

in Manatee County, Florida. The project limits extend a distance of approximately 7.0 miles from SR 64 on the south to U.S. 301 on the north.

This project is commonly referred to as the Upper Manatee River Project Development and Environment (PD&E) Study. This project has been identified as a high priority by the Sarasota/Manatee Metropolitan Planning Organization and is needed to accommodate future growth and to serve as an additional hurricane evacuation route.

An EA was previously completed for the project and signed on September 6, 2002. After the identification and analysis of numerous corridors, alternatives and locations, the EA study recommended two through lanes in each direction along the existing Upper Manatee River Road/Fort Hamer Road corridor and a new four-lane bridge across the Manatee River. During the EA study, the proposed project generated significant controversy among residents within the study area. As a result, an EIS is now being prepared and will consider all reasonable alternatives, as well as a no-build alternative.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have expressed interest in this proposal. Public meetings will be held between January and November 2004. In addition, a Public Hearing will be held in the study area. Public notice will be given of the time and place of the meetings and hearing. The Draft EIS will be made available for public and agency review and comment. No formal scoping meeting is planned at this time.

To ensure that the full range of issues related to the proposed action is addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Research, Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program)

Issued on: January 14, 2004.

BSB Murthy,

District Transportation Engineer, Tallahassee, Florida.

BILLING CODE 4910-22-M

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Open Meeting of the Area 6 Taxpayer Advocacy Panel (Including the States of Alaska, Arizona, Colorado, Hawaii, Idaho, Montana, New Mexico, Nevada, Oregon, Washington, and Wyoming)

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice.

SUMMARY: An open meeting of the Area 6 Taxpayer Advocacy Panel will be conducted (via teleconference). The Taxpayer Advocacy Panel (TAP) is soliciting public comments, ideas, and suggestions on improving customer service at the Internal Revenue Service. The TAP will use citizen input to make recommendations to the Internal Revenue Service.

DATES: The meeting will be held Monday, February 23, 2004.

FOR FURTHER INFORMATION CONTACT: Judi Nicholas at 1-888-912-1227, or 206-220-6096.

SUPPLEMENTARY INFORMATION: Notice is hereby given pursuant to section 10(a)(2) of the Federal Advisory Committee Act, 5 U.S.C. App. (1988) that an open meeting of the Area 6 Taxpayer Advocacy Panel will be held Monday, February 23, 2004, from 2 p.m. Pacific time to 3 p.m. Pacific time via a telephone conference call. The public is invited to make oral comments. Individual comments will be limited to 5 minutes. If you would like to have the TAP consider a written statement, please call 1-888-912-1227 or 206-220-6096, or write to Judi Nicholas, TAP Office, 915 2nd Avenue, MS W-406, Seattle, WA 98174. Due to limited conference lines, notification of intent to participate in the telephone conference call meeting must be made with Judi Nicholas. Ms. Nicholas can be reached at 1-888-912-1227 or 206-220-6096.

The agenda will include the following: Various IRS issues.

Dated: January 14, 2004.

Bernard Coston,

Director, Taxpayer Advocacy Panel.

BILLING CODE 4830-01-P

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs (VA).

ACTION: Notice of amendment to system of records.

SUMMARY: The Privacy Act of 1974 (5 U.S.C. 552a(e)(4)) requires that all agencies publish in the **Federal Register** a notice of the existence and character of their systems of records. Notice is hereby given that the Department of Veterans Affairs (VA) is amending the system of records entitled, "Gulf War Registry—VA" (93VA131) as set forth in the **Federal Register** 66 FR 64072–64075, December 11, 2001. VA is amending the system by revising the System Location, Categories of Records in the System, the Authority for Maintenance of the System, the Purpose(s) of the System, the Routine Uses of Records Maintained in the System, including Categories of Users and the Purposes of Such Uses, and the Policies and Practices for Storing, Retrieving, Accessing, Retaining and Disposing of Records in the System. VA is republishing the system notice in its entirety.

DATES: Comments on the establishment of this system of records must be received no later than February 20, 2004. If no public comment is received, the amended system will become effective February 20, 2004.

ADDRESSES: You may mail or hand-deliver written comments concerning the proposed amended system of records to the Director, Regulations Management (00REG1), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420; or fax comments to (202) 273–9026; or email comments to "OGCRegulations@mail.va.gov". All relevant material received before February 20, 2004 will be considered. Comments will be available for public inspection at the above address in the Office of Regulations Management, Room 1063B, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays).

