RIN 2127–A146

Federal Motor Vehicle Theft Prevention Standard; Correction

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Correcting amendments.

SUMMARY: On April 6, 2004, the National Highway Traffic Safety Administration (NHTSA) published a final rule extending anti-theft parts marking requirements pursuant to the Anti Car Theft Act of 1992 and subsequent finding by the Attorney General. The preamble and the regulatory text of the final rule contain several typographical errors and require an application clarification.

This document corrects the typographical errors and clarifies the application of the standard.

DATES: Effective on September 1, 2006.

FOR FURTHER INFORMATION CONTACT: Mr. George Feygin, Office of Chief Counsel (Telephone: 202–366–2992) (Fax: 202–366–3820), 400 Seventh Street, SW., Washington, DC 20590.

SUPPLEMENTARY INFORMATION: On April 6, 2004, the National Highway Traffic Safety Administration (NHTSA) published a final rule extending anti-theft parts marking requirements pursuant to the Anti Car Theft Act of 1992 and subsequent finding by the Attorney General. The final rule extending parts marking requirements applies to all passenger cars; multipurpose passenger vehicles with a gross vehicle weight rating (GVWR) of 6,000 pounds or less; and certain light

trucks with a GVWR of 6,000 pounds or less. A portion of the preamble and the regulatory text require additional text to clarify that the final rule applies to all passenger cars regardless of GVWR.

In addition, the final rule contained several typographical errors and outdated citations of authority. NHTSA is publishing this correcting amendment to remedy these errors.

This amendment to the final rule is effective September 1, 2006. Making this clarification and remedying these errors will not impose any additional substantive requirements or burdens on manufacturers. Therefore, NHTSA finds for good cause that notice and opportunity for comment on these amendments are not necessary.
