This Notice also lists the following information:

Title of Proposal: Survey of Neighborhood Networks Centers—Amended Title: Neighborhood Networks Data Collection Management and Tracking Data Collection Instruments.

OMB Control Number, if applicable: 2502-0553.

Description of the need for the information and proposed use: Launched by HUD's Office of Multifamily Housing Programs in September 1995, Neighborhood Networks is a community-based initiative that encourages the development of resource and community technology centers in HUD insured and assisted housing. In 2003, HUD conducted a national survey of Neighborhood Networks center directors to document center characteristics and identify commonalities and trends to guide the direction of the Neighborhood Networks initiative.

The Office of Multifamily Housing Programs is requesting clearance for a more comprehensive data collection instrument in 2004. The data collection is designed with the objective of merging information currently captured in a paper business plan with data currently collected through the survey of center directors. This approach will be a multi-step iterative process as the business plan is evolving from a paper submission to an enhanced and more comprehensive online tool known as START—the Strategic Tracking and Reporting Tool. Once the transition is complete, START will be the mechanism by which all center data are collected.

Agency form numbers, if applicable: None.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: There are approximately 1200 Neighborhood Networks Centers located in HUD insured and assisted housing properties. The hourly burden per respondent for the one-time telephone survey is estimated at 40 minutes. The hourly burden for referencing and completing the Data Collection Worksheet (if necessary) is estimated at 30 minutes. The survey response rate is estimated at 70 percent, resulting in an overall response burden of 560 hours for the telephone survey.

A response rate of 70 percent and 30 minutes to gather data will result in an overall response burden of 420 hours for completing the Data Collection Worksheet. The total annualized burden is estimated at 980 hours.

The hourly burden per respondent for the online business plan and reporting tool (START) is estimated at 3.5 hours. This includes time for reviewing and completing the workbook and users guide. Approximately 80 of the 1200 Neighborhood Networks centers currently in operation are using START—a participation rate of approximately 7 percent. It is anticipated that online business plan development and reporting will increase to roughly 10 percent over the next few months. A participation rate of 10 percent and an average of 3.5 hours to complete the tool will result in an overall annual response burden of 420 hours.

Approximately 800 (or 67 percent) of the 1,200 Neighborhood Networks centers currently have a formal paper business plan. Based on an average of 2 hours to complete/update a business plan, the estimated overall annual response burden is 1,600 hours.

Status of the proposed information collection: Revision of a currently approved collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: March 29, 2004.

Sean G. Cassidy,

General Deputy Assistant Secretary for Housing-Deputy Federal Housing Commissioner.

Multifamily Inventory of Units for the Elderly and Persons With Disabilities

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: This notice announces HUD's "Multifamily Inventory of Units for the Elderly and Persons with Disabilities" (Inventory). The Inventory is designed to assist prospective applicants with locating units in certain projects with FHA insured financing and HUD subsidized multifamily properties that serve the elderly or persons with disabilities. HUD will update the Inventory on an annual basis to reflect changes in property status and to reflect new projects available for occupancy.

FOR FURTHER INFORMATION CONTACT:

Kimberly Munson, Office of Asset Management, Policy and Participation Standards Division, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410-8000; telephone number (202) 708-1320 (this telephone number is not toll-free). SUPPLEMENTARY INFORMATION: Title VI, subtitle D of the Housing and

Community Development Act of 1992 (42 U.S.C. 13611) (Title VI-D) authorizes owners of certain section 8 subsidized projects and other federally assisted projects to elect preferences or to continue occupancy restrictions for the elderly. Although owners are not required to notify HUD of elections under Title VI-D, HUD reserves the right at any time to verify the accuracy of an owner's preferences or restrictions.

The House Appropriations Committee in its Committee Report on Fiscal Year 2000 appropriations for HUD, directed HUD to "establish, maintain, and publish annually, an inventory of all housing that is designated in whole or in part for occupancy by elderly families, disabled families, or both. The inventory shall include, but not be limited to, the number of apartments in buildings designated for occupancy only by disabled families, and the number of apartments in buildings with special features designed to accommodate disabled persons." The Committee also directed HUD to work with the Committee in developing this inventory.

Accordingly, today's notice announces HUD's Multifamily Inventory of Units for the Elderly and Persons with Disabilities (Inventory). As noted above, the Inventory is designed to assist prospective applicants with locating units in certain projects with FHA insured financing and HUD subsidized multifamily properties that serve the elderly or persons with disabilities. The Inventory will be updated annually to reflect changes in property status and to add new projects available for occupancy.

This notice further advises of the availability of the Inventory on the Web, which can be accessed at <http://www.hud.gov/offices/hsg/mfh/hto/inventoriesurvey.cfm>.