FOR FURTHER INFORMATION CONTACT: Veterans Health Administration (VHA) Privacy Act Officer (19F2), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420, (727) 320–1839.

SUPPLEMENTARY INFORMATION: The Gulf War Registry (GWR), located at the Austin Automation Center (AAC), Austin, Texas, is an automated integrated system. The registry contains demographic and medical data of registry examinations from August 2, 1990, until such time as Congress by law ends the Gulf War, for veterans serving in the Southwest Asia theatre of operations during the Gulf War who

may have been exposed to a toxic substance or environmental hazard. There is also registry data on veteran's spouse or children suffering from an illness or disorder (including birth defects, miscarriages, or stillbirth) that cannot be disassociated from the veteran's service in the Southwest Asia theatre of operations.

These data are entered manually on code sheets by VA facility staff or, in the case of veterans' spouses and children, by VA or non-VA clinicians. Hard copies of these code sheets then are sent to the AAC for entry into the GWR data set. The principal identifiers in these GWR records are the Social Security Number and veteran's name. The GWR system of records located at VA Central Office, Washington, DC, is an optical disk system containing images of paper records, *i.e.*, Gulf War (GW) code sheets. Once these paper records are scanned on optical disks, they are disposed of in accordance with VHA Records Control Schedule (RCS) 10–1.

The System Location has been amended to include the GWR system's change to a secure web-based data entry procedure. The process moved to a secure web-based data entry system at each VA facility during the first quarter of calendar year 2003. The secure web-based data entry system is maintained by the AAC and provides retrievable images to users. The optical disk system is currently being utilized where there is no access to the secure web-based system. However, the optical disk system for images of paper records, *i.e.*, GW code sheets, is scheduled to be discontinued in 2004 and all access to the GWR system will be through the secure web-based data entry system.

The Categories of Records in the System has been amended to change the phrase "signature of examiner" to "signature of examiner/environmental health clinician" and to delete the phrase "whether veteran consented to having the DU questionnaire data shared with the Department of Defense" as the Department of Defense no longer requires this information from the Department of Veterans Affairs.

The Authority for Maintenance of the System has been amended to delete a duplicate reference to U.S.C. 1710(e)(1)(B).

The Purpose(s) of this GWR system of records has been amended to add a reference to examinations by VA clinicians. The purpose of the system is to provide information about veterans who have had a GWR examination at a VA facility, and their spouses and/or children who have had examinations by VA or non-VA clinicians. The records may be used to assist researchers in

generating hypotheses for research studies; to enable management to track patient demographics; to assist in planning the delivery of health care services, including the associated costs; and, to possibly be used in the adjudication of claims perhaps related to exposure to a toxic substance or environmental hazard.

VA is proposing to amend the following routine use disclosures of information to be maintained in the system:

- Routine use number seven (7) is being amended in its entirety. VA must be able to comply with the requirements of agencies charged with enforcing the law and conducting investigations. VA must also be able to provide information to state or local agencies charged with protecting the public's health as set forth in state law. The routine use will be as follows:

On its own initiative, VA may disclose information, except for the names and home addresses of veterans and their dependents, to a Federal, state, local, tribal or foreign agency charged with the responsibility of investigating or prosecuting civil, criminal or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, rule or order issued pursuant thereto. On its own initiative, VA may also disclose the names and addresses of veterans and their dependents to a Federal agency charged with the responsibility of investigating or prosecuting civil, criminal or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, rule or order issued pursuant thereto.

The Privacy Act permits VA to disclose information about individuals without their consent for a routine use when the information will be used for a purpose that is compatible with the purpose for which VA collected the information. In all of the routine use disclosures described above, the recipient of the information will use the information in connection with a matter relating to one of VA's programs, will use the information to provide a benefit to VA, or disclosure is required by law.

