

**SUPPLEMENTARY INFORMATION:** (a) *Background on the Air Toxics Research Strategy Report Quality Review Committee (QRC) Meeting:* The Air Toxics Research Strategy Report QRC Telephone Conference Meeting will be held on Tuesday, May 18, 2004 from 1 p.m. until 2 p.m. The purpose of the meeting will be to allow the members of the QRC to conduct a public review and discussion of the report.

The focus of the discussion will be on whether: (i) The original charge questions to the review panel have been adequately addressed, (ii) there are any technical errors or omissions in the report or issues that are inadequately dealt with in the report, (iii) the report is clear and logical, and (iv) any conclusions drawn, or recommendations provided, are supported by the body of information in the review report. The outcome of the QRC review will be one of the following: (i) Recommend SAB approval of the report, (ii) return the report to the review panel for further work, (iii) reject the work of the review panel and request a reconsideration and a revised report in the future, or (iv) recommend that the SAB constitute an entirely new review panel.

(b) *Background on the Environmental Economics Research Strategy Report QRC Meeting:* The Environmental Economics Research Strategy Report QRC Telephone Conference Meeting will be held on Tuesday, May 18, 2004 from 2 p.m. until 3 p.m. The purpose of the meeting will be to allow the members of the QRC to conduct a public review and discussion of the report. The focus of the discussion and the possible outcomes are the same as described in section (a), above.

*Availability of Review Material for the Board Meeting:* Documents that are the subject of this meeting are available on the SAB Web site at: <http://www.epa.gov/sab/>.

*Procedures for Providing Public Comment:* It is the policy of the SAB Staff Office to accept written public comments of any length, and to accommodate oral public comments whenever possible. The SAB Staff Office expects that public statements presented at SAB meetings will not be repetitive of previously submitted oral or written statements.

*Oral Comments:* In general, each individual or group requesting an oral presentation at a telephone conference call meeting will usually be limited to no more than three minutes per speaker and no more than fifteen minutes total. Interested parties should contact the DFO noted above in writing via e-mail at least one week prior to the meeting

in order to be placed on the public speaker list for the meeting. Speakers should provide an electronic copy of their comments for distribution to interested parties and participants in the meeting.

*Written Comments:* Although written comments are accepted until the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office at least one week prior to the meeting date so that the comments may be made available to the committee for their consideration.

Comments should be supplied to the DFO at the address/contact information above in the following formats: One hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat, WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format)).

*Meeting Accommodations:* Individuals requiring special accommodation to access these meetings, should contact the DFO at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: April 19, 2004.

### Science Advisory Board Staff Office; New Contact Information for the EPA Science Advisory Board Staff Office; Update on a Previously Announced Meeting of the SAB Drinking Water Committee

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The EPA Science Advisory Board (SAB) Staff Office has moved to a new location with a new mailing address, telephone and facsimile numbers, listed below. These changes are effective immediately. The SAB Staff Office announces updates to the public face-to-face meeting of the SAB Drinking Water Committee (DWC) to review the Agency's Drinking Water Research Program Multi-Year Plan.

#### SUPPLEMENTARY INFORMATION:

#### 1. New SAB Staff Office Addresses, Telephone and Facsimile Numbers

*U.S. Postal Mailing Address:* U.S. EPA Science Advisory Board, Mail Code

1400F, 1200 Pennsylvania Avenue, NW., Washington DC 20460.

*Express/FedEx/Courier Delivery Address:* U.S. EPA Science Advisory Board, Woodies Building, 1025 F Street, NW., Suite 3600, Washington, DC 20004.

*Phone Numbers:* Main Office (202) 343-9999; facsimile (202) 233-0643.

## 2. SAB DWC Face-to-Face Meeting Updates

*Background:* Information on this review previously appeared in 69 FR 13829 (March 24, 2004). This update provides: (a) A deadline for requesting an opportunity to be placed on the public speaker list for the DWC meeting, and (b) contact information for the new Designated Federal Officer (DFO) responsible for the SAB.

(a) *Date:* May 17, 2004. Interested parties should contact the DFO in writing via e-mail, fax, or letter no later than noon, eastern daylight time on May 17, 2004, to be placed on the public speaker list.

(b) *New DFO Contact:* Any member of the public wishing further information regarding the SAB DWC may contact Dr. Suhair Shallal, Designated Federal Officer (DFO), U.S. EPA Science Advisory Board via phone (202-343-9977) or e-mail at [shallal.suhair@epa.gov](mailto:shallal.suhair@epa.gov), or at the new addresses provided above.

Dated: April 19, 2004.

[OPPT-2004-0091]; FRL-7357-2]

### Certain New Chemicals; Receipt and Status Information

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing

exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from March 19, 2004 to April 8, 2004, consists of the PMNs and TMEs both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

**DATES:** Comments identified by the docket ID number OPPT-2004-0091 and the specific PMN number or TME number, must be received on or before May 27, 2004.

**ADDRESSES:** Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

**FOR FURTHER INFORMATION CONTACT:** Colby Lintner, Regulatory Coordinator, Environmental Assistance Division, Office of Pollution Prevention and Toxics (7408M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: [TSCA-Hotline@epa.gov](mailto:TSCA-Hotline@epa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. General Information**

*A. Does this Action Apply to Me?*

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

*B. How Can I Get Copies of this Document and Other Related Information?*

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPPT-2004-0091. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that

is available for public viewing at the EPA Docket Center, Rm. B102-Reading Room, EPA West, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The EPA Docket Center Reading Room telephone number is (202) 566-1744 and the telephone number for the OPPT Docket, which is located in EPA Docket Center, is (202) 566-0280.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public

docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

*C. How and To Whom Do I Submit Comments?*

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number and specific PMN number or TME number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit I.D. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket,

and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number OPPT-2004-0091. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to [oppt.ncic@epa.gov](mailto:oppt.ncic@epa.gov), Attention: Docket ID Number OPPT-2004-0091 and PMN Number or TME Number. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

3. *By hand delivery or courier.* Deliver your comments to: OPPT Document Control Office (DCO) in EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID Number OPPT-2004-0091 and PMN Number or TME Number. The DCO is

open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930.

*D. How Should I Submit CBI to the Agency?*

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

*E. What Should I Consider as I Prepare My Comments for EPA?*

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the notice or collection activity.

7. Make sure to submit your comments by the deadline in this document.

8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action and the specific PMN number you are commenting on in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

**II. Why is EPA Taking this Action?**

Section 5 of TSCA requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from March 19, 2004 to April 8, 2004, consists of the PMNs and TMEs both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

**III. Receipt and Status Report for PMNs and TMEs**

This status report identifies the PMNs and TMEs both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you are interested in information that is not included in the following tables, you may contact EPA as described in Unit II. to access additional non-CBI information that may be available.

In Table I of this unit, EPA provides the following information (to the extent that such information is not claimed as CBI) on the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

**Clean Water Act Class II: Proposed Administrative Settlement, Penalty Assessment and Opportunity To Comment Regarding Advance Auto Parts, Inc.**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** EPA has entered into a consent agreement with Advance Auto Parts, Inc. ("Advance") to resolve

violations of the Clean Water Act ("CWA"), the Emergency Planning and Community Right-to-Know Act ("EPCRA"), and the Resource Conservation and Recovery Act ("RCRA") and their implementing regulations.

The Administrator is hereby providing public notice of this consent agreement and final order and providing an opportunity for interested persons to comment on the CWA portions, as required by CWA section 311(b)(6)(C), 33 U.S.C. 1321(b)(6)(C).
