

See Brass Sheet and Strip from Canada: Notice of Final Results of Antidumping Administrative Review, 57 FR 20460, 20462 (May 13, 1992) (*Canadian Brass*). While no single factor or combination of factors will necessarily be dispositive, the Department generally will consider the new company to be the successor to the predecessor company if the resulting operations are essentially the same as those of the predecessor company. *See, e.g., Industrial Phosphoric Acid from Israel: Final Results of Changed Circumstances Review*, 59 FR 6944, 6945 (February 14, 1994), and *Canadian Brass*, 57 FR 20460. Thus, if the record evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, the Department may assign the new company the cash deposit rate of its predecessor. *See, e.g., Fresh and Chilled Atlantic Salmon from Norway: Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 64 FR 9979, 9980 (March 1, 1999).

We have examined the information provided by Tyco and determined that Tyco is the successor-in-interest to Manuli. Tyco's acquisition of Manuli has precipitated minimal changes to the original Manuli corporate structure. Tyco's management, production facilities, supplier relationships, sales facilities and customer base are essentially unchanged from those of Manuli's. Therefore, the record evidence demonstrates that the new entity essentially operates in the same manner as the predecessor company. Consequently, we determined that Tyco should receive the same antidumping duty treatment as Manuli, *i.e.*, zero percent antidumping duty cash deposit rate.

The cash deposit determination from this changed circumstances review will apply to all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this changed circumstances review. *See Granular Polytetrafluoroethylene Resin from Italy: Final Results of Antidumping Duty Changed Circumstances Review*, 68 FR 25327 (May 12, 2003). This deposit rate shall remain in effect until publication of the final results of the next administrative review in which Tyco participates.

Notification

This notice serves as a final reminder to parties to administrative protective orders (APOs) of their responsibility

concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(5). Failure to timely notify the Department in writing of the return/destruction of APO material is a sanctionable violation.

This notice is in accordance with sections 751(b) and 777(i)(1) of the Act, and section 351.221(c)(3)(i) of the Department's regulations.

Dated: March 19, 2004.

International Trade Administration

[A-580-853]

Notice of Postponement of Final Antidumping Duty Determination: Wax and Wax/Resin Thermal Transfer Ribbons From the Republic of Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Postponement of final antidumping duty determination.

EFFECTIVE DATE: March 25, 2004.

FOR FURTHER INFORMATION CONTACT: Fred Baker or Robert James, AD/CVD Enforcement Office 8, Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-2924 or (202) 482-0649, respectively.

SUMMARY: The Department of Commerce (the Department) is postponing the final determination in the antidumping duty investigation of wax and wax/resin thermal transfer ribbons from the Republic of Korea from March 22, 2004 to March 29, 2004.

SUPPLEMENTARY INFORMATION:

Background

On December 22, 2003, the Department published its Notice of Preliminary Determination of Sales at Not Less Than Fair Value: Wax and Wax/Resin Thermal Transfer Ribbons From the Republic of Korea (68 FR 71078). The preliminary determination was negative. The notice stated the Department would issue its final determination no later than 75 days after the date of the preliminary determination (December 16, 2003).

Section 19 CFR 351.210(b)(2)(i) allows for a postponement of the final

determination until not later than 135 days after the date of publication of the preliminary determination at the request of the petitioner, when the preliminary determination was negative.

On February 12, 2004 the Department postponed the final determination to March 22, 2004 at the request of the petitioner. *See* Notice of Postponement of Final Antidumping Duty Determination: Wax and Wax/Resin Thermal Transfer Ribbons from the Republic of Korea, 69 FR 6941 (February 12, 2004).

Postponement of Final Determination

On March 16, 2004, the Department received a request from the petitioner, International Imaging Materials, Inc. (IIMAK), that the Department postpone the final determination until March 29, 2004. IIMAK made this request under section 19 CFR 351.210(b)(2)(i) which, as noted above, allows the petitioner to request a postponement of the final determination if the preliminary determination was negative. There are no compelling reasons for the Department to deny petitioner's request. Therefore, pursuant to section 19 CFR 351.210(b)(2)(i), the Department is postponing the deadline for issuing the final determination until March 29, 2004.

