Pennsylvania, South Dakota, Tennessee, Vermont, Virginia, Washington, Wyoming and Palau.

Although the jurisdictions listed above no longer participate in the process, entities which have met the eligibility requirements of the program are still eligible to apply for a grant even if a State, Territory, Commonwealth, etc. does not have a SPOC. All remaining jurisdictions participate in the Executive Order process and have established SPOCs. Applicants from participating jurisdictions should contact their SPOCs as soon as possible to alert them of the prospective applications and receive instructions. Applicants must submit any required material to the SPOCs as soon as possible so that the program office can obtain and review SPOC comments as part of the award process. The applicant must submit all required materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a. Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards.

SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere

advisory comments and those official State process recommendations which may trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to: Department of Health and Human Services, Administration for Children and Families, Division of Discretionary Grants, 370 L'Enfant Promenade, SW., Mail Stop 6C-462, Washington, DC 20447.

A list of the Single Points of Contact for each State and Territory is included with the application materials for this announcement.

5. Funding Restrictions

Sub-Contracting or Delegating Projects

OCS will not fund any project where the role of the applicant is primarily to serve as a conduit for funds to organizations other than the applicant. The applicant must have a substantive role in the implementation of the project for which funding is requested. This prohibition does not bar the making of sub-grants or sub-contracting for specific services or activities that are needed to conduct the project.

Number of Projects in Application

Each application may include only one proposed project.

V. Application Review Information

1. Criteria

Paperwork Reduction Act of 1995 (Pub. L. 104-13)

Public reporting burden for this collection of information is estimated to average 25 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

The project description is approved under OMB control number 0970-0139 which expires 4/30/2007.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB number.

Instructions: ACF Uniform Project Description (UPD)

The following are instructions and guidelines on how to prepare the "project summary/abstract" and "Full Project Description" sections of the application. Under the evaluation criteria section, note that each criterion is preceded by the generic evaluation requirement under the ACF Uniform Project Description (UPD). The generic UPD requirement is followed by the evaluation criterion specific to the Community Services Block Grant legislation.

Purpose

The project description provides a major means by which an application is evaluated and ranked to compete with other applications for available assistance. The project description should be concise and complete and should address the activity for which Federal funds are being requested. Supporting documents should be

included where they can present information clearly and succinctly. In preparing your project description, information responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that information included in the application is clear and complete.

Introduction

Applicants required to submit a full project description shall prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria. The text options give a broad overview of what your project description should include while the evaluation criteria identifies the measures that will be used to evaluate applications.

Project Summary/Abstract

Provide a summary of the project description (a page or less) with reference to the funding request.

Objectives and Need for Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

Results or Benefits Expected

Identify the results and benefits to be derived. For example, describe the population to be served by the program and the number of new jobs that will be targeted to the target population. Explain how the project will reach the targeted population and how it will benefit participants, including, how it will support individuals to become more economically self-sufficient.

Approach

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors which might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished. Account for all functions or activities identified in the application, such as, free tax preparation, financial literacy training, and asset-building activities. When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

If any data is to be collected, maintained, and/or disseminated, clearance may be required from the U.S. Office of Management and Budget (OMB). This clearance pertains to any "collection of information that is conducted or sponsored by ACF."

List organizations, cooperating entities, consultants, or other key individuals who will work on the project, along with a short description of the nature of their effort or contribution.

Evaluation

Provide a narrative addressing how the conduct of the project and the results of the project will be evaluated. In addressing the evaluation of results, state how you will determine the extent to which the project has achieved its stated objectives and the extent to which the accomplishment of objectives can be attributed to the project. Discuss the criteria to be used to evaluate results, and explain the methodology that will be used to determine if the needs identified and discussed are being met and if the project results and benefits are being achieved. With respect to the conduct of the project, define the procedures to be employed to determine whether the project is being conducted in a manner consistent with the work plan presented and discuss the impact of the project's various activities on the project's effectiveness.

