[DFARS Case 2003-D035]

Defense Federal Acquisition Regulation Supplement; Construction and Architect-Engineer Services

AGENCY: Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD has issued a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to update text pertaining to selection of firms for architect-engineer contracts. This rule is a result of a transformation initiative undertaken by DoD to dramatically change the purpose and content of the DFARS.

EFFECTIVE DATE: December 15, 2004.

FOR FURTHER INFORMATION CONTACT: Mr. Euclides Barrera, Defense Acquisition Regulations Council, OUSD(AT&L)DPAP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062. Telephone (703) 602-0296; facsimile (703) 602-0350. Please cite DFARS Case 2003-D035.

SUPPLEMENTARY INFORMATION:

A. Background

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS

Transformation initiative is available at <http://www.acq.osd.mil/dp/dars/transf.htm>.

This final rule is a result of the DFARS Transformation initiative. The changes in this rule—

- Revise DFARS 236.602-1 to remove procedures for establishment of evaluation criteria in the selection of firms for architect-engineer contracts. This text has been relocated to the new DFARS companion resource, Procedures, Guidance, and Information (PGI), available at <http://www.acq.osd.mil/dpap/dars/pgi>.

- Remove unnecessary text on preselection boards and selection authorities at DFARS 236.602-2 and 236.602-4.

- Amend DFARS 236.604 to reflect replacement of Standard Form 254, Architect—Engineer and Related Services Questionnaire, with Standard Form 330, Architect-Engineer Qualifications.

DoD published a proposed rule at 69 FR 35568 on June 25, 2004. DoD received no comments on the proposed rule. Therefore, DoD has adopted the proposed rule as a final rule without change.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the changes in the rule represent no substantive change to policy with regard to selection of firms for architect-engineer contracts.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
