

contained in the Decision Memorandum is attached to this notice as Appendix I. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit in room B-099 of the Main Commerce Building. In addition, a complete version of the Decision Memorandum can be accessed directly on the World Wide Web at <http://ia.ita.doc.gov>, under the heading "Federal Register Notices." The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Review

In accordance with 19 CFR 351.221(b)(5), we calculated an individual subsidy rate for the producer/exporter, Polyplex, subject to this review. For the year 2001, we determine the net subsidy *ad valorem* rate for Polyplex is 20.62 percent, and for the year 2002, we determine the net subsidy *ad valorem* rate is 19.63 percent.

We will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties as indicated above. The Department will instruct CBP to collect cash deposits of estimated countervailing duties in accordance with the assessment rate calculated for 2002 as detailed above, of the f.o.b. invoice price on all shipments of the subject merchandise from the producer/exporter under review, entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review.

Because the Uruguay Round Agreements Act (URAA) replaced the general rule in favor of a country-wide rate with a general rule in favor of individual rates for investigated and reviewed companies, the procedures for establishing countervailing duty rates, including those for non-reviewed companies, are now essentially the same as those in antidumping cases, except as provided for in section 777A(e)(2) of the Act. The requested review will normally cover only those companies specifically named. See 19 CFR 351.213(b). Pursuant to 19 CFR 351.212(c), for all companies for which a review was not requested, duties must be assessed at the cash deposit rate, and cash deposits must continue to be collected, at the rate previously ordered. As such, the countervailing duty cash deposit rate applicable to a company can no longer change, except pursuant to a request for a review of that company. See *Federal-Mogul Corporation and The Torrington Company v. United States*, 822 F. Supp.

782 (CIT 1993) and *Floral Trade Council v. United States*, 822 F. Supp. 766 (CIT 1993). Therefore, the cash deposit rates for all companies except those covered by this review will be unchanged by the results of this review.

We will instruct CBP to continue to collect cash deposits for non-reviewed companies at the most recent company-specific or country-wide rate applicable to the company. Accordingly, the cash deposit rates that will be applied to non-reviewed companies covered by this order will be the rate for that company established in the most recently completed administrative proceeding conducted under the URAA. See *Notice of Amended Final Determination and Notice of Countervailing Duty Orders: Certain Hot-Rolled Carbon Steel Flat Products from India and Indonesia*, 66 FR 60198 (December 3, 2001). This rate shall apply to all non-reviewed companies until a review of a company assigned this rate is requested. In addition, for the period October 22, 2001, through December 31, 2002, the assessment rates applicable to all non-reviewed companies covered by this order are the cash deposit rates in effect at the time of entry.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: August 6, 2004.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

The total award period is two (2) years with a third year option. MBDA anticipates a total of approximately \$738,750 will be available in FY 2005 for Federal assistance under this program and approximately \$738,750 for FY 2006 and possibly \$738,750 for FY 2007 to be applied in the optional third year of funding under this program. Applicants are hereby given notice that funds have not yet been appropriated for this program. In no event will MBDA or the Department of Commerce (DoC) be responsible for proposal preparation costs if this program fails to receive funding or is cancelled because of other agency priorities.

Financial assistance awards under this program may range from \$155,000 to \$338,750 in Federal funding per year based upon minority population, the size of the market and its need for MBDA resources. Applicants must submit project plans and budgets for each of the two years. Projects will be

funded for no more than one year at a time. Project proposals accepted for funding will not compete for funding in subsequent budget periods within the approved award period. Second year funding will depend upon first year satisfactory performance by the award recipient. Funding for the subsequent third year will be at the sole discretion of the MBDA and the DoC, and only those MBDC's achieving outstanding performance ratings for each prior program year will be eligible for continued funding. All funding periods are subject to the availability of funds to support the continuation of the project, DoC and Agency priorities. Authority: Executive Order 11625 and 15 U.S.C. 1512.