Organizational Profiles

Provide information on the applicant organization(s) and cooperating partners, such as organizational charts, financial statements, audit reports or statements from CPAs/Licensed Public Accountants, Employer Identification Numbers, names of bond carriers, contact persons and telephone numbers, child care licenses and other documentation of professional accreditation, information on compliance with Federal/State/local government standards, documentation of experience in the program area, and other pertinent information. If the applicant is a non-profit organization, submit proof of non-profit status in its application.

The non-profit agency can accomplish this by providing: (a) A reference to the applicant organization's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in the IRS Code; (b) a copy of a currently valid IRS tax exemption certificate, (c) a statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a non-profit status and that none of the net earnings accrue to any private shareholders or individuals; (d) a certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status, (e) any of the items immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Budget and Budget Justification

Provide a budget with line item detail and detailed calculations for each budget object class identified on the Budget Information form. Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. Also include a breakout by the funding sources identified in Block 15 of the SF-424.

Provide a narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocability of the proposed costs.

3. Review and Selection Process

Initial OCS Screening

Each application submitted to OCS will be screened to determine whether it was received by the closing date and time.

Applications received by the closing date and time will be screened for completeness and conformity with the following requirements. Only complete applications that meet the requirements listed below will be reviewed and evaluated competitively. Other applications will be returned to the applicants with a notation that they were unacceptable and will not be reviewed.

All applications must comply with the following requirements except as noted:

OCS Evaluation of Applications

Applications that pass the initial OCS screening will be reviewed and rated by a panel based on the program elements and review criteria presented in relevant sections of this program announcement.

The review criteria are designed to enable the review panel to assess the quality of a proposed project and determine the likelihood of its success. The criteria are closely related to each other and are considered as a whole in judging the overall quality of an application. The review panel awards points only to applications that are responsive to the program elements and relevant review criteria within the context of this program announcement.

Copies to Non-Federal Reviewers

Applicants are encouraged to use job titles and not specific names in developing the application budget. However, the specific salary rates or amounts for staff positions identified must be included in the application budget.

The OCS Director and program staff use the reviewer scores when considering competing applications. Reviewer scores will weigh heavily in funding decisions, but will not be the only factors considered.

Applications generally will be considered in order of the average scores assigned by the review panel. Because other important factors are taken into consideration, highly ranked applications are not guaranteed funding. These other considerations include, for example: The timely and proper completion by the applicant of projects funded with OCS funds granted in the last five (5) years; comments of

reviewers and government officials; staff evaluation and input; amount and duration of the grant requested and the proposed project's consistency and harmony with OCS goals and policy; geographic distribution of applications; previous program performance of applicants; compliance with grant terms under previous HHS grants, including the actual dedication to program of mobilized resources as set forth in project applications; audit reports; investigative reports; and applicant's progress in resolving any final audit disallowance on previous OCS or other Federal agency grants.

Approved But Unfunded

Applications: In cases where more applications are approved for funding than ACF can fund with the money available, the Grants Officer shall fund applications in their order of approval until funds run out. In this case, ACF has the option of carrying over the approved applications up to a year for funding consideration in a later competition of the same program. These applications need not be reviewed and scored again if the program's evaluation criteria have not changed. However, they must then be placed in rank order along with other applications in the later competition.

VI. Award Administration Information

1. Award Notices

Following approval of the application selected for funding, ACF will mail a written notice of project approval and authority to draw down project funds. The official award document is the Financial Assistance Award that specifies the amount of Federal funds approved for use in the project, the project and budget period for which support is provided and the terms and conditions of the award. The Financial Assistance Award is signed and issued via postal mail by an authorized Grants Officer.

ACF will notify unsuccessful applicants after the award is issued to the successful applicant.

2. Administrative and National Policy Requirements

Grantees are subject to the requirements in 45 CFR part 74 (non-governmental) or 45 CFR part 92 (governmental).

3. Reporting

All grantees are required to submit semi-annual program reports and semi-annual expenditure reports (SF-269) with final reports due 90 days after the project end date. A suggested format for the program report will be sent to all grantees after the awards are made.
