**ENVIRONMENTAL PROTECTION AGENCY**

[FRL-7788-9]

**Federal Agency Hazardous Waste Compliance Docket**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of nineteenth update of the Federal Agency Hazardous Waste Compliance Docket, pursuant to CERCLA section 120(c).

**SUMMARY:** Section 120(c) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1986 (SARA), requires the Environmental Protection Agency (EPA) to establish a Federal Agency Hazardous Waste Compliance Docket. The docket is to contain certain information about Federal facilities that manage hazardous waste or from which hazardous substances have been or may be released. (As defined by CERCLA section 101(22), a release is any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment.) CERCLA requires that the docket be

updated every six months, as new facilities are reported to EPA by Federal agencies. The following list identifies the Federal facilities to be included in this nineteenth update of the docket and includes facilities not previously listed on the docket and reported to EPA since the last update of the docket, 68 FR 69685, December 15, 2003, which was current as of August 14, 2003. SARA, as amended by the Defense Authorization Act of 1997, specifies that, for each Federal facility that is included on the docket during an update, evaluation shall be completed in accordance with a reasonable schedule. Such site evaluation activities will help determine whether the facility should be included on the National Priorities List (NPL) and will provide EPA and the public with valuable information about the facility. In addition to the list of additions to the docket, this notice includes a section that comprises revisions (that is, corrections and deletions) of the previous docket list. This update contains 38 additions and 3 deletions since the previous update, as well as numerous other corrections to the docket list. At the time of publication of this notice, the new total number of Federal facilities listed on the docket is 2,293.

**DATES:** This list is current as of January 29, 2004.

**FOR FURTHER INFORMATION CONTACT:** Electronic versions of the docket may be obtained at <http://www.epa.gov/compliance/cleanup/federal/index.html>.
