

Amendment 15 to the Coastal Migratory Pelagics Fishery Management Plan (FMP) and Amendment 24 to the Reef Fish FMP. Each of these amendments contain alternatives to allow the existing commercial permit moratoria to expire, extend the moratoria for 5 or 10 years, or replace the moratoria with permanent limited access systems that would, in essence, maintain the cap on the number of permits indefinitely, or until replaced or eliminated by additional actions by the Council.

Although other non-emergency issues not on the agendas may be discussed by the APs, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during these meetings. Actions of the APs will be restricted to those issues specifically identified in the agendas and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take action to address the emergency.

Requests for sign language interpretation or other auxiliary aids should be directed to Dawn Aring at the Council office (see **ADDRESSES**) by October 19, 2004.

Dated: October 4, 2004.

Alan D. Risenhoover,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
