

Contractors service area covers parts of Fresno, Madera, Merced, and Stanislaus counties. The agricultural water users that would benefit from the potential transfers are located in the counties of Stanislaus, San Joaquin, Merced, Madera, Fresno, San Benito, Santa Clara, Tulare, Kings, and Kern. The wetland habitat areas that may receive the water are located in Merced, Fresno, Tulare, and Kern counties. Water purchased for use by Reclamation and/or DWR for the EWA may be provided to CVP contractors in the West San Joaquin and San Felipe divisions to replace water bypassed at Tracy Pumping Plant pursuant to EWA fish protection actions.

The Draft EIS/EIR addressed impacts associated with water development by the Exchange Contractors and related effects associated with water use by CVP contractors and the wildlife refuges. Resources evaluated for potential direct and indirect effects from the proposed transfer program include: surface water, groundwater, biological (vegetation, wildlife, and fisheries), air quality, land use (including agriculture), socioeconomics, Indian Trust Assets, and environmental justice. An evaluation of cumulative hydrologic and water service area impacts associated with reasonably foreseeable actions is included also.

One public hearing was held on July 7, 2004 in Los Banos, California.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on June 8, 2004, based on a complaint filed by Thomas J. Baumgartner and Hillbilly Smokehouse, Inc., both of Rogers, Arkansas, 69 FR 32044. The complaint alleges violations of section 337 in the importation into the United States, sale for importation, or sale within the United States after importation of certain pet food treats that infringe U.S. Design Patent No. 383,886. The notice of investigation lists six companies as respondents, including TsingTao China.

On August 18, 2004, complainants moved pursuant to section 337(g) and Commission rule 210.16(b) for issuance of an order directing, *inter alia*, TsingTao China, to show cause why it should not be found in default. Complainants noted that TsingTao China had not responded to the complaint and notice of investigation. On August 30, 2004, the Commission investigative attorney filed a response supporting complainant's motion for an order requiring TsingTao China to show cause why it should not be held in default.

On October 5, 2004, the ALJ issued Order No. 6, which ordered TsingTao China to show cause by October 12, 2004, why it should not be found in default. TsingTao China did not respond to the order to show cause. On November 19, 2004, the ALJ issued an ID (Order No. 8) finding TsingTao China in default. Under Commission rule 210.16(b)(3), TsingTao China is deemed to have waived its right to appear, to be served with documents, and to contest the allegations at issue in this investigation. No petitions for review of the ID were filed.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42 of the Commission's Rules of Practice and Procedure (19 CFR 210.42).

Issued: December 9, 2004.

By order of the Commission.
