SUPPLEMENTARY INFORMATION:

Title: 30 CFR 250, Subpart A, General. *OMB Control Number:* 1010-0114.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner which is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition. Section 1332(6) requires that "operations in the [O]uter Continental Shelf should be conducted in a safe manner by well trained personnel using technology, precautions, and other techniques sufficient to prevent or minimize the likelihood of blowouts, loss of well control, fires, spillages, physical obstructions to other users of the waters or subsoil and seabed, or other

occurrences which may cause damage to the environment or to property or endanger life or health."

Federal policy and statutes require us to recover the cost of services that confer special benefits to identifiable non-Federal recipients. Section 250.165 requires a State lessee to pay a fee when applying for a right-of-use and easement on the OCS. The Independent Offices Appropriation Act (31 U.S.C. 9701), OMB Circular A-25, and the Omnibus Appropriations Bill (Pub. L. 104-133, 110 Stat. 1321, April 26, 1996) authorize agencies to collect these fees to reimburse us for the cost to process applications or assessments. This fee is the same as that required for filing pipeline right-of-way applications as specified in § 250.1010(a).

This notice concerns the reporting and recordkeeping elements of the 30 CFR 250, Subpart A, General regulations and related forms and NTLs that clarify and provide additional guidance on some aspects of the regulations. Responses are mandatory. No questions of a "sensitive" nature are asked. MMS will protect proprietary information according to 30 CFR 250.196 (Data and information to be made available to the public), 30 CFR part 252 (OCS Oil and Gas Information Program), and the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR 2). MMS OCS Regions use the information collected under Subpart A to ensure that operations on the OCS are carried out in a safe and pollution-free manner, do not interfere with the rights of other users on the OCS, and balance the development of OCS resources with the protection of the environment.

Frequency: The frequency is "on occasion" for most of the requirements in Subpart A. The Form MMS-132 is submitted daily during the period of emergency.

Estimated Number and Description of Respondents: Approximately 1 State and 190 Federal OCS oil and gas or sulphur lessees.

Estimated Reporting and Recordkeeping "Hour" Burden: The estimated annual "hour" burden for this information collection is a total of 22,288 burden hours. The following chart details the individual components and estimated hour burdens. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burdens.

* Due to the California v. Norton litigation involving 36 suspended leases, operators in the Pacific Region did not respond to our inquiry because of the sensitivity of the matter.

Estimated Reporting and Recordkeeping “Non-Hour Cost” Burden: The application filing fee required in § 250.165 is the only paperwork cost burden identified for the Subpart A regulations. This filing fee is currently set at \$2,350.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *”. Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on May 21, 2004, we published a **Federal Register** notice (69 FR 29324) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB control number for the information collection requirements imposed by the 30 CFR 250 regulations and forms. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by October 20, 2004.

Public Comment Policy: MMS’s practice is to make comments, including names and addresses of respondents, available for public review during regular business hours. If you wish your name and/or address to be withheld, you must state this prominently at the beginning of your comment. MMS will honor the request to the extent allowable by the law; however,

anonymous comments will not be considered. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.