Under section 264, Subtitle F of Title II of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Public Law 104–191, 100 Stat. 1936, 2033–34 (1996), the United States Department of Health and Human Services (HHS) published a final rule, as amended, establishing Standards for Privacy of Individually-Identifiable Health Information, 45 CFR parts 160 and 164. VHA may not disclose individually-identifiable health information (as defined in HIPAA and

the Privacy Rule, 42 U.S.C. 1320(d)(6) and 45 CFR 164.501) pursuant to a routine use unless either: (a) the disclosure is required by law, or (b) the disclosure is also permitted or required by the HHS Privacy Rule. The disclosures of individually-identifiable health information contemplated in the routine uses published in this amended system of records notice are permitted under the Privacy Rule or required by law. However, to also have authority to make such disclosures under the Privacy Act, VA must publish these routine uses. Consequently, VA is publishing these routine uses and is adding a preliminary paragraph to the routine uses portion of the system of records notice stating that any disclosure pursuant to the routine uses in this system of records notice must be either required by law or permitted by the Privacy Rule before VHA may disclose the covered information.

The Storage section of Policies and Practices for Storing, Retrieving, Accessing, Retaining and Disposing of Records in the System has been amended to address the data collection process move to a web-based system.

References throughout the system notice to VA Headquarters have been amended to VA Central Office.

The Report of Intent to Publish an Amended System of Records and an advance copy of the system notice have been sent to the appropriate Congressional committees and to the Director of Office of Management and Budget (OMB) as required by 5 U.S.C. 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.

Approved: December 29, 2003.

Anthony J. Principi,
Secretary of Veterans Affairs.

93VA131

SYSTEM NAME:

Gulf War Registry-VA.

SYSTEM LOCATION:

Character-based data from Gulf War Registry Code Sheets are maintained in a registry dataset at the Austin Automation Center (AAC), 1615 Woodward Street, Austin, Texas 78772. Since the dataset at the AAC is not all-inclusive, *i.e.*, narratives, signatures, noted on the code sheets are not entered into this system, images of the code sheets are maintained at the Department of Veterans Affairs (VA), Environmental Agents Service (131), 810 Vermont Avenue, NW., Washington, DC 20420. These are electronic images of paper records, *i.e.*, code sheets and questionnaires that are stored on optical

disks. With the transition to a web-based data entry system, this optical disk system will be discontinued in 2004. Images of code sheets are accessible in the web-based data entry system.

CATEGORIES OF INDIVIDUALS COVERED BY THIS SYSTEM:

Veterans who may have been exposed to toxic substances or environmental hazard while serving in the Southwest theatre of operations during the Gulf War from August 2, 1990, until such time as Congress by law ends the Gulf War, and have had a Gulf War Registry (GWR) examination at a VA medical facility. Also, a spouse or child suffering from an illness or disorder (including birth defects, miscarriages, or stillbirth), which cannot be disassociated from the veteran's service in the Southwest Asia theatre of operations and who has had a GWR examination performed by a VA or non-VA clinician.

CATEGORIES OF RECORDS IN THE SYSTEM:

These records consist of code sheet records recording VA facility code identifier where veteran was examined or treated; veteran's name; address; social security number; date of birth; race/ethnicity; marital status; sex; branch of service; periods of service; hospital status, *i.e.*, inpatient; outpatient; areas of service in the Gulf War theatre of operations; list of military units where veteran served; military occupation specialty; names of units in which veteran served; veteran's reported exposure to environmental factors; any traumatic experiences while in the Gulf War; veteran's self-assessment of health; veteran's functional impairment; report of birth defects and infant death(s) among veteran's children and/or problems with pregnancy and infertility; date of registry examination; veteran's complaints/symptoms; consultations; diagnoses; disposition (hospitalized, referred for outpatient treatment, *etc.*); whether veteran had an unexplained illness and had further tests and consultations and diagnoses as part of a Phase II, Uniform Case Assessment Examination; and name and signature of examiner/clinician coordinator, when provided. Similar responses for spouse and children of Gulf War veterans examined by non-VA physicians are contained in the records.

Another category of data entries is obtained from depleted uranium (DU) questionnaires, a supplement to the Gulf War code sheet. The data entries may contain the facility identifier where the information was completed; demographic information (name and

social security number); daytime and evening phone numbers; date of questionnaire completion; date of arrival in and departure from the Gulf War theatre of operations; source of referral to VA medical center for evaluation; where veteran served (*i.e.*, Iraq, Kuwait, Saudi Arabia, the neutral zone [between Iraq and Saudi Arabia], Bahrain, Qatar, the United Arab Emirates, Oman, Gulf of Aden, Gulf of Oman and the Waters of the Persian Gulf, Arabian Sea and Red Sea); capacity in which veteran served; questions relating to potential inhalation exposures to DU including those on, in, or near vehicles hit with friendly fire or enemy fire, entering burning vehicles, individuals near fires involving DU munitions, individuals salvaging damaged vehicles, and those near burning vehicles; whether veteran was wounded, retained DU fragments in veteran's body, handled DU penetrator rounds or any other exposures to DU; whether a 24-hour urine collection for uranium was performed; name, title and signature of examiner/environmental health clinician, when provided, and results of urine uranium tests, expressed per microgram per gram creatinine.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Title 38, United States Code (U.S.C.) 1710(e)(1)(B) and § 1720E.

