

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

No written comments were either solicited or received.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Phlx has filed the proposed rule change pursuant to section 19(b)(3)(A) of the Act<sup>10</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>11</sup> Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) is not proposed to become operative for 30 days, or such shorter time as the Commission may designate, and the Phlx provided the Commission with written notice of its intent to file the proposed rule change at least five business days prior to the filing date, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Phlx has requested that the Commission waive the 30-day operative delay to allow the proposed Index split and corresponding increases in the position and exercise limits applicable to BKK options to occur without delay.

The Commission finds that waiving the 30-day operative delay is consistent with the protection of investors and the public interest.<sup>12</sup> Specifically, the Commission believes that allowing the Phlx to implement the proposed ten-for-one split of the Phlx/KBW Bank Index will facilitate a more liquid trading environment and make the BKK product more accessible to investors. Waiving the 30-day operative delay will permit the Exchange community (specialists, broker-dealers, and retail customers) a full expiration month's notice before the changes specified in the proposal take effect following the March 2004 expiration date, and will assist Phlx in implementing the proposed Index split

in an orderly manner. Accordingly, the Commission designates the proposal to be operative immediately.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.<sup>13</sup>

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Comments may also be submitted electronically at the following e-mail address: *rule-comments@sec.gov*. All comment letters should refer to File No. SR-Phlx-2004-13. The file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, comments should be sent in hardcopy or by e-mail but not by both methods.

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to the File No. SR-Phlx-2004-13 and should be submitted by March 22, 2004.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>14</sup>

[Release No. 34-49311; File No. SR-Phlx-2003-72]

**Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Order Granting Approval of Proposed Rule Change To Reduce Strike Prices for Index Options**

February 24, 2004.

On December 4, 2003, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to amend Phlx Rule 1101A ("Terms of Option Contracts") to provide that strike price intervals for index options<sup>3</sup> shall be \$2.50 for the three consecutive near-term months, \$5 for the fourth month, and \$10 for the fifth month. The proposed rule change was published for comment in the **Federal Register** on January 21, 2004.<sup>4</sup> The Commission received no comments on the proposal. This order approves the proposed rule change.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.<sup>5</sup> In particular, the Commission believes the proposal is consistent with Section 6(b)(5) of the Act<sup>6</sup> which requires, among other things, that the Exchange's rules be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission believes that by reducing strike price intervals to \$2.50 strikes for three consecutive near-term months, \$5 for the fourth month, and \$10 for the fifth month, the proposed rule change should increase the ability to trade an options series that is likely to expire in-the-money. In addition, the Commission notes that the Exchange has represented that there is sufficient
