

domestic interested party in this proceeding. See *Decision Memorandum* at Comment 1. The Department also determines that the effective date of revocation for this order is July 1, 2003, the earliest date for which entries of bulk aspirin have not been subject to an administrative review. See *Decision Memorandum* at Comment 2.

#### Instructions to U.S. Customs and Border Protection

In accordance with section 351.222 of the Department's regulations, the Department will instruct U.S. Customs and Border Protection ("CBP") to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, all unliquidated entries of bulk aspirin from the PRC, entered, or withdrawn from warehouse, for consumption on or after July 1, 2003, the effective date of the revocation of the order. The Department will further instruct CBP to refund with interest any estimated duties collected with respect to unliquidated entries of bulk aspirin from the PRC entered, or withdrawn from warehouse, for consumption on or after July 1, 2003, in accordance with section 778 of the Act.

The Department will issue the appropriate instructions directly to CBP within 15 days of publication of these final results of review.

#### Notification Regarding APOs

This notice also serves as a reminder to parties subject to administrative protective orders ("APO's") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this finding and notice in accordance with sections 751(b)(1) and 777(i)(1) of the Act and section 351.216 of the Department's regulations.

Dated: December 15, 2004.

### International Trade Administration

A-423-808

#### Notice of Extension of Time Limit for Preliminary Results of Administrative Review: Stainless Steel Plate in Coils from Belgium

**AGENCY:** Import Administration, International Trade Administration, U.S. Department of Commerce.

**EFFECTIVE DATE:** December 28, 2004.

**FOR FURTHER INFORMATION CONTACT:** Toni Page or Thomas Gilgunn at (202) 482-1398 and (202) 482-4236, respectively; AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

#### Background

On June 30, 2004, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on stainless steel plate in coils from Belgium with respect to Ugine & ALZ, NV Belgium (U&A Belgium). See *Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 69 FR 39409 (June 30, 2004). The period of review (POR) is May 1, 2003, through April 30, 2004.

#### Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), the Department shall issue preliminary results in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it is not practicable to complete the review within the foregoing time period. Due to the complexity of issues related to determining the appropriate quantity and value of sales to be reported by U&A Belgium, the Department finds that it is not practicable to complete this review by the current deadline of January 31, 2005. Consequently, in accordance with section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations, the Department is extending the time limit for the completion of the preliminary results by 120 days, from January 31, 2005, until no later than May 31, 2005. The final results continue to be due 120 days after publication of the preliminary results. This notice is published

pursuant to sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 20, 2004.

**Barbara E. Tillman,**

*Acting Deputy Assistant Secretary for Import Administration.*

### International Trade Administration

#### United States Travel and Tourism Promotion Advisory Board

**AGENCY:** International Trade Administration, U.S. Department of Commerce.

**ACTION:** Notice of open meeting.

*Date:* January 12, 2005.

*Time:* 9-10:30 a.m.

*Place:* U.S. Department of Commerce, Room 5855, 1401 Constitution Avenue, NW., Washington, DC 20230.

*Summary:* The United States Travel and Tourism Promotion Advisory Board ("Board") will hold a Board meeting on January 12, 2005 at the U.S. Department of Commerce.

The Board will discuss the implementation of an international advertising and promotional campaign, which seeks to encourage individuals to travel to the United States for the express purpose of engaging in tourism. The meeting will be open to the public. Time will be permitted for public comment. To sign up for public comment, please contact Julie Heizer at least 24 hours before the start of the meeting.

All non-U.S. Government visitors must be cleared into the Department of Commerce Building. Additionally, all foreign nationals must provide their full name, country of residence, passport number and date/place of birth to gain entry to the Department of Commerce Building. Please contact Julie Heizer so that you can be cleared by the Department of Commerce Office of Security.

Julie Heizer may be contacted at U.S. Department of Commerce, 1401 Constitution Avenue, NW., Room 7025, Washington, DC 20230; via fax at (202) 482-2887; or, via e-mail at [promotion@tinnet.ita.doc.gov](mailto:promotion@tinnet.ita.doc.gov).

Written comments concerning Board affairs are welcome anytime before or after the meeting. Written comments should be directed to Julie Heizer. Minutes will be available within 30 days of this meeting.

The Board is mandated by Public Law 108-7, Section 210. As directed by

Public Law 108-7, Section 210, the Secretary of Commerce shall design, develop and implement an international advertising and promotional campaign, which seeks to encourage individuals to travel to the United States. The Board shall recommend to the Secretary of Commerce the appropriate coordinated activities for funding. This campaign shall be a multi-media effort that seeks to leverage the Federal dollars with contributions of cash and in-kind products unique to the travel and tourism industry. The Board was chartered in August of 2003 and will expire on August 8, 2005.

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to OTTI.

Dated: December 21, 2004.