Catalog of Federal Domestic Assistance (CFDA): 11.800 Minority Business Development Center Program.

Eligibility

For-profit entities (including sole-proprietorships, partnership, and corporations), and non-profit organizations, state and local government entities, American Indian Tribes, and educational institutions are eligible to operate MBDCs.

Program Description

In accordance with Executive Order 11625 and 15 U.S.C. 1512, MBDA is soliciting competitive applications from organizations for cooperative agreements to operate MBDCs under its MBDC program in the following geographic service areas: Honolulu, Oklahoma City and Miami/Ft. Lauderdale.

The MBDC program requires MBDC staff to provide standardized business assistance services to rapid growth potential minority businesses directly; to develop a network of strategic partnerships; to charge client fees; and to provide strategic business consulting. These requirements will be used to generate increased results with respect to financing and contracts awarded to minority-owned firms and thus, are a key component of this program.

The MBDC program will concentrate on rapid growth potential minority business enterprises (MBEs), *e.g.*, those generating \$500,000 or more in annual revenues or capable of generating significant employment and long-term economic growth. The MBDC program shall continue to leverage telecommunications technology, including the Internet, and a variety of online computer-based resources to

dramatically increase the level of service that the MBDC can provide to minority-owned firms, including micro-enterprises.

The MBDC program incorporates an entrepreneurial approach to building market stability and improving the quality of services delivered. This strategy expands the reach of the MBDC by requiring project operators to develop and build upon strategic alliances with public and private sector partners, as a means of serving the growing numbers of minority firms with rapid growth potential within the project's geographic service area. In addition, MBDA will establish specialized business consulting training programs to support the MBDC client assistance services. These MBDC training programs are designed specifically to foster growth assistance to its clients. The MBDC will also encourage increased collaboration and client/non-client referrals among the MBDA-sponsored networks. This will provide a comprehensive approach to serving the emerging sector of the minority business community.

The MBDC will operate through the use of trained professional business consultants who will assist minority entrepreneurs through direct client engagements.

Entrepreneurs eligible for assistance under the MBDC Program are African Americans, Puerto Ricans, Spanish-speaking Americans, Aleuts, Asian Pacific Americans, Asian Indians, Native Americans, Eskimos and Hasidic Jews.

As part of its strategy for continuous improvement, the MBDC shall expand its delivery capacity to all minority firms, with greater emphasis on emerging/rapid growth-potential minority firms capable of impacting economic growth and employment. MBDA wants to ensure that MBDC clients are receiving a consistent level of service throughout its funded network. To that end, MBDA will require MBDC consultants to attend a series of training courses designed to achieve standardized services and quality expectations.

Selection Procedures

Prior to the formal paneling process, each application will receive an initial screening to ensure that all required forms, signatures and documentation are present. Each application will receive an independent, objective review by a panel qualified to evaluate the applications submitted. MBDA anticipates that the review panel will be made up of at least three independent reviewers who are Federal employees

who will review all applications based on the above evaluation criteria. Each reviewer will evaluate and provide a score for each proposal. The National Director of MBDA makes the final recommendation to the Department of Commerce Grants Officer regarding the funding of applications, taking into account the following selection criteria:

1. The evaluations and rankings of the independent review panel;

2. The following funding priorities: (a) Identifying and working to eliminate barriers which limit the access of minority businesses to markets and capital; (b) identifying and working to meet the special needs of minority businesses seeking to obtain large-scale contracts (in excess of \$500,000) with institutional customers; and (c) promoting the understanding and use of Electronic Commerce by the minority business community. The National Director or his designee reserves the right to conduct a site visit (subject to the availability of funding) to applicant organizations receiving at least 70% of the total points available for each evaluation criterion, in order to make a better assessment of the organization's capability to achieve the three funding priorities.

3. The availability of funding.

Evaluation Criteria

Proposals will be evaluated and applicants will be selected based on the following criteria. An application must receive at least 70% of the total points available for each evaluation criterion, in order for the application to be considered for funding.