This notice of postponement is in accordance with section 735(a)(2)(B) of the Tariff Act of 1930, as amended, and 19 CFR 351.210(b)(2).

Dated: March 19, 2004.

RIN 0648-ZA91

NOAA Climate and Global Change Program, FY 2005 Program Announcement

AGENCY: Office of Global Programs, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The Climate and Global Change Program represents a National Oceanic and Atmospheric Administration (NOAA) contribution to

evolving national and international programs designed to improve our ability to observe, understand, predict, and respond to changes in the global environment. This program builds on NOAA's mission requirements and long-standing capabilities in global change research and prediction. The NOAA Program is a key contributing element of the U.S. Climate Change Science Program (CCSP), which is coordinated by the interagency Committee on Environmental and Natural Resources. NOAA's program is designed to complement other agencies' contributions to that national effort.

DATES: Letters of Intent should be received by 5 p.m. Eastern Time April 14, 2004. Full proposals must be received at the Office of Global Programs no later than 5 p.m. Eastern Time May 24, 2004.

ADDRESSES: Full Proposals must be submitted to: Grants Manager, Office of Global Programs, National Oceanic and Atmospheric Administration, 1100 Wayne Avenue, Suite 1210, Silver Spring, MD 20910-5603. Letters of Intent should be submitted by e-mail to ogpgrants@noaa.gov or may be mailed to the address above.

FOR FURTHER INFORMATION CONTACT: Diane S. Brown, Grants Manager (see **ADDRESSES**), phone at 301-427-2089, ext. 107, fax to 301-427-2082, or e-mail at ogpgrants@noaa.gov.

SUPPLEMENTARY INFORMATION: *Electronic Access:* Applicants should read the full text of the full funding opportunity announcement which can be accessed at the OGP Web site: <http://www.ogp.noaa.gov> or the central NOAA site: www.ofa.noaa.gov/~amd/SOLINDEX.HTML. This announcement will also be available through Grants.gov at <http://www.Grants.gov>. The standard NOAA application kit is available on the OGP Web site at: <http://www.opg.noaa.gov/grants/appkit.htm>.

Evaluation and Selection Procedures: NOAA published its first omnibus notice announcing the availability of grant funds for both projects and fellowships/scholarship/internships for Fiscal Year 2004 in the **Federal Register** on June 30, 2003 (68 FR 38678). The evaluation criteria and selection procedures contained in the June 30, 2003 omnibus notice are applicable to this solicitation. For a copy of the June 30, 2003 omnibus notice please go to: <http://www.ofa.noaa.gov/~amd/SOLINDEX.HTML>.

Funding Availability: Please be advised that actual funding levels will depend upon the final FY 2005 budget appropriations. In FY 2003, \$8.2M in

first year funding was available for 63 new awards; similar funds and number of awards are anticipated in FY 2004 and FY 2005. We anticipate that the annual cost of most funded projects will fall between \$50,000 and \$200,000 per year. Current plans assume that 100% of the total resources provided through this announcement will support extramural efforts, particularly those involving the broad academic community. Past or current grantees funded under this announcement are eligible to apply for a new award which builds on previous activities or areas of research not covered in the previous award. Current grantees should not request supplementary funding for ongoing research through this announcement. This program will not cover tuition remission for graduate students above \$2,500/year or computing and networking services above \$1,000/year per grant.

Statutory Authority: 49 U.S.C. 44720 (b); 33 U.S.C. 883d; 15 U.S.C. 2904; 15 U.S.C. 2931-2934.

CFDA: No. 11.431, Climate and Atmospheric Research.

Eligibility: Eligible applicants are institutions of higher education, other nonprofits, commercial organizations, international organizations, state, local and Indian tribal governments. Federal agencies or institutions are not eligible to receive Federal assistance under this notice.