**Cary G. Justice,**

*Senior Policy Advisor, Office of Services.*

### National Institute of Standards and Technology

#### Announcement of Public Meeting of the National Conference on Weights and Measures

**AGENCY:** National Institute of Standards and Technology.

**ACTION:** Announcement of public meeting of the National Conference on Weights and Measures.

**SUMMARY:** Notice is hereby given that the Interim Meeting of the National Conference on Weights and Measures will be held January 23 through 26, 2004, at the Fairmont Miramar Hotel, Santa Monica, CA. This meeting is open to the public. Meeting registration and hotel information can be found on the NCWM Web site (<http://www.ncwm.net>). The National Conference on Weights and Measures is an organization of weights and measures enforcement officials of the States, counties, and cities of the United States, and private sector representatives. The interim meeting of the Conference brings together enforcement officials, other government officials, and representatives of business, industry, trade associations, and consumer organizations to discuss subjects related to the field of weights and measures technology and administration. Pursuant to (15 U.S.C. 272(b)(6)), the National Institute of Standards and Technology supports the National

Conference on Weights and Measures in order to promote uniformity among the States in the complexity of laws, regulations, methods, and testing equipment that comprises regulatory control by the States of commercial weighing and measuring.

**DATES:** January 23-26, 2004.

**ADDRESSES:** The Fairmont Miramar Hotel, Santa Monica, CA.

**SUPPLEMENTARY INFORMATION:** The National Conference on Weights and Measures (NCWM) has the following topics scheduled for discussion and development at the Interim Meeting in January. This is a work session of the NCWM Committees to finalize recommendations for items that are considered sufficiently developed for a vote in July 2005 or to modify or withdraw from committee agendas those items that need additional development or are not considered adequately developed for vote in July. The NCWM will have a special joint session of the Laws and Regulations Committee and the Specifications and Tolerances Committee to receive input on the temperature compensation of refined petroleum products. The temperature compensation issues have been on the agenda for several years, but there hasn't been a clear majority position to resolve the specific items before the NCWM. Please see NCWM Publication 15, which is available on the NIST Web site (<http://www.nist.gov/owm>) and the NCWM Web site (<http://www.ncwm.net>) for additional information. Written comments may be submitted to the Chief, NIST Weights and Measures Division, 100 Bureau Drive, Stop 2600, Gaithersburg, MD 20899-2600, or via e-mail at [owm@nist.gov](mailto:owm@nist.gov).

The following provides a brief description of the agenda items. At this stage, the items are proposals. The Committees will decide which items will move forward as recommendations for vote in July 2005, which ones will be withdrawn, and which ones will be information items for further development. The NCWM Specifications and Tolerances Committee addresses proposed changes or amendments to NIST Handbook 44, "Specifications, Tolerances, and other Technical Requirements for Weighing and Measuring Devices." The items address commercial weighing and measuring devices that may be used in commercial measurement applications, that is, devices that are normally used to buy from or sell to the general public or used for determining the quantity of product sold among businesses. Issues on the agenda of the NCWM Laws and Regulations Committee relate to NIST

Handbook 130, "Uniform Laws and Regulations in the area of legal metrology and engine fuel quality," and NIST Handbook 133, "Checking the Net Contents of Packaged Goods."

#### NCWM Specifications and Tolerances Committee

##### General Code

*Item 310-1:* The issue addresses an extensive series of marking requirements for commercial measurement systems. In particular, the topic examines which marking requirements should apply to electronic instruments that are not specifically designed for weighing or measuring systems, but which increasingly are being used in commercial weighing and measuring systems.

*Item 310-2:* Clarify the tolerances to be applied during the type evaluation of weighing and measuring instruments, that is, whether or not special test tolerances should apply to instruments undergoing type evaluation.

##### Scales Code

*Item 320-1:* Clarify the requirement's original intent for marking zero indications on scales and point-of-sale systems, where a zero-balance condition is represented by other than a digital zero indication.

*Item 320-2:* The proposal is to drop the "#" mark as a symbol for "pound" on a receipt printed by a point-of-sale system, *i.e.*, a cash register interfaced with a scale.

*Item 320-3:* Add new device-specific requirements to the Scales Code to address the proper interface of computing scales with electronic cash registers (ECR).

*Item 320-4:* Change the zero-tracking requirement (the amount of weight that can automatically be zeroed) for class III scales to be consistent with the international standard recommended by the International Organization of Legal Metrology (OIML).

*Item 320-5:* Provide guidelines on the placement of the required nominal capacity and scale division information on scales.

*Item 320-6:* Delete the definitions for bench and counter scales, because current scale designs no longer distinguish between these two types of scales. Additionally, the proposal is to change the test load and test positions for the shift test for scales, particularly for small capacity scales.

*Item 320-7:* The proposal is to drop the fourth tolerance step for Class III and Class IIII scales to align the tolerances with the OIML standard. This is a significant issue because there are