1. Applicant Capability (45 Points)

The applicant's proposal will be evaluated with respect to the applicant firm's experience and expertise in providing the work requirements listed. Specifically, the proposals will be evaluated as follows:

- MBE Community—experience in and knowledge of the minority business sector and strategies for enhancing its growth and expansion (5 points);
- Business Consulting—experience in and knowledge of business consulting of rapid growth-potential minority firms (10 points);
- Financing—experience in and knowledge of the preparation and formulation of successful financial transactions (5 points);
- Procurements and Contracting—experience in and knowledge of the public and private sector contracting opportunities for minority businesses (5 points);
- Financing Networks—resources and professional relationships within the

corporate, banking and investment community that may be beneficial to minority-owned firms (5 points);

- **MBE Advocacy**—experience and expertise in advocating on behalf of minority businesses, both as to specific transactions in which a minority business seeks to engage, and as to broad market advocacy for the benefit of the minority community at large (5 points); and
- **Key Staff**—assessment of the qualifications, experience and proposed role of staff who will operate the MBDC. In particular, an assessment will be made to determine whether proposed staff possess the expertise in utilizing information systems. (10 points).

2. Resources (20 Points)

The applicant's proposal will be evaluated according to the following criteria:

- **Resources**—discuss those resources (not included as part of the cost-sharing arrangement) that will be used. (10 points);
- **Partners**—discuss how you plan to establish and maintain the network of five (5) Strategic Partners (5 points);
- **Equipment**—discuss how you plan to accomplish the computer hardware and software requirements (5 points).

3. Techniques and Methodologies (25 Points)

The applicant's proposal will be evaluated as follows:

- **Performance Measures**—relate each performance measure to the financial, information and market resources available in the geographic service area to the applicant and how the goals will

be met. Specific attention should be placed on the Dollar Value of Transactions. This goal represents the sum of (a) Dollar Value of Financial Transactions and (b) Dollar Value of Gross Receipts. When proposing the minimum goal under Dollar Value of Transactions, the applicant is given the flexibility to address the percentage breakdown for items (a) and (b) above within a specific range—not more than 60% and not less than 40%. The applicant should consider existing market conditions and its strategy to achieve the goal. The applicant may vary the percentage breakdown for items (a) and (b) above as long as the sum meets the required goal as provided by MBDA in this Notice. (15 points)

- **Plan of Action**—provide specific detail on how the applicant will start operations. MBDCs have thirty (30) days to become fully operational after an award is made. Fully operational means that all staff are hired, all signs are up, all items of furniture and equipment are in place and operational, all necessary forms are developed (e.g., client engagement letters, other standard correspondence, etc.), and the center is ready to open its doors to the public (5 points);
- **Work Requirement Execution Plan**—The applicant will be evaluated on how effectively and efficiently all staff time will be used to achieve the work requirements (5 points).

4. Proposed Budget and Supporting Budget Narrative (10 Points)

The applicant's proposal will be evaluated on the following sub-criteria:

- Reasonableness, allowability and allocability of costs (5 points).
- Proposed cost sharing of 15% is required. The non-Federal share must be adequately documented, including how client fees will be used to meet the cost-share (5 points).

Bonus Points

Proposals with cost sharing which exceeds 15% will be awarded bonus points on the following scale: 16–20%—1 point; 21–25%—2 points; 26–30%—3 points; 31–35%—4 points; and over 36%—5 points.

Matching Requirements

Cost sharing of at least 15% is required. Cost sharing is the portion of the project cost not borne by the Federal Government. Applicants must meet this requirement in client fees and any one or more of remaining three means or a combination thereof: (1) Client fees (mandatory); (2) cash contributions; (3) non-cash applicant contributions; and/or (4) third party in-kind contributions.