Cost Sharing Requirements: Cost Sharing is not required.

Letters of Intent: The purpose of the LOI process is to provide information to potential applicants on the relevance of their proposed project to the Climate and Global Change Program and the likelihood of it being funded in advance of preparing a full proposal. While it is in the best interest of the applicants and their institutions to submit an LOI explaining the work they propose to carry out and how much it will cost, it is not a requirement; applicants who do not submit an LOI are allowed to submit a full proposal. A panel of program managers will review each LOI to determine its responsiveness to the program goals as advertised in this notice and will provide an e-mail or letter response.

Limitation of Liability: Funding for the programs listed in this notice are contingent upon the availability of Fiscal Year 2005 appropriations. In no event will NOAA or the Department of Commerce be responsible for proposal preparation costs if these programs fail to receive funding or are cancelled because of other agency priorities. Publication of this announcement does

not oblige NOAA to award any specific project or to obligate any available funds.

National Environmental Policy Act (NEPA)

NOAA must analyze the potential environmental impacts, as required by the National Environmental Policy Act (NEPA), for applicant projects or proposals which are seeking NOAA federal funding opportunities. Detailed information on NOAA compliance with NEPA can be found at the following NOAA NEPA Web site: <http://www.nepa.noaa.gov/>, including our NOAA Administrative Order 216-6 for NEPA, <http://www.nepa.noaa.gov/NAO216-6-TOC.pdf>, and the Council on Environmental Quality implementation regulations, http://ceq.eh.doe.gov/nepa/regs/ceq/toc_ceq.htm. Consequently, as part of an applicant's package, and under their description of their program activities, applicants are required to provide detailed information on the activities to be conducted, locations, sites, species and habitat to be affected, possible construction activities, and any environmental concerns that may exist (e.g., the use and disposal of hazardous or toxic chemicals, introduction of non-indigenous species, impacts to endangered and threatened species, aquaculture projects, and impacts to coral reef systems). In addition to providing specific information that will serve as the basis for any required impact analyses, applicants may also be requested to assist NOAA in drafting of an environmental assessment, if NOAA determines an assessment is required. Applicants will also be required to cooperate with NOAA in identifying and implementing feasible measures to reduce or avoid any identified adverse environmental impacts of their proposal. The failure to do so shall be grounds for the denial of an application.

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements: The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of October 1, 2001 (67 FR 49917), as amended by the **Federal Register** notice published on October 30, 2002 (67 FR 66109), are applicable to this solicitation.

Paperwork Reduction Act

This document contains collection-of-information requirements subject to the Paperwork Reduction Act (PRA). The use of Standard Forms 424 and 424A, 424B, SF-LLL, and CD-346 have been approved by OMB under the respective

control numbers 0348-0043, 0348-0044, 0348-0040, 0348-0046, and 0605-0001. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA unless that collection of information displays a currently valid OMB control number.

Executive Order 12866

This notice has been determined to be not significant for purposes of Executive Order 12866.

Executive Order 13132 (Federalism)

It has been determined that this notice does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

Intergovernmental Review

Applications under this program are not subject to Executive Order 12372, "Intergovernmental Review of federal programs."

Administrative Procedure Act/Regulatory Flexibility Act

Prior notice and an opportunity for public comments are not required by the Administrative Procedure Act or any other law for this notice concerning grants, benefits, and contracts (5 U.S.C. section 553(a)). Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 et seq) are inapplicable. Therefore, a regulatory flexibility analysis has not been prepared.

SUPPLEMENTARY INFORMATION:

I. Abstract

This collection of information is required by Sections 13 (15 U.S.C. 1063), 14 (15 U.S.C. 1064), and 20 (15 U.S.C. 1070) of the Trademark Act. The Act provides for the Federal registration of trademarks and service marks. Any individual or entity that adopts a trademark or service mark to identify its goods or services may apply to federally register its mark. Section 14 of the Trademark Act allows individuals and entities to file a petition to cancel a registration of a mark, while Section 13 allows individuals and entities who
