It is estimated that approximately 2,000 respondents will incur an average burden of three hours per year to comply with this rule, for a total burden of 6,000 hours. At an average cost per hour of approximately \$100, the resultant total cost of compliance for the respondents is \$600,000 per year (2,000 entities × 3 hours/entity × \$100/hour = \$600,000).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

## SECURITIES AND EXCHANGE COMMISSION

### Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Rule 155; OMB Control No. 3235-0549; SEC File No. 270-492; Rule 477; OMB Control No. 3235-0550; SEC File No. 270-493.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget requests for extension of the previously approved collections of information discussed below.

Rule 155 (OMB Control No. 3235-0549; SEC File No. 270-492) under the Securities Act of 1933 provides safe harbors for a registered offering following an abandoned private

offering, or a private offering following an abandoned registered offering, without integrating the registered and private offering in either case. Rule 155 requires any prospectus filed as a part of a registration statement after a private offering to include disclosure regarding abandonment of the private offering. Similarly, the rule requires an issuer to provide each offeree in a private offering following an abandoned registered offering with: (1) Information concerning withdrawal of the registration statement; (2) the fact that the private offering is unregistered; and (3) the legal implications of the offering's unregistered status. The likely respondents will be companies. All information submitted to the Commission is available to the public for review. Companies only need to satisfy the Rule 155 information requirements if they wish to take advantage of the rule's safe harbors. The Rule 155 information is required only on occasion. We estimate that 600 issuers will file Rule 155 submissions annually at an estimated 4 hours per response. We also estimate that 50% of the 2,400 total annual burden hours (1,200 burden hours) would be prepared by the company. We estimate that the remaining 50% of the burden hours is prepared by outside counsel.

Securities Act Rule 477 (OMB 3235-0550; SEC File No. 270-493) sets forth procedures for withdrawing a registration statement or any amendment or exhibits thereto. The rule provides that if a registrant applies for withdrawal in anticipation of reliance on Rule 155's registered-to-private safe harbor, the registrant must state in the withdrawal application that the registrant plans to undertake a subsequent private offering in reliance on the rule. Without this statement, the Commission would not be able to monitor issuers' reliance on, and compliance with, Rule 155(c). The likely respondents will be companies. All information submitted to the Commission under Rule 477 is available to the public for review. Information provided under Rule 477 is mandatory. The information is required on occasion. It is estimated that 300 issuers will file Rule 477 submissions annually at an estimated one hour per response for a total annual burden of 300 hours. We estimate that 100% of the reporting burden is prepared by the issuer.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Written comments regarding the above information should be directed to