PURPOSE(S):

The records will be used for the purpose of providing information about: Veterans who have had a GWR examination at a VA facility and their spouses and/or children who have had examinations by VA or non-VA clinicians to assist in generating hypotheses for research studies; providing management with the capability to track patient demographics; reporting birth defects among veterans' children and grandchildren; planning the delivery of health care services and associated cost; and assisting in the adjudication of claims possibly related to exposure to a toxic substance or environmental hazard.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

VA may disclose protected health information pursuant to the following routine uses where required by law, or required or permitted by 45 CFR parts 160 and 164.

1. The record of an individual who is covered by this system may be disclosed to a member of Congress or staff person acting for the member when the member or staff person requests the record on

behalf of, and at the written request of, that individual.

2. Disclosure of records covered by this system, as deemed necessary and proper to named individuals serving as accredited service organization representatives, and other individuals named as approved agents or attorneys for a documented purpose and period of time, to aid beneficiaries in the preparation and presentation of their cases during the verification and/or due process procedures, and in the presentation and prosecution of claims under laws administered by VA.

3. A record containing the name(s) and address(es) of present or former members of the armed services and/or their dependents may be released from this system of records under certain circumstances:

a. To any nonprofit organization if the release is directly connected with the conduct of programs and the utilization of benefits under Title 38, and

b. To any criminal or civil law enforcement governmental agency or instrumentality charged under applicable law with the protection of the public health or safety if a qualified representative of such organization, agency or instrumentality has made a written request that such name(s) or address(es) be provided for a purpose authorized by law; provided, further, that the record(s) will not be used for any purpose other than that stated in the request and that the organization, agency or instrumentality is aware of the penalty provision of 38 U.S.C. 5701(f).

4. Disclosure may be made to the National Archives and Record Administration (NARA) in records management inspections conducted under authority of Title 44 United States Code.

5. Disclosure of information, excluding name and address (unless name and address is furnished by the requestor) for research purposes determined to be necessary and proper, to epidemiological and other research facilities approved by the Under Secretary for Health.

6. In order to conduct Federal research necessary to accomplish a statutory purpose of an agency, at the written request of the head of the agency, or designee of the head of that agency, the name(s) and address(es) of present or former personnel or the Armed Services and/or their dependents may be disclosed

a. to a Federal department or agency, or

b. directly to a contractor of a Federal department or agency. When a disclosure of this information is to be

made directly to the contractor, VA may impose applicable conditions on the department, agency, and/or contractor to ensure the appropriateness of the disclosure to the contractor.

7. VA may disclose on its own initiative any information in this system, except the names and home addresses of veterans and their dependents, which is relevant to a suspected or reasonably imminent violation of law, whether civil, criminal or regulatory in nature and whether arising by general or program statute or by regulation, rule or order issued pursuant thereto, to a Federal, state, local, tribal, or foreign agency charged with the responsibility of investigating or prosecuting such violation, or charged with enforcing or implementing the statute, regulation, rule or order. On its own initiative, VA may also disclose the names and addresses of veterans and their dependents to a Federal agency charged with the responsibility of investigating or prosecuting civil, criminal or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, rule or order issued pursuant thereto.

8. For program review purposes and the seeking of accreditation and/or certification, disclosure may be made to survey teams of the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), College of American Pathologists, American Association of Blood Banks, and similar national accreditation agencies or boards with whom VA has a contract or agreement to conduct such reviews but only to the extent that the information is necessary and relevant to the review.

