If you are a trade/business association, provide the information, on an aggregate basis, for the firms which are members of your association.

(a) Production (quantity) and, if known, an estimate of the percentage of total production of Subject Merchandise in the Subject Country accounted for by your firm's(s') production; and

(b) the quantity and value of your firm's(s') exports to the United States of Subject Merchandise and, if known, an estimate of the percentage of total exports to the United States of Subject Merchandise from the Subject Country accounted for by your firm's(s') exports.

(10) Identify significant changes, if any, in the supply and demand conditions or business cycle for the Domestic Like Product that have occurred in the United States or in the market for the Subject Merchandise in the Subject Country after 1997, and significant changes, if any, that are likely to occur within a reasonably foreseeable time. Supply conditions to consider include technology; production methods; development efforts; ability to increase production (including the shift of production facilities used for other products and the use, cost, or availability of major inputs into production); and factors related to the ability to shift supply among different national markets (including barriers to importation in foreign markets or changes in market demand abroad). Demand conditions to consider include end uses and applications; the existence and availability of substitute products; and the level of competition among the Domestic Like Product produced in the United States, Subject Merchandise produced in the Subject Country, and such merchandise from other countries.

(11) (Optional) A statement of whether you agree with the above definitions of the Domestic Like Product and Domestic Industry; if you disagree with either or both of these definitions, please explain why and provide alternative definitions.

## NATIONAL SCIENCE FOUNDATION

### Agency Information Collection Activities: Comment Request

**AGENCY:** National Science Foundation.

**ACTION:** Submission for OMB review; comment request.

**SUMMARY:** Under the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3501 *et seq.*), and as part of its continuing effort to reduce paperwork and respondent burden, the National Science Foundation (NSF) is inviting the general public and other Federal agencies to comment on this proposed information collection. This is the second notice for public comment; the first was published in the **Federal Register** at 68 FR 64372 and no comments were received. NSF is forwarding the proposed submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice.

**DATES:** Comments regarding this information collection are best assured of having their full effect if received by OMB within thirty days.

**ADDRESSES:** Written comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of NSF, including whether the information will have practical utility; (b) the accuracy of NSF's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; or (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for Statistical Data Collection for National Science Foundation, 725-17th Street, NW., Room 10235, Washington, DC 20503, and to Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Blvd., Rm. 295, Arlington, VA 22230, or by e-mail to [splimpto@nsf.gov](mailto:splimpto@nsf.gov). Copies of the submission may be obtained by calling (703) 292-7556.

**FOR FURTHER INFORMATION CONTACT:** Suzanne H. Plimpton, NSF Reports Clearance Officer, at (703) 292-7556, or e-mail to [splimpto@nsf.gov](mailto:splimpto@nsf.gov). Individuals who use a telecommunications device for the deaf (TDD) may call the Federal

Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

#### SUPPLEMENTARY INFORMATION:

*Title of Collection:* Data Collection on Public Understanding of Science and Technology (OMB) Control No. 3145-new).

*Use of the Information.* For over twenty years, the National Science Foundation (NSF) has conducted a series of surveys to collect information about public attitudes toward and understanding of science and technology. NSF plans to collect data on a limited number of key questions to maintain the continuity of its time series data and alert policy officials to significant changes, if any, in historic levels of public understanding and/or support for science and technology.

The primary immediate use of the data will be in Science and Engineering Indicators-2006, a biannual statistical report from the National Science Board to the President and Congress on the state of science and engineering in the United States. The report includes a chapter on public understanding of and attitudes toward science and technology. Science and Engineering Indicators is used extensively by officials and researchers in government, education, industry, and professional and nonprofit associations both in the United States and abroad.

*Expected Respondents.* The survey will be conducted by telephone. Approximately 2000 adults will be contacted and asked a series of questions designed to measure their understanding of scientific concepts and their attitudes toward science and technology.

*Burden on the Public.* The estimated respondent burden is 500 hours. NSF will add questions averaging 15 minutes of survey time to 2000 interviews to be conducted as part of the University of Michigan Survey of Consumer Attitudes. This computes to 500 public burden hours in 2004.

Dated: January 27, 2004.

## SECURITIES AND EXCHANGE COMMISSION

### Sunshine Act Meetings

Notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Pub. L. 94-409, that the Securities and Exchange Commission will hold the following meetings during the week of February 2, 2004: An Open Meeting will be held on Wednesday, February 4, 2004 at 10 a.m. A Closed Meeting will be held on Thursday, February 5, 2004 at 10 a.m.

Commissioners, Counsel to the Commissioners, the Secretary to the Commission, and recording secretaries will attend the Closed Meeting. Certain staff members who have an interest in the matters may also be present.

The General Counsel of the Commission, or his designee, has certified that, in his opinion, one or more of the exemptions set forth in 5 U.S.C. 552(b)(3), (5), (7), (9B), and (10) and 17 CFR 200.402(a)(3), (5), (7), (9ii), and (10), permit consideration of the scheduled matters at the Closed Meeting.

Commissioner Glassman, as duty officer, voted to consider the items listed for the closed meeting in a closed session.

The subject matter of the Open Meeting scheduled for Wednesday, February 4, 2004 will be:

1. The Commission will hear oral argument on an appeal by Orlando Joseph Jett ("Jett") and the Division of Enforcement (the "Division") from an initial decision of an administrative law judge. Jett formerly was a government bond trader with former registered broker-dealer Kidder Peabody ("Kidder"). The Division alleges that Jett committed fraud in connection with a trading scheme involving U.S. Treasury zero coupon bonds by which he booked hundreds of millions of dollars of illusory profits for Kidder and earned millions of dollars in bonuses.

The law judge dismissed the fraud charges because, although she found Jett's conduct fraudulent, she concluded that the fraud was not committed "in connection with" the purchase or sale of securities. The law judge also found that Jett aided and abetted Kidder's recordkeeping violations caused by the inclusion of the illusory profits in its financial statements. The law judge barred Jett from association with any broker or dealer and ordered him to pay a civil money penalty of \$200,000, to disgorge \$8.21

million, plus prejudgment interest, and to cease and desist from committing or causing any violations or future violations of the applicable securities laws.

Jett appeals the law judge's findings of recordkeeping violations and contests the judge's findings that he engaged in a scheme to defraud. The Division appeals the law judge's decision with respect to the failure to find violations of the antifraud provisions.

Among the issues likely to be considered are:

1. Whether respondent committed the alleged violations; and
2. If so, whether sanctions should be imposed in the public interest.

For further information, please contact the Office of the Secretary at (202) 942-7070.

The subject matters of the Closed Meeting scheduled for Thursday, February 5, 2004 will be:

- Formal orders of investigation; Institution and settlement of administrative proceedings of an enforcement nature;
- Institution and settlement of injunctive actions;
- Litigation matter; and
- Adjudicatory matter.

At times, changes in Commission priorities require alterations in the scheduling of meeting items. For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact:

The Office of the Secretary at (202) 942-7070.

Dated: January 28, 2004.