The MBDC must charge client fees for services rendered. The fees may range from \$10 to \$60 per hour based on the gross receipts of the client's business ranging from \$0 to \$5 million and above. The MBDC must comply with the following policy restrictions when charging client service fees: (1) Client fees charged for one-on-one assistance must be based on a rate of \$100 per hour, (2) the MBDC must set fee rates based on the following chart:

Gross receipts of client	Base rate for services rendered	Percent of cost borne by client	Client fee per hour
\$0–99,999	\$100.00	10%	\$10.00
\$100,000–299,999	100.00	20%	20.00
\$300,000–999,999	100.00	30%	30.00
\$1 Million–2,999,999	100.00	40%	40.00
\$3 Million–4,999,999	100.00	50%	50.00
\$5 Million and Above	100.00	60%	60.00

(3) the MBDC must contribute cash for uncollected fees that were included as part of the cost sharing contribution committed for this award, and (4) client fees applied directly to the award's cost sharing requirement must be used in furtherance of the program objectives.

Intergovernmental Review

Applications under this program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Universal Identifier

Applicants should be aware that they may be required to provide a Dun and Bradstreet Data Universal Numbering System (DUNS) number during the application process. See the June 27, 2003 (68 FR 38402) **Federal Register** notice for additional information. Organizations can receive a DUNS number at no cost by calling the dedicated toll-free DUNS Number request line at 1–866–705–5711 or on MBDA's Web site at www.mbda.gov.

National Oceanic and Atmospheric Administration

[I.D. 081004B]

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits (EFPs)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of a proposal for EFPs to conduct experimental fishing; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator), has made a preliminary determination that an application for EFPs contains all of the required information and warrants further consideration. The Assistant Regional Administrator is considering the impacts of the activities to be authorized under the EFPs with respect to the Northeast (NE) Multispecies Fishery Management Plan (FMP). However, further review and consultation may be necessary before a final determination is made to issue EFPs. Therefore, NMFS announces that the Assistant Regional Administrator proposes to issue EFPs in response to an application submitted by Manomet Center for Conservation Sciences (Manomet) that would allow three vessels to conduct fishing operations that are otherwise restricted by the regulations governing the fisheries of the Northeastern United States. The EFP would exempt three vessels from the minimum mesh size requirements for the Gulf of Maine (GOM) Regulated Mesh Area (RMA); regulations pertaining to the GOM Rolling Closure

Areas V; and minimum fish size requirements. The experiment proposes to conduct a study to target cod and other groundfish species using modified bottom trawl gear to assess the effectiveness of square and hexagonal mesh escape windows, both with and without visual stimuli, in reducing the bycatch of non-target and undersized fish in the GOM groundfish fishery. The EFP would allow these exemptions for three commercial fishing vessels, for not more than 16 days of sea trials. All experimental work would be monitored at sea by observers trained to NMFS standards as part of this Cooperative Research Partners Initiative-funded project. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

DATES: Comments on this document must be received on or before September 1, 2004.

ADDRESSES: Written comments should be sent to Patricia A. Kurkul, Regional Administrator, NMFS, NE Regional Office, 1 Blackburn Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on Visual Stimuli EFP Proposal." Comments may also be sent via fax to (978) 281-9135, or submitted via e-mail to the following address: da638@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Heather Sagar, Fishery Management Specialist, phone: 978-281-9341, fax: 978-281-9135.

SUPPLEMENTARY INFORMATION: A final application for an EFP was submitted on July 13, 2004, by Dr. Christopher Glass. This request would build upon data collected by Manomet under an approved EFP that began October 1, 2003. The purpose of the experiment is to assess the selective efficiency of various codend configurations, specifically escape windows and visual stimuli, that could effectively reduce bycatch of non-target and undersized fish in the GOM groundfish fishery and allow better and more effective management of groundfish stocks. Specific objectives of the study include comparing the catch selectivity of each of the experimental codend configurations to regulated mesh codends currently used by the fishing industry and to quantify the behavioral responses of different species to the experimental codend configurations. The results of this study will be submitted to NMFS, the New England Fishery Management Council, and any