9. Records from this system of records may be disclosed to the Department of Justice (DOJ) or in a proceeding before a court, adjudicative body, or other administrative body before which the Department is authorized to appear when: (a) The Department, or any component thereof; or (b) any employee of the Department in his or her official capacity where the DOJ or the Department has agreed to represent the employee; or (c) the U.S., when the Department determines that litigation is likely to affect the Department or any of its components; is a party to litigation, and has an interest in such litigation, and the use of such records by the DOJ or the Department is deemed by the Department to be relevant and necessary to the litigation provided, however, that the disclosure is compatible with the purpose for which the records were collected.

10. Relevant information may be disclosed to individuals, organizations, private or public agencies, etc., with

whom VA has a contract or agreement to perform such services as VA may deem practical for the purposes of laws administered by VA, in order for the contractor to perform the services of the contract or agreement.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

In 2003, the data collection process moved to a secure web-based system. Data previously recorded manually and converted to electronic format is now input through the secure VA Intranet system. Data is stored on a web server hosted by the AAC and is retrievable by the facility. Three levels of access are provided for the data that is input, using password security linked to the AAC Top Secret Security system, with mandated changes every 90 days. Data from individual facilities is uploaded nightly and stored on Direct Access Storage Devices at the AAC, Austin, Texas, and on optical disks at VA Central Office, Washington, DC. AAC stores registry tapes for disaster back up at an off-site location. VA Central Office also has back-up optical disks stored off-site. In addition to electronic data, registry reports are maintained on paper documents and microfiche.

The optical disk system is currently being utilized where there is no access to the secure web-based system. The optical disk system is scheduled to be discontinued in 2004 and all access to the GWR system will be through the secure web-based data entry system. Records will be maintained and disposed of in accordance with records disposition authority approved by the Archivist of the United States.

RETRIEVABILITY:

Records are indexed by name of veteran and social security number.

SAFEGUARDS:

Access to records at VA Central Office is only authorized to VA personnel on a "need to know" basis. Records are maintained in manned rooms during working hours. During non-working hours, there is limited access to the building with visitor control by security personnel. Registry data maintained at the AAC can only be updated by authorized AAC personnel.

Data is securely located behind the VA firewall and only accessible from the VA Local Area Network (LAN) through the VA Intranet. Read access to the data is granted through a telecommunications network to authorized VA Central Office staff. AAC reports are also accessible through a

telecommunications network on a read-only basis to the owner (VA facility) of the data. Access is limited to authorized employees by individually unique access codes which are changed periodically.

Physical access to the AAC is generally restricted to AAC staff, VA Central Office staff, custodial personnel, Federal Protective Service and authorized operational personnel through electronic locking devices. All other persons gaining access to the computer rooms are escorted. Backup records stored off-site for both the AAC and VA Central Office are safeguarded in secured storage areas. A disaster recovery plan is in place and system recovery is tested at an off-site facility in accordance with established schedules.

RETENTION AND DISPOSAL:

Records will be maintained and disposed of in accordance with records disposition authority approved by the Archivist of the United States.

SYSTEM MANAGER(S) AND ADDRESS:

Director, Environmental Agents Service (131), Office of Public Health and Environmental Hazards, (clinical issues) and Management/Program Analyst, Environmental Agents Service (131) (administrative issues), VA Central Office, 810 Vermont Avenue, NW., Washington, DC 20420.

NOTIFICATION PROCEDURE:

An individual who wishes to determine whether a record is being maintained in this system under his or her name or other personal identifier, or wants to determine the contents of such record, should submit a written request or apply in person to the last VA facility where medical care was provided or submit a written request to the Director, Environmental Agents Service (131), Office of Public Health and Environmental Hazards or the Management/Program Analyst, Environmental Agents Service (131), VA Central Office, 810 Vermont Avenue, NW., Washington, DC 20420. Inquiries should include the veteran's name, social security number, and return address.

RECORD ACCESS PROCEDURES:

An individual who seeks access to records maintained under his or her name may write or visit the nearest VA facility or write to the Director, Environmental Agents Service (131) or the Management/Program Analyst, Environmental Agents Service (131), VA Central Office, 810 Vermont Avenue, NW., Washington, DC 20420.

CONTESTING RECORDS PROCEDURES:

(See "Record Access Procedures.")

RECORD SOURCE CATEGORIES:

VA patient medical records, various automated record systems providing clinical and managerial support to VA health care facilities, the veteran, family members, and records from the Veterans Benefits Administration, Department of Defense, Department of the Army, Department of the Air Force, Department of the Navy and other Federal agencies.
