

actions. The valuation of mortality risk reduction is an integral part of the economic analyses performed by EPA as recognized in its Guidelines for Preparing Economic Analyses (2000). However, because economic research on valuing health risk reductions is rapidly evolving, new information and approaches have become available since the release of the Guidelines. EPA is in the process of revisiting current estimates and methods used for valuing health risk reductions and plans to revise the Guidelines accordingly. This task is part of EPA's commitment to evaluate and revise components of EPA's Guidelines for Preparing Economic Analyses (2000) and to consult with the SAB as it does so.

The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice, consultation, and recommendations to the EPA Administrator on the technical basis for Agency positions and regulations. The SAB EEAC will conduct the requested consultation and will comply with the provisions of the Federal Advisory Committee Act (FACA) and all appropriate SAB procedural policies, and will report to the chartered SAB.

The SAB's EEAC will conduct the consultation on May 13, 2004. A roster of EEAC members, their biosketches, and the meeting agenda will be posted on the SAB Web site at: <http://www.epa.gov/sab> prior to the meeting.

Availability of Meeting Materials

A copy of the draft agenda for the meeting that is the subject of this notice will be posted on the SAB Web site prior to the meeting. Other materials that may be made available for this meeting may also be posted on the SAB Web site in this time-frame.

Procedures for Providing Public Comments

It is the policy of the SAB Staff Office to accept written public comments of any length, and to accommodate oral public comments whenever possible. The SAB expects that public statements presented at the meeting will not be repetitive of previously submitted oral or written statements. *Oral Comments:* In general, each individual or group requesting an oral presentation at a face-to-face meeting will be limited to a total time of ten minutes (unless otherwise indicated).
