

## Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that may disproportionately affect children.

## Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

## Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

## Environment

We considered the environmental impact of this proposed rule and concluded that, under figure 2-1, paragraph (32)(e), of Commandant Instruction M16475.1d, this proposed rule is categorically excluded from further environmental documentation because promulgation of drawbridge regulations have been found not to have a significant effect on the environment. A written "Categorical Exclusion Determination" is not required for this rule.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 63

[R06-OAR-2004-LA-0001; FRL-7847-7]

### Approval of the Clean Air Act Section 112(I) Program for Hazardous Air Pollutants and Delegation of Authority to the State of Louisiana

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Louisiana Department of Environmental Quality (LDEQ) has submitted a request for receiving delegation of EPA authority for implementation and enforcement of National Emission Standards for Hazardous Air Pollutants (NESHAPs)

for all sources (both part 70 and non-part 70 sources). The requests apply to certain NESHAPs promulgated by EPA, as incorporated by reference by LDEQ (40 CFR part 63 standards) as of July 1, 2003. The delegation of authority under this notice does not apply to sources located in Indian Country. EPA is providing notice that it approved by letter the delegation of certain NESHAPs to LDEQ on October 18, 2004, and is amending LDEQ's delegation of authority by adding additional part 63 subparts to the delegation.

**DATES:** Written comments must be received on or before January 14, 2005.

**ADDRESSES:** Comments may be mailed to Mr. Jeff Robinson, Air Permits Section (6PD-R), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202-2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the Addresses section of the direct final rule located in the final rules section of the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** Mr. Jeff Robinson, Air Permits Section, Multimedia Planning and Permitting Division (6PD-R), U.S. Environmental Protection Agency, Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202-2733, at (214) 665-6435, or at [robinson.jeffrey@epa.gov](mailto:robinson.jeffrey@epa.gov).

**SUPPLEMENTARY INFORMATION:** In the final rules section of this **Federal Register**, EPA is approving LDEQ's request for delegation of authority to implement and enforce certain NESHAPs for all sources (both Part 70 and non-Part 70 sources). LDEQ has adopted certain NESHAPs into Louisiana's state regulations. In addition, EPA is waiving its notification requirements so sources will only need to send notifications and reports to LDEQ.

The EPA is taking direct final action without prior proposal because EPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for this approval is set forth in the preamble to the direct final rule. If no adverse comments are received in response to this action rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that

provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is published in the Rules section of this **Federal Register**.

**Authority:** 42 U.S.C. 7412.

**Dated:** November 24, 2004.
