In addition, it establishes the Office of Programs and the Office of Operations and Discretionary Grants, eliminates the Deputy Commissioner position, and moves the Administration and Planning Staff and their functions to the newly established Office of Operations and Discretionary Grants. This notice is being republished in its entirety for the convenience of the reader.

These Chapters are amended as follows:

1. Chapter KC, Administration on Developmental Disabilities

A. Delete KC.00 Mission in its entirety and replace with the following:

KC.00 Mission. The Administration on Developmental Disabilities advises the Secretary, through the Assistant Secretary for Children and Families, on matters relating to individuals with developmental disabilities and their families. ADD serves as the focal point in the Department to support and encourage the provision of quality services to individuals with developmental disabilities and their families. ADD assists states, through the design and implementation of comprehensive and continuing state

plans, to increase the independence, productivity and community inclusion of individuals with developmental disabilities. These state plans make optimal use of existing federal and state resources for the provision of services and supports to these individuals and their families to achieve these outcomes. ADD works with the states to ensure that the rights of all individuals with developmental disabilities are protected.

ADD administers two formula grant programs under the Developmental Disabilities Assistance and Bill of Rights Act (the DD Act), the State Councils on Developmental Disabilities and the Protection and Advocacy Systems, and two discretionary grant programs, University Centers for Excellence in Developmental Disabilities and Projects of National Significance grant programs, including family support grants. These programs support the provision of services to individuals with developmental disabilities and their families. In concert with other components of ACF as well as other public, private, and voluntary sector partners, ADD supports research, demonstration and evaluation activities designed to improve and enrich the lives of individuals with developmental disabilities. In addition, ADD serves as a resource in the development of policies and programs to reduce or eliminate barriers experienced by individuals with developmental disabilities through the identification of promising practices and dissemination of information. ADD manages initiatives involving the private and voluntary sectors that benefit individuals with developmental and other disabilities and their families.

ADD also manages and administers three grant programs authorized by HAVA. Two are formula grant programs: State and Local Grants for Election Assistance for Individuals with Disabilities (EAID) to improve access to polling places for individuals with disabilities, and Grants to Protection and Advocacy Systems to ensure full participation in the voting process for voters with disabilities. The third is a discretionary grant program for training and technical assistance for Protection
